Addendum

Solicitation Name	Installation of LED Lighting Q1928	Addendum Number	3	Date	03-08-19
--------------------------	------------------------------------	------------------------	---	-------------	----------

This addendum answers questions raised about this solicitation. To aid in readability, the questions are in black, the answers are in **bolded blue**, and the answers follow immediately below.

Q1	<p>The bid packet states that we are to replace ceiling tiles if damaged in the Isabella Towers and the Love Towers. Is there a total for the ceiling tiles that must be replaced? Has anyone walked through to determine just how many tiles will need to be purchased? Is there a cut sheet for the type of tiles that are to match the existing ceiling tiles? If so, will these be made available so that we can be sure to purchase the right type of tile?</p> <p>KCDC's is removing the replacement of ceiling tiles from this solicitation.</p>
Q2	<p>We need to determine out of the 50 diffusers in the Love Towers that require replacement, just how many are 1x4 fixtures and how many are 2x4 fixtures. Also, will there be a cut sheet or spec on the diffusers so that we can make sure that what we are pricing matches the existing diffusers?</p> <p>KCDC gathered the information below about the diffusers. The photographs follow this section.</p> <p>Picture #1 is a 1'x4' and these are located in the hallways of both A and B buildings. Total count for these between both buildings is—112. These are Lithonia Lighting #271065.</p> <p>Picture #2 is a 2'x4' and these are located in the elevator lobbies of each floor of both A and B buildings. Total count between both buildings is—24. These are Lithonia Lighting #600170.</p> <p>Picture #3 is a 1'x4' and these are located in the north hallway on the ground floor of the A building. Total count is—4. KCDC cannot determine the brand or model.</p> <p>Picture #4 is a 1'x4' flat diffuser. These are located in the office of the A building. Total count is—12. KCDC cannot determine the brand or model.</p> <p>Picture #5 is a 2'x4' flat diffuser. These are located in the office of the A building, the conference room, the craft room, the pool room and in the social hall. The total count is—39. KCDC cannot determine the brand or model.</p> <p>Picture #6 is the stairwell light fixtures. The count for these between both buildings is—54. KCDC cannot determine the brand or model.</p>
