**Extension
of Hartmann Drive from US 231 North to State Route 141 in
Lebanon, Tennessee**

LETTERS OF INTEREST AND REQUEST FOR PROPOSALS

EXTENSION OF HARTMANN DRIVE FROM US 231 NORTH TO STATE ROUTE 141 IN LEBANON, TENNESSEE

The City of Lebanon, Tennessee, an Equal Opportunity, Affirmative Action Employer, seeks to retain the services of a professional engineering consulting firm to provide Preliminary Engineering & Design (PE-NEPA and PE-DESIGN) related to the **Extension of Hartmann Drive from US 231 North (Hunters Point Pike) to State Route 141 (Hartsville Pike)** in Lebanon, Tennessee. The work to be completed may include the topographic and hydraulic survey, geotechnical investigation, hydraulic analysis, environmental investigations, permits, preparation of preliminary and right-of-way design plans, preparation of ROW acquisition exhibits, utility coordination, design of construction plans and bid documents, and the signal modifications for the US 231 North and Hartmann Drive intersection. Design and construction may be phased. Phase 1 of the project is approximately 2,200 L.F. in length of new roadway with curb and gutter, grass strip and sidewalk from the intersection of US 231 North and Hartmann Drive to the newly constructed section of Hartmann Drive in Villages of Hunters Point. Phase 2 of the project would continue with a new roadway construction with curb and gutter, grass strip and sidewalk from the Hartmann Drive section in Villages of Hunters Point approximately 530 L.F to Rutledge Lane then require road widening of approximately 1,450 L.F of Rutledge Lane to State Route 141.

This project is a City of Lebanon locally managed transportation project though other funding sources may be pursued. Any award of a contract for engineering services will be by phase and is subject to availability of funding. It is mandated that all work shall adhere to all applicable Federal and TDOT policies, procedures and regulations. The project shall be accomplished in accordance with TDOT Local Programs guidelines. The professional consultant engineering consulting firm must be on TDOT's pre-approved list or have a completed pre-qualification form filed with TDOT by the deadline for the Letters of Interest. The prequalified firm must have unlimited status.

All documents shall be prepared in accordance with TDOT standards and specifications. TDOT item numbers shall be used for all items.

The method of payment for these services shall be lump sum.

REQUIRED SCOPE OF SERVICES:

- Prepare required documentation for environmental clearances in compliance with the National Environmental Policy Act (NEPA).
- Develop plans, specifications, contract documents, bid quantities and engineering cost estimate that meet or exceed all federal and state guidelines.
- Prepare all required bid documents. Conduct all pre-bid conferences and assist in all aspects of the bidding process including, but not limited to assisting the City of Lebanon with advertisement, solicitation of bids, bid evaluations, and recommendation of award.
- Follow requirements of the current edition of TDOT's "Local Government Guidelines for the Management of Federal and State Funded Transportation Projects" which includes

submittals for approvals of environmental documentation, permitting, engineering design, utility relocations, rights-of-way, and disadvantaged business enterprises (DBE).

EVALUATION OF PROPOSALS:

The successful firm will be determined using the Phase 1 and Phase II selection method specified in TDOT's Consultant Selection Policy (Local Government Guidelines Form 1-2).

Phase 1 Evaluation

For Phase 1 evaluations, firms shall submit Letters of Interest with firm contact information including name, address, and email of primary contact. This submission should be no greater than ten (10) pages and may be submitted electronically. Attachments to the Letter of Interest shall include:

- TDOT pre-qualification status listing disciplines from DT-0330
- Brief explanation of staff capabilities with resumes from key personnel
- General firm capabilities
- Scope of services to be completed by any sub-consultants

The following criteria will be used to evaluate the Phase I submissions:

- A. Experience and Qualifications of the Firm including satisfactory evidence that the firm has been in existence a minimum of fifteen (15) years. The firm shall have experience in roadway design projects a minimum of ten (10) years. (20%)
- B. Experience and Qualifications of the firm specific to state and federally funded road projects (30%)
- C. Experience and Qualifications of Individual Staff Members including the names and resumes of the principal officers, partners, and/or officials (25%)
