

SMALL ARROW ENGINEERING, LLC

**EMW Public Access CNG Station
CNG Integration Package – ITB 2020-4
Moriarty, Torrance County, New Mexico
Addendum Number 1**

Date: October 8, 2020
Issued to: All Bid Document Holders of Record

This addendum forms a part of the bid package described above. The original Bid Documents and any prior addenda remain in full force and effect as modified by the following that shall take precedence over any contrary provisions in the prior documents.

Project Manual Clarifications & Revisions:

Section 00300B – Bid Items 3 and 4

1. Please note that these bid items for reconditioning and installation of a 3 pack of 24' long ASME Storage Tubes have been removed from this project.

Section 00300B – Bid Item 10

1. Please note that the quantity of ½" SS 0.065" wall tubing for storage manifold connections has been reduced to reflect the removal of ASME Storage Tubes from this installation.

Section 00300B – Alternate Bid Items A1 thru A6

1. Please note that the quantities for these alternate bid items have been increased to reflect the installation of 5 ASME Storage Spheres. Also, these additional ASME spheres that will be provided by EMW Gas Association will already have current PRV's (Pressure Relief Valves).

Please see attached revised Unit Bid Price Schedule Section 00300B which contains these updated bid quantities and bid item numbers.

Please see attached revised Plan Sheet 3 and replace it in the Construction Plan set. We have removed the use of ASME Tubes in the equipment enclosure and now will have all ASME storage spheres.
