

ADDENDUM NO. 1

Issue Date: July 02, 2020

Project Name: Demolition and Concrete Placement at IRC Landfill

Bid Number: 2020050

Bid Opening Date: **July 14, 2020**

This addendum is being released to answer questions received to date.

The information and documents contained in this addendum are hereby incorporated in the invitation to bid. **This addendum must be acknowledged where indicated on the bid form, or the bid will be declared non-responsive.**

Questions and Answers

1. Is concrete testing by owner just like soil testing is in Phase 1?
All concrete testing requirements are the responsibility of the winning contractor as defined in the bid. Geotechnical Soil Bearing and suitability test will be handled by county contractor separate and apart from this bid.
2. Is sod required for either Phase?
No - all remaining disturbed areas in each phase shall receive Bermuda hydro seed covered with straw and watered in for final cover.
3. Will the contractor have to pay County landfill charges from the demolition in Phase 2 or will the County take care of these costs?
No - All materials associated with the demolition must be weighed on landfill scales and disposed of properly within landfill. County will charge applicable tonnage fees to the project. Contractor will not be charged.
4. Is there currently water service connected to the existing metal building in Phase 2?
No.
5. Is there currently sanitary sewer service connected to the existing metal building in Phase 2?
No.

Addendum - 2020050

6. Are there any existing wells in the area of Phase 1 new slab?

Unknown.
