**Update to change the due date of the Request for Proposal (RFP) from 07/25/2023 @ 3:00pm local time to 07/27/2023 @ 3:00pm local time.**

**Question 1:** On the cost proposal, when you ask for a “fixed flat rate”, do you expect any onsite work? Should this fee include travel expenses?

**Response 1:** There will be some on site work, but generally kept to a minimum except where circumstances require it. Travel should be a separate line item.

**Question 2:** What are some pain points with your Grants Management application?

**Response 2:** The pain points for Grant Management are coding time and expenses in meticulous detail for various grants. We have a tremendous number of Grants and the FTE's used to code and code properly is problematic.

**Question 3:** Are you currently using the Lawson LAUA security? Or are you re-implementing/re-designing the Infor role-based security?

**Response 3:** We do not use LAUA. We are looking to move to role-based security.
