## **Division 1**

## **General Information**

### **Section 2: General Overview - Revised**

the required submittals. Determination of best responsive responsible bidder will be the sole judgment of the CCWA.

To be considered responsive to this bid, bidders are required to bid on all work items **(except for items 161, 162, and 163)** listed on the Bid Form - Pay Item Schedule.

Prior to the time of bid opening, CCWA will provide to each bidder a list of “quantities” for “selected work items” that will be used for bid evaluation purposes. CCWA will multiply the unit cost for each “selected work item” by the “quantity” to establish an “extended” amount. The addition of all “extended” amounts will determine the “total bid amount”. To obtain a copy of this list please refer to Division 1 Section 1.

Note that not all “work items” as shown on the Bid Form - Pay Item Schedule will be used in the bid evaluation process. Work items on the Bid Form – Pay Item Schedule not used in the award evaluation process will be examined by the CCWA to ensure that the units prices are in line with comparable items contained in this bid and that any unit price that appears to be out of line may be used by the CCWA as a basis of denial/award of the particular bid, and/or the unit price may be negotiated by CCWA. This determination will be at the sole discretion of CCWA.

#### Small Local Business Enterprise (SLBE) bid discount:

This procurement has a SLBE bid discount for evaluation purposes only, which will be given to CCWA certified SLBE primes only. For more details, please refer to Division 2, Section 8 of this bid package.
