The complete Bid must consist of the Contractor's Bid Pricing Form, the Non Collusion Affidavit of Bidder Form and the Form of Performance Bond. The Town does not assume any responsibility for errors or misinterpretations from the use of incomplete sets of Bid documents by Bidders.

If the unit price already entered on the Bid Form is to be altered, it shall be crossed out with ink and the new unit price bid entered above it, and initialed by the Bidder in ink.

Please include three (3) copies of your bid. The Town may consider as irregular any Bid not prepared and submitted in accordance with the provisions hereof and may reject any and all such Bids.

Any bid may be withdrawn prior to the above-scheduled time for the opening of Bid or authorized postponement thereof.

Any Bid received after the time and date specified will be rejected and will remain unopened.

3. Bid Security and Evidence of Insurance

Each Bid must be accompanied by a certified or cashier's check or by a Bid Bond made payable to the Town of Summerville for an amount equal to the Total Contract Cost for six months. The amount of said Total Contract Cost for six months shall be determined by multiplying the Required Total amount on the Bid Form by 15,400 units and multiplying that total by six (6) months. Checks and bonds will be returned promptly after the Town and the selected Bidder have executed the Contract, or if no Bid has been selected within ninety (90) days after the date of the opening Bid, upon demand of the Bidder at any time thereafter, so long as it has not been notified of the acceptance of its Bid.

Premium for a Bid Bond shall be paid by the Bidder. A certificate from the surety, showing that the bond premium for such Bid Bond is paid in full shall accompany the Bid Bond.

In case of the Bidder's refusal or failure to do so within thirty (30) days after its receipt of formal notice of award, Bidder will be deemed to have abandoned all right to and interest in the award of the Contract, and Bidder's Bid Security as set forth in Section 3 herein may be declared forfeited to the Town as liquidated damages, and the award of the Contract may then be made to the next best qualified Bidder or the work re-advertised for Bids as the Town may elect in its sole discretion. Such forfeited security shall be the sole remedy of the Town for a Bidder's failure to honor its proposal.

5. Security for Performance

The Bid shall be accompanied by a letter from a corporate surety satisfactory to the Town stating that a Performance Bond in the amount equal to the Total Contract Cost

designated in the Bid Form will be furnished by it to such Bidder in the event that its Bid is accepted by the Town. Any Bid received without a bid bond and letter stating the contractor is worthy of the performance bond will be considered non-responsive.

In the event of default by the Bidder/Contractor in regard to any of the provisions of this agreement or the contract documents, the Town's remedies for breach or failure to perform shall be any available legal or equitable remedy, including without limitation a demand under the terms of the Performance Bond, termination of this Agreement, and or any action for damages and/or equitable relief. The Town shall give Proposer/Contractor written notice of any default by Proposer/Contractor hereunder and Proposer/Contractor shall have five (5) days after the receipt of said written notice, in order to cure said default or in the event that such default cannot be cured within a five (5) day period, to commence curing said default.

Premium for the Performance Bond shall be paid by the Bidder. A certificate from the surety, showing that the bond premium for such Performance Bond is paid in full shall accompany the Performance Bond.

A Form of Performance Bond is attached to the General Specifications.

The surety on the Performance Bond shall be a duly authorized corporate surety company authorized to do business in the State of South Carolina.

6. Scope of Work

The Contractor shall provide all supervision, materials, equipment, labor, and all other items necessary and assume all responsibility for the collection of all garbage and recyclables (hereinafter referred to as "Refuse") from all residents within the Town of Summerville at least one (1) time per week (hereinafter referred to as the ("Contract Services")); provided that such garbage shall be placed by the occupants of each residence inside the 95 gallon roll carts furnished by Contractor. Recyclables shall be placed by the occupants of each residence inside the 65 gallon roll cart furnished by the Contractor. Contractor shall only be required to provide one (1) 95 gallon roll cart and one (1) 65 gallon recycling container to each residential customer. Each roll cart container furnished by the contractor shall be new, clean, and free of any debris or municipal solid waste residue. Should any residential customer require any additional roll-carts for garbage or recycling, the resident shall contract with the Contractor directly, and the cost for same shall be the sole responsibility of the residential customer. Contractor agrees to seek reimbursement for those additional roll carts directly from the residential customer. Further, the occupants of each residence shall place the 95 gallon and 65 gallon roll carts adjacent to the street and accessible to the employees of the Contractor. Carts shall be

placed in this location prior to 7:00 a.m. on the designated collection date. Residential customers who desire additional services will be required to contract directly with the Contractor.

Any new resident to the Town of Summerville requesting new roll carts shall be provided one to the property within 48 hours of the request. Any existing resident requesting replacement roll carts due to damage or disappearance will be provided the replacement roll cart within 48 hours of the request.

The Contractor agrees to provide a **monthly written report** providing details of changes in residential customers accounts each month. The contract price shall be adjusted as the numbers of residential customers vary. The Contractor/Proposer will provide this report, which will also include new accounts, no later than five (5) days following the end of the month.

In addition to the required report above, Contractor/Bidder agrees to provide the Town of Summerville a quarterly report which contains the number of residences being served, the number of 95 gallon and 65 gallon roll carts provided to residences, the average number of cubic yards of garbage and recycling collected, and a listing by street number of each residential account. These quarters are defined as follows:

First Quarter:	January, February, March (April 30)
Second Quarter:	April, May, June (July 31)
Third Quarter:	July, August, September (October 31)
Fourth Quarter:	October, November, December (January 31)

Quarterly reports shall be provided to the Town no later than the date shown in parentheses above. Should that date fall on a Federal or State holiday, or a Saturday or Sunday, then the report shall be furnished no later than the next business day following the holiday, Saturday or Sunday.

The work under this Proposal shall consist of the items contained in the Proposal Form, including all incidentals necessary to fully complete said work in accordance with the Contract Documents.

Reference is also made to Article IV, Section 12-91 through 12-100 of the Ordinance Code for the Town of Summerville's general regulations governing solid waste.

7. Conditions

Each Bidder shall fully acquaint itself with conditions relating to the scope and restrictions attending the execution of the work under the Contract. Bidder shall thoroughly examine and be familiar with the General Specifications.

At the time bids are received for this contract, there are no Materials Recovery Facilities (MRFs) that are available to accept single-stream recycling in the tri-county area (Charleston, Berkeley and Dorchester Counties). If the Town chooses not to have the Contractor collect and dispose of single-stream recyclables, the Contractor will only

collect paper and cardboard recyclables. This is reflected on the “CONTRACTOR’S BID FORM – REQUIRED.” However, the Town may choose to have the Contractor collect single-stream recycling initially and dispose of it at a MRF that is not located in the tri-county area. This is reflected on the “CONTRACTOR’S BID FORM – OPTIONAL – ALTERNATE 1.” The Town understands the cost to dispose recyclables in a MRF not in the tri-county area is higher than disposing of recyclables in a local MRF. When a local MRF becomes operational in the tri-county area, the Town and Contractor agree to renegotiate the costs to dispose of recyclables at a MRF located in the tri-county area.

It is also expected that the Bidder will obtain information concerning the conditions at locations that may affect its work.

The failure or omission of any Bidder to receive or examine any form, instrument, addendum or other document, or to acquaint itself with existing conditions, shall in no way relieve it of any obligations with respect to its Bid or to the Contract. The Town shall make all such documents available to the Bidder.

The Bidder shall make its own determination as to conditions and shall assume all risk and responsibility and shall complete the work in and under conditions it may encounter or create, without extra cost to the Town.

The Bidder’s attention is directed to the fact that all applicable State laws, municipal ordinances, and the rules and regulations of all authorities having jurisdiction over the work to be performed shall apply to the Contract throughout, and they will be deemed to be included in the Contract as though written out in full in the Contract.

8. Addenda and Explanations

Explanations desired by a prospective Bidder shall be requested of the Town in writing, and if explanations are necessary, a reply shall be made in the form of an Addendum, a copy of which will be posted to the Town website www.summervillesc.gov. It is the responsibility of the Bidder to check the website for updated addendums. Every request for such explanation shall be in writing addressed to the Town Administrator or other position designated by the Town. Any verbal statements regarding same by any person prior to the award shall be unauthorized not binding.

Addenda issued to Bidder prior to date of receipt of Bid shall become a part of the Contract Documents and all Bids shall include the work described in the Addenda.

No inquiry received within seven (7) days of the date fixed for the submission and opening of Bid will be given consideration.

Any and all such interpretations and any supplemental instructions will be in the form of written Addenda which, if issued, shall be posted to the Town of Summerville website (www.summervillesc.gov), e-mailed or faxed to all prospective Bidder (at the respective addresses furnished for such purposes), not later than five (5) days prior to the date fixed for the opening of Bid.

9. Name, Address and Legal Status of the Bidder

The Bid must be properly signed in ink and the address of the Bidder given. The legal status of the Bidder, whether corporation, partnership, or individual, shall be stated in the Bid.

A corporation shall execute the Bid by its duly authorized officers in accordance with its corporate by-laws and shall also list the state in which it is incorporated. A partnership Bidder shall give full names of all partners. Partnership and individual Bidder will be required to state in the Bid the names of all persons interested therein.

Anyone signing a Bid as an agent of another or others must submit with his Bid legal evidence of his authority to do so.

Each Bidder must complete and enclose the attached No Collusion Affidavit of Bidder with the Bid.

10. Competency of Bidder

The opening and reading of the Bid shall not be construed as an acceptance of the Bid as a qualified responsible Bidder. The Town reserves the right to determine the competence and responsibility of a Bidder from its knowledge of the Bidder qualifications or from other sources.

In order for the Town to determine whether the Bidder is a qualified responsible Bidder, the Bidder must furnish the following information and documentation:

- (a) A copy of certified financial statements of the Bidder (or its parent corporation if individual subsidiary or division financial statements are not prepared and generally available) certified by a firm of independent certified public accountants acceptable to the Town for fiscal years 2014, 2015, and 2016.
- (b) Evidence that the Bidder is in good standing under the laws of the State of South Carolina, and in the case of corporations organized under the laws of any other State, evidence that the Bidder is licensed to do business and in good standing under the laws of the State of South Carolina or a sworn statement that it will take all necessary action to become so licensed if its Bid is accepted.
- (c) Evidence, in form and substance satisfactory to the Town, that the Bidder has at least three (3) years experience working with municipalities in the business of refuse collection and disposal.

In the event that the Town shall require additional certified supporting data regarding the qualifications of the Bidder in order to determine whether he is a qualified responsible Bidder, the Bidder may be required to furnish any or all of the following information sworn to under oath:

- (a) Evidence that the Bidder is capable of commencing performance as required in the Contract Documents.

- (b) Evidence, in form and substance satisfactory to Town, that Bidder possesses as a going concern the managerial financial and equipment capacities to perform all phases of the work called for in the Contract Documents.
- (c) Evidence, in form and substance satisfactory to Town, that Bidder's experience as a going concern in refuse collection and disposal derives from operations of comparable size to that contemplated by the Contract Documents. The Bidder must be a licensed waste hauler with the State of South Carolina and or South Carolina Department of Health and Environmental Control (SCDHEC).
- (d) A list of experience with municipalities or like contracts and references. List must include the address, phone number and contact person where the work has been provided. A background check of each Bidder will be conducted to inquire about previous services rendered. Should the background check reveal serious problems or insufficient response to rectify the problems, the Town has the right to disqualify the Bidder.
- (e) A list of all equipment/vehicles that the Bidder has immediately available to assign to this Contract. If the contractor plans to acquire additional equipment to assign to this Contract, the make and model of the equipment to be acquired and the vendor in which the equipment will be acquired from must be made a part of this list. Bidder must also attach a letter from the vendor stating that the equipment is available and that financing has been secured.
- (f) Such additional information as will satisfy the Town that the Bidder is adequately prepared to fulfill the Contract.

In the Town's sole discretion, the Bidder may satisfy any or all of the experience and qualification requirements of this paragraph 10 by submitting the experience and qualifications of its parent organization and subsidiaries or affiliates of the parent.

11. Disqualification of Bidder

Although not intended to be an exhaustive list of causes for disqualification, any one or more of the following causes, among others, may be considered sufficient for the disqualification of a Bidder and the rejection of its Bid:

- (a) Evidence of collusion among Bidders.
- (b) Submission of incorrect or misleading information to the Town.
- (c) Lack of competency as revealed by financial statements, experience or equipment.
- (d) Lack of responsibility as shown by past work judged from the standpoint of workmanship as submitted.

12. Basis of the Bid

Bid shall be on a monthly rate basis for:

- (a) Curbside, roll cart refuse collection for approximately fifteen thousand, four hundred (15,400) residential customers one (1) time per week with recycling collection one (1) time per week on the same day. Bid must include a detailed description of the manner in which said items will be collected and transported to the appropriate licensed landfill where applicable.
- (b) All fees and costs for additional service over and above the minimum guaranteed service herein provided shall be borne by the customer and evidenced by separate agreement between the customer and contractor. The Town of Summerville does not guarantee the number of available customers and the successful proposer cannot adjust the proposal rate if the actual number of customers should be less than the estimate.

The term of the Contract shall be three (3) years commencing from August 1, 2018 and ending on July 31, 2021. Upon agreement of the town and the Bidder, the Contract may be extended for two (2) additional one (1) year terms.

13. Protest Procedures and Remedies

Any Proposer who is aggrieved in connection with this Request for Bid, any of the Contract Documents, the intended award of this Contract, the award of this Contract, or any matters pertaining to the review of any of the Bid received by the Town, shall protest to the Town Administrator, within five (5) days of the issuance of this Request for Bid or any amendment thereto if the Request for Bid or the amendment is at issue, or the posting of the notice regarding the award of the Contract by the Town in all other cases.

Such protest must be in writing, and must set forth all specific grounds for the protest in detail and explain the factual and legal basis for each issue raised. No additional issues may be raised or will be considered thereafter.

The Purchasing Agent shall conduct all inquiries deemed necessary, and a hearing may be held in the discretion of the Town Administrator.

The Town Administrator shall issue a decision in writing within ten (10) days.

The Contract shall not be stayed pending any such protest.

Any Bidder aggrieved by the decision of the Town Administrator may appeal to the Finance Committee of Town Council of the Town within five (5) days of the Town Administrator's decision. No new issues may be raised on such appeal. The Mayor shall issue the decision of the Finance Committee within 15 days of the Finance Committee hearing and shall state the reasons for the action taken.
