Saginaw High School  
3100 Webber St., Saginaw, MI 48601  
Elevator Repair and Modernization

**Summary**

Repair and complete modernization of the passenger hydraulic elevator to meet current elevator and ADA code compliance.

**Scope of Work**

All new safety devices to be compliant with current codes.

New microprocessor controller.

New pump unit, new hydraulic oil, and associated materials such as motors, starters, safeties, etc.

New integral 4-coil control valve for up, down, and leveling.

New door operator and related door equipment.

New fixtures in the car and the hall, including car operating panel, lighting, indicators, signals, hall controls, etc.

Bids should include explanations of contractor recommended elevator system and fixtures to be installed and any supporting material.

Bids should include three letters of recommendations from similar customers.

If any unforeseen issues shall arise that will incur any additional charges above the proposal amount, work shall cease, and changes must be negotiated between the contractor and representatives of the Saginaw Public School District.
