# BENEFIT SPOTLIGHT

## ► RECURRENCE BENEFIT for cancer and heart & stroke

When you've been through a critical illness, the disease could come back.

- **According to the American Cancer Society, cancer survivors are at risk for recurrence of the original cancer and the development of new cancers.**<sup>1</sup>
- **Nearly one-quarter of all heart attacks and nearly one-quarter of strokes are recurrences.**<sup>2</sup>

With Washington National Active Care, you'll be **protected** if you have a recurrence. One year after you have not received or needed treatment for a cancer, heart attack or stroke diagnosis, your recurrence lump-sum benefit begins to grow—to a maximum of 50% after five years. You'll have coverage for a recurrence diagnosis even if your other insurance stops paying.

## ► HOSPITAL BENEFITS WORK FOR YOU

Hospital benefits cover you:

- **Every year**—even when you're healthy—for doctor office wellness visits.
- **Wherever you're treated**, whether it's a hospital, ICU or rehab facility.
- For **outpatient surgeries**.

These benefits are available to you for everyday care and in the event of accidents or sicknesses.
