

**Bidder Instructions and Specifications:  
Fire Department Air Tank Filling Station  
Due: 10:00 a.m. April 29, 2016**

The City of Eagleville, Tennessee is seeking bids for Fire Department equipment as specified below.

**General Purpose:**

The City of Eagleville intends to acquire an air tank filling station for use by the Fire Department in refilling SCBA bottles, with installation of the equipment acquired included as a part of this procurement. Bidders should submit bids including unit prices for each item specified, freight/shipping costs, and any other necessary charges.

**Specifications:**

Description	Quantity
<p>Air Tank Filling Station System</p> <ul style="list-style-type: none"> <li>• An integrated breathing air compressor system, designed for 3-phase electric service</li> <li>• A turnkey system, operation-ready upon installation</li> <li>• 6,000 psi rating on applicable parts/components</li> <li>• 14 cubic feet per minute filling capability</li> <li>• Capability of filling as many as 4 SCBA units simultaneously via at least 2 containment stations, designed for cascade filling</li> <li>• 4 ISO storage cylinders rated for 6,000 psi</li> <li>• System designed specifically for operation by one person, which does not require alternate support while connecting or filling</li> <li>• Minimum 1-year warranty on all parts and labor</li> </ul>	1
<p>Installation</p> <ul style="list-style-type: none"> <li>• Installation to be performed at/near the rear wall of Bay 1 in the Eagleville Fire Department (126 S Main Street).</li> <li>• Project includes delivery and installation.</li> <li>• Inspection of the location, if needed prior to the bid submittal deadline, must be scheduled within regular City Hall business hours and at least 24 hours in advance.</li> <li>• If the awarded bid requires upgrading electrical service at the facility, such should be noted in the bid with the responsibility for that cost being the responsibility of the City.</li> <li>• If site preparation other than moving equipment and supplies from the work area is required of the City, such should be noted in the bid document. Otherwise, any site preparation will be the responsibility of the awarded bidder.</li> </ul>	1
<p>Training</p> <ul style="list-style-type: none"> <li>• Training upon installation for ongoing operation and maintenance by Fire Department staff</li> </ul>	1

**Bidding Instructions:**

Potential bidders may request complete bid instructions, detailed specifications, and bid forms by contacting City Hall at 615-274-2922 and referencing "Fire Department – Air Tank Filling Station Bid

Opportunity" or by **visiting [www.EaglevilleTN.com](http://www.EaglevilleTN.com) and following the link to bid opportunities through the Vendor Registry link.**

Bidders may price items by line item as necessary to clearly communicate price, but must clearly list

- 1) a lump sum including the purchase of all equipment, freight, and other costs, and
- 2) estimated time to fulfill delivery of all related items.

Bidders may substitute components for equal or greater components if/when the substitute does not limit the capability or performance of the overall product in comparison with the specified component. Bidders must deliver bids no later than **10:00 a.m. April 29, 2016** in sealed envelope marked "**Fire Department Air Tank Filling Station Bids, April 29, 2016**" to the address below, or alternatively, may submit bid documents **electronically via the Vendor Registry link found at [www.EaglevilleTN.com](http://www.EaglevilleTN.com).**

City of Eagleville  
Attn: City Manager  
108 South Main Street  
Eagleville, TN 37060

Bids received after the deadline may be rejected, and the City is not responsible for bids mailed but not delivered prior to the deadline, regardless of the postmark date.

**Bid Form:  
Fire Department Air Tank Filling Station  
Due: 10:00 a.m. April 29, 2016**

Submittal of the bid form is required for consideration. However, bidders may also choose to attach additional information that may be helpful such as quotations on their own company form or brochures and other information clearly identifying the product(s) proposed and/or to identify certain items within the specification by unit cost. Unit cost information may be used by the City of Eagleville to optimize its purchase with the selected bidder.

**Acknowledgements:**

I have read and understand the specifications of the bid being requested and am capable of delivering said product(s) and service(s) within forty-five (45) days of notification of award or other timeframe if included above. I understand that the City of Eagleville reserves the right to consider the qualifications of bidders and the references of similar work if requested, and that the City may award bids based in part on such factors other than price.

I understand that this project is being funded in part through the FEMA Assistance to Firefighter’s Grant program and that all products provided are compliant with the most current NFPA standards

I understand that an element of this bid includes installation, which may require a bond by/with a bonding agency authorized to transact business in the State of Tennessee.
