## **ADDENDUM 1**

To: All Prospective Vendors

From: Kristinia Davis,  
Purchasing Agent

Re: Request for Clarification

Subject: ITB #9402300049(KD) Blackbox Digital UHF Radios

Date: March 6, 2023

This addendum is issued to provide the answers to questions received as of 3/6/23. It shall be considered as part of the contract subject to all the general conditions thereof, the same as if attached to and included in the original specifications. All items included in the addendum shall be covered in the Bid as submitted by the Vendor.

- Question:** Regarding the “2 Slot Simplex” feature, listed in the requirements. This feature is often handled differently by different manufacturers leading to compatibility challenges.
  - Is this feature currently used by your organization? If so, could you please describe how is it used and what radio brands and models it is used with?
  - If it’s not currently used, is it planned to be used in the future? Or it is just listed as part of the specifications but is not a mandatory requirement?

**Answer:** We are not looking for a different radio or manufacturer. This particular radio is already used at one of our High Schools and allows us to augment not replace those which are basically new.

Any questions regarding this Addendum, please contact Kristinia Davis at [kris.davis@sullivancountyttn.gov](mailto:kris.davis@sullivancountyttn.gov)
