In Re: Requisition #6212 – M&M Micro Systems, Inc.

Ms. Ajmeri:

I hope this letter finds you doing well. Please allow this correspondence and other documents attached to serve as our *Justification for the Request*. As noted in the Sole Source & Exclusive Rights and License Form, this purchase is from a Sole Source Vendor and will be an upgrade to our existing software system. Enclosed is a letter from M&M Micro Systems, Inc. outlining their system and their exclusivity. We are currently using SOMS for Windows and will be upgrading to the iSOMS version of their software. No other company makes similar or competing products.

The system upgrade we are seeking to purchase will allow for a more efficient and productive 911 system and will enhance our records management within our operations and corrections divisions. We are excited about this update and believe it will improve our daily operations greatly.

Please let me know if you need anything further.

Sincerely,
