FORMS AND SPECIFICATIONS

Details, proposal forms, and specifications are available from the Town of Greeneville website, www.greenevilletn.gov. Vendors are required to use the official "PROPOSAL FORMS", and all attachments itemized herein are to be submitted as a single document.

PROPOSAL SUBMITTAL

One (1) original and one (1) copy (for a total of 2), of each proposal shall be submitted in a sealed envelope, prominently marked on the outside with the words, "WASHER\EXTRACTOR RFP". Proposals submitted in express, overnight or courier envelopes, boxes or packages must be prominently marked on the outside with the words, "WASHER\EXTRACTOR RFP" and contents sealed as required.

- Deadline for Submissions in response to the Request for Proposals: Proposals must be received no later than 10:45 a.m., March 15, 2023. Proposals submitted by FAX or other electronic media will not be accepted under any circumstances. Late proposals will not be accepted, and will be returned, unopened, to the Vendor, at the Vendor's expense.
- The Greeneville Fire Department reserves the right to reject any and/or all proposals, reserves the right to waive any informalities or irregularities in the proposal, and reserves the right to award contract(s) in the best interest of the Department.
- Proposals are to be submitted to the following address:

Town of Greeneville
Attn: Chief Alan Shipley (WASHER\EXTRACTOR RFP)
200 N. College St.
Greeneville, TN 37743

The Greeneville Fire Department is seeking proposal for four (4) firefighting gear washer-extractors. A complete proposal package, specifications, delivery, installation and training shall be provided in the proposals. The following are the minimum requirements for the washer/extractors:

- Must be compliant with NFPA 1851 Standard on Selection, Care, and Maintenance of Protective Ensembles for Structural Fire Fighting and Proximity Fire Fighting (latest version)
- Inner and outer drums must be constructed of 304 stainless steel
- Minimum washing load capacity of 40 lbs.
- Not have a g-force that exceeds 100 G or shall have the capability of drum revolutions per minute (RPM) adjustment such that the g-force can be adjusted to not exceed 100 G for all washed ensembles and ensemble elements.
- Programmable to permit multiple formulations for adjustments of detergent application, water temperature, water level, cycle type/function, and cycle time.
- Chemical injection system that automatically injects exact amounts of cleaning chemicals at exactly the right time in the wash process and at the right water temperature. (list as an option)
- Minimum 6" steel base to be provided
- Soft-mount type, not requiring additional pad for mounting
- Available in single and three phase electrical configuration (to be verified by installer on configuration)
- Required washing machine water and drain hookups
- Include freight, delivery, installation, set-up, start-up, and employee training at the following locations:
 - GFD Station 1, 710 W Summer St., Greeneville, TN 37743
 - GFD Station 2, 945 Carson St., Greeneville, TN 37743
 - GFD Station 3, 1325 E Andrew Johnson Hwy., Greeneville, TN 37745
 - GFD Station 4, 623 Mt. Bethel Rd., Greeneville, TN 37745
- Minimum 5-year limited warranty on frame, cylinder, and shell
- Any and all exceptions to the specifications outlined herein must be noted on this bid specification and thoroughly explained in the bid proposal.
