If you have questions concerning the bid submission requirements, please call the Purchasing Department 256-341-4521 or email purchasing@decatur-al.gov.

SPECIAL TERMS:

Any questions regarding these specifications or work to be performed shall be directed to Jonathan Gruber, Decatur Parks & Recreation, by calling (256) 341-4959, or emailing your questions to jgruber@decatur-al.gov

The Contractor will be responsible for all work performed, any repairs to equipment and any damages caused to City property or a citizen's personal property/vehicles; this includes, but is not limited to: broken car windows, broken windows at a place of business, any slung rock related accidents, any accidents caused by the tractors or mowing equipment and accidentally mowing over items that aren't supposed to be cut. These incidents shall also be reported to Parks & Recreation Department.

Equipment will comply with all safety regulations while mowing (such as flashing lights, reflector signs, etc.) The contractor is responsible for establishing mowing zones, signs, etc. in place, where mowing is being done. Contractor is responsible for ensuring that the roadway is clear of excessive cut grass/debris within 24 hours of mowing. Contractor shall perform their work in a manner that the traveling public safety is not compromised. Contractor's proposal to use subcontractors shall be presented to the project manager and approved before proceeding with such agreements.

The Decatur Parks & Recreation Department will approve mowing/cutting prior to each start.

Contractor will notify the City representative (Jonathan Gruber) each Monday by 9:00 of areas that were completed the previous week, as well as areas to be completed in the week ahead. In the event that excessive rain occurs or some other natural event occurs that keeps this work from being performed, the Contractor must report this delay to the Parks & Recreation Department and work must be re-scheduled immediately after the natural event has ended or within a reasonable amount of time has passed to resume mowing/cutting. Area's that cause "rutting" from equipment are considered too wet to mow.

If any areas cannot be mowed due to non-weather reasons, such as large obstacles (examples-large piles of rocks, limbs, debris, etc. that need to be removed or aren't typically a part of the natural landscape) or damage to terrain (examples-steep slopes that may cause erosion or rutting if the proper equipment is not utilized), these items should be reported to the Parks & Recreation Department. Small obstacles in

the way of mowing (Examples-a bag of trash, a tree limb, or a visible rock that could be ejected from the mower deck) shall be removed by Contractor to continue mowing/cutting.

Contractor will be notified in writing of any work that is deemed unacceptable and shall have 72 hours to remedy the deficiencies. In the event that Contractor fails to do so, the City will have the right to terminate the contract, cease all payments to Contractor, and contract with the next low bidder.

AWARD:

Bidder may submit prices for one or more line items listed on the "Price Sheet". Bid award will be based on individual line items, or total bid, whichever is deemed to be in the best interest of The City.

Proposals will be considered only from those contractors who regularly perform the type of services described in the scope of work and who are financially responsible and have the necessary equipment and facilities required by this proposal to provide said services and to meet the standards as stipulated in these documents. The City of Decatur may request information substantiating the above requirements. Failure to provide such information may result in the bid being considered non-responsive. It is understood that the right is reserved by the City of Decatur to thoroughly inspect and investigate the establishment, facilities, equipment, business reputation, and other general qualifications of any contractor and to reject any bid irrespective of bid prices, if it shall be administratively determined.

CONTRACT TERM:

The term of this agreement will commence from the date the council awards this contract, for a period of 1 year, with the option to renew for 2 additional 1-year periods, provided the terms of the contract do not materially change.

INSURANCE REQUIREMENTS:

The Contractor will be responsible for any damage caused by the contractor, its employees or equipment while engaged in this contract. Bidder must be covered by Workman's Compensation Insurance, and Public Liability and Property Damage Insurance in the minimum amount of \$1,000,000 per occurrence and a general aggregate limit of at least \$2,000,000.

INDEMNIFICATION AND HOLD HARMLESS:

Successful bidder shall indemnify and hold harmless the City of Decatur, its officers, agents and employees from:

1. Any claims, damages, costs and attorney fees for injuries or damages arising, in part or in whole, from the negligent or intentional acts or omissions of Contractor, its officers, employees and/or agents, including its sub or independent contractors, in connection with the performance of the contract.
2. Any claims, damages, penalties, costs and attorney fees arising from any failure of contractor, its officers, employees and/or agents, including its sub or independent contractors, to observe applicable laws, including, but not limited to, labor laws and minimum wage laws.

ATTACHMENTS TO BE INCLUDED WITH YOUR BID RESPONSE:

- State of Alabama Right-of-Way Applicator’s and Ground Applicator’s permit (if bidding on the spraying project).
- State of Alabama OTPS and SLP permits must also be included in the Right-of Way portions of bid. (This is in addition to the Right-of-Way Applicator’s and Ground Applicator’s permit (GRD) which are not the same thing.)
- e-Verify Documentation - A blank copy is included in this bid package.
- A current copy of bidder’s insurance certificate providing proof of insurance as stated above.
- Bid Bond. All Cashier’s Checks are to be made payable to the “City of Decatur”.
- List of Equipment to be used during the contract period. This list should be a detailed list of the entire Fleet of Equipment that contractor currently has on hand. - Right-of-Way bidders must provide a full list of current employees (Full and Part-Time). A minimum number of 15 employees is required to maintain the Right-of-Way items on this bid.
- References: Contractor must provide proof of at least three (3) successful similar contracts along with references for the contracts. Due to the size of this bid, a minimum of 10 years’ experience servicing areas of with this large of scope is required.

IMPORTANT! The City reserves the right to increase or decrease the number of acres or linear footage to be mown based on a per-acre or per linear foot pricing basis after award. Further the City reserves the right to increase or decrease the frequency of any mowing under this bid.
