3. Included in the Invitation to Bid is an affidavit in proof that the undersigned has not entered into any collusion with any person in respect to this bid or any other bid. The Bidder will be required to execute and submit this affidavit with the sealed bid.

6. **INCLEMENT WEATHER:** During periods of inclement weather, the Purchasing Division will enact the following procedures with regard to solicitations and weather delays:

Contractor will have the right to defend the City with counsel of its choice that is satisfactory to the City, and the City will provide reasonable cooperation in the defense as Contractor may request. Contractor will not consent to the entry of any judgment or enter into any settlement with respect to an indemnified claim without the prior written consent of the City, such consent not to be unreasonably withheld or delayed. The City shall have the right to participate in the defense against the indemnified claims with counsel of its choice at its own expense.

Contractor shall save, indemnify and hold City harmless and pay judgments that shall be rendered in any such actions, suits, claims or demands against City alleging liability referenced above.

BATTERY BID SPECIFICATIONS

Please note: Failure to submit a correctly completed bid package may result in rejection of bid. Failure by the successful bidder to adhere to one or more of the requirements stated herein may cause the City of Knoxville to void the contract without delay or to take other corrective action in the best interest of the City. In order to evaluate each bid equally, a value must be entered on each of the requested line items. The contract will be awarded to only one responsible and responsive vendor.

Batteries shown on the attached list are approximate quantities for one year. Batteries not listed on the bid sheet will be priced at the same discount rate given to the ones that are listed. A current price list of all automotive batteries provided by the manufacturer will be submitted with the bid.

Prices that are bid will be firm for one year with the option to extend by mutual agreement of both parties for two additional one year periods, for a total of three years.

Bids will be evaluated on total bid price to furnish all batteries listed on the bid sheet. In addition, bids will be evaluated on adherence to all specifications (including those on the bid form) and correct completion of the bid form. Bidders must complete columns 3 thru 5 and columns 7 thru 12 on the bid form. Bidder must calculate and write in total net bid at the bottom of column 12. **Please note: Due to the possibility of the City not supplying a core battery, columns 9 and 10 must contain a dollar value.**

The successful bidder shall be required to provide new acid core batteries to replace defective, failed or unusable batteries at no charge for a period of one year after delivery. The AGM batteries are to have a three year free replacement warranty. The vendor remains obligated to replace the batteries under warranty whether or not they choose to renew the contract for the next consecutive year. After one year on the acid core batteries, the supplier shall be required to provide new batteries to replace defective, failed or unusable batteries at a pro-rated cost during the remaining warranty period. After three years, the AGM batteries will be replaced at a pro-rated cost during the remaining warranty period. The pro-rated cost shall be a percentage of the contract net unit price equal to the percentage of the warranty period in which the battery functioned properly.

The successful bidder shall be required to affix battery information concerning the delivery date to each individual battery delivered and to retain all necessary records and documentation of the delivery.

Same day or next day delivery is required. If this delivery schedule cannot be met, please state your delivery period on the bid sheet. Same day product availability (emergency pick up by City personnel at vendor location) is required. If delivery problems arise and cannot be resolved, the City of Knoxville reserves the right to terminate the contract on the basis of non-performance.

The successful bidder shall be required to remove all battery cores on a weekly basis at each facility serviced.

The supplier will provide batteries for Fleet Services and for Knoxville Area Transit. Fleet Services has a heavy equipment shop located at 1400 Loraine Street and a light equipment shop located at 3409 Vice Mayor Jack Sharp Road.
