POLICY CONCERNING MINORITY AND WOMAN OWNED BUSINESS ENTERPRISES

Intent

Businesses owned and operated by women and minority persons, in general, have been historically restricted from full participation in the nation's free enterprise system to a degree disproportionate to other businesses.

The City believes it is in the community's best interest to assist minority and woman owned businesses to develop fully, in furtherance of City's policies and programs which are designed to promote balanced economic and community growth.

The City, therefore, wishes to ensure that minority and woman owned businesses (M/WBEs) are afforded the opportunity to fully participate in the City's overall procurement process and will not be discriminated against on the grounds of race, color, sex, or national origin in consideration for an award.

Goal for Participation

The City adopts the State of South Carolina's goal for participation of M/WBEs: ten percent (10%) of annual controllable procurement expenditures which are defined as agreements between the City and a Vendor to provide or procure labor, materials, equipment, supplies and services to, for or on behalf of the City. However, a specific expectation has not been set for this RFQ.

Required Forms

Contractors submitting Qualifications are required to include completed forms that are found at the end of the General Terms & Conditions. The City's General Terms & Conditions, a required component of all competitive procurement Qualifications, may be accessed on the City's website under Quick Links – Bid Opportunities – www.cityofbeaufort.org. All proposers are to certify that they have read the General Terms & Conditions and will adhere to them as a component of the contract documents.

Contractors should also be aware that, should a contract be awarded, the City will require reports of the utilization of any minority business enterprises to be filed along with requests for payment. The City reserves the right to audit accuracy of the utilization reports that are filed.

The City of Beaufort reserves the right to reject any or all bids; to waive any informality or irregularity not affected by law; to evaluate, in its absolute discretion, the bids submitted; to award the contract according to the bid which best serves the interests of the City; or to not award the contract if the City determines that it is not in its best interest to do so.

REQUEST FOR QUALIFICATION CONSULTING SERVICES FOR THE BEAUFORT HISTORIC ARCHITECTURE PRESERVATION MANUAL

- I. **INTRODUCTION** - The City of Beaufort desires to ensure the continuing preservation of its 304-acre National Historic Landmark District's architectural and historic character while balancing growth, economic development and tourism with the challenges of a thriving and vibrant 21st century community.

The City invites qualified consultants specializing in historic preservation, planning and zoning to submit Qualifications for the update, simplification and consolidation of the various documents that guide the preservation, renovation, and construction of new structures in the City of Beaufort into one manual/resource. For example, analyze and make recommendations for improving the city's zoning code and planning documents; specifically addressing incompatible, confusing or conflicting statements as they relate to historic preservation standards.

The project is funded, in part, by a grant from the U.S. Department of the Interior, National Park Service, administered by the South Carolina Department of Archives and History (SCDAH).

II. PURPOSE

The purpose of this project is to update, simplify and consolidate the various documents that guide the preservation, renovation, and construction of new structures in the City of Beaufort's Historic District (Beaufort National Historic Landmark District) into one manual/resource; and to determine any incompatibility or conflicting issues with the city's zoning code and make recommendations for improvement.

The updated manual will serve as guidance for the Historic District Review Board (HRB), City staff, developers and property owners for projects that involve additions, demolitions, new construction, renovation, or site work within the Historic District. It will build on the 3 primary manuals currently in use and incorporate up-to-date standards, practices, materials, etc.

III. BACKGROUND

The City of Beaufort is South Carolina's second oldest city, founded in 1711. The original grid pattern of the city plan with streets running to the water on both the east and south remains intact. Beaufort developed its own style of residential architecture as did Savannah and Charleston. Beaufort has a more rural character than its famous sister cities with houses facing south on raised foundations, often built in a T-shaped plan with porches or piazzas spanning the southern elevation and often wrapping three sides to catch the breezes. Beaufort houses tended to rest on larger lots with high ceilings and low-pitched roofs to trap less heat. Some have called it a "plantation style" brought into town.

In 1969 the 304 acres that comprised the 1865 town boundaries was listed on the National Register of Historic Places and in 1973, the district was designated a National Historic Landmark. Today it is one of only 4 South Carolina historic districts to be designated a National Historic Landmark. In 2001, the Secretary of Interior extended the districts period of historic significance to 1950. The City of Beaufort was one of the largest and earliest historic districts to be listed on the National Register.

Carl Feiss and Russell Wright, Washington DC based consultants, conducted the first historic inventory of Beaufort working under contract with Historic Beaufort Foundation in 1968. The *Feiss-Wright Historic Reconnaissance Survey* of Beaufort, South Carolina defined the boundaries of the historic district. At the time this area accounted for approximately one quarter of the total area of the city.

In 1972 the City of Beaufort adopted a new Zoning Ordinance establishing the Architectural Review Board and defining significant areas of the city to be protected in accordance with city's first Preservation Plan.

The Historic District Inventory and Repair Guide and the Beaufort Preservation Manual produced by John Milner Associates of West Chester, Pennsylvania was adopted by the city in 1979. The City of Beaufort contracted with Phil Thomasson of Nashville, TN to update the Preservation Plan in 1989 and in 1990 *The Beaufort Preservation Manual* by John Milner was updated, and the *Supplement* created. The firm of Lord, Aeck, Sargent -Architect & Planning for Historic Preservation created the 2009 Historic Preservation Plan.

The Beaufort Code, adopted in 2017, the City of Beaufort's most recently established zoning code combines elements of Euclidean Zoning with the modern concept of Form Based Codes. The Civic Master Plan, adopted 2014, serves as the city's most recent comprehensive planning document.

Beaufort is one of South Carolina's first communities to be designated as a Certified Local Government.
