SECTION 1 - INTRODUCTION AND INFORMATION

1.1. INTRODUCTION:

The City was incorporated in 1963 and is located in the northwest corner of Broward County. The City is a predominantly single-family residential community. Some original areas of the community include large estate lots with one dwelling unit per 2.5 acres and estate lots with one dwelling unit per acre. Newer portions of the community are generally gated single-family home developments. Commercial development in the City is limited to a handful of shopping plazas which are for the most part concentrated on the SR7 corridor. The current population is estimated at 31,507 people and the median income of residents is estimate at \$128,292¹.

In 2009, the City annexed approximately 2,000 acres commonly referred to as “the Wedge”. This annexation increased the size of the City from approximately 11 square miles to nearly 13 square miles. Development of the Wedge is still ongoing but at build-out (approximately 2025), is projected to increase the City’s population. As with the rest of the City, development of the Wedge to date and going forward will bring additional residential homes and increase runoff. Additionally, there is an unincorporated parcel of approximately 800 acres located south of Loxahatchee Road and east of University Drive. This parcel is presently a working farm and is generally referred to as the “Hendrix property”. While there is no master plan adopted at this time, it is expected that this parcel will annex into the City of Parkland and be developed in the future.

Each prospective Vendor shall acknowledge receipt of such addenda in the space provided in the proposal form. In case any Vendor fails to acknowledge receipt of such addenda or addendum, Vendor’s proposal will nevertheless be considered as though it had been received and acknowledged and the submission of his proposal will constitute acknowledgment of the receipt of same. All addenda are a part of the contract documents and each Vendor will be bound by such addenda, whether or not received by Vendor. It is the responsibility of each prospective Vendor to verify that it has received all addenda issued before Proposals are opened. No verbal interpretations may be relied upon.

SECTION 5 – SPECIFICATIONS and PROPOSAL REQUIREMENTS

5.1. **PURPOSE:**

The City of Parkland (“City”) is seeking professional services from a qualified firm with experience in stormwater management, flood resiliency, community outreach and master planning for the purpose of developing a Citywide Stormwater Master Plan (“SWMP”). This plan is to involve the public, City Officials and City staff and evaluate the existing stormwater system in order to develop policies, strategies and a prioritized phased improvement program with projected costs to address current and future stormwater infrastructure needs.

5.2. **PROJECT BACKGROUND:**

The City was incorporated in 1963 and is located in the northwest corner of Broward County. The City is a predominantly single-family residential community. Some original areas of the community include large estate lots with one dwelling unit per 2.5 acres and estate lots with one dwelling unit per acre. Newer portions of the community are generally gated single-family home developments. Commercial development in the City is limited to a handful of shopping plazas which are for the most part concentrated on the SR7 corridor. The current population is estimated at 31,507 people and the median income of residents is estimated at \$128,292.

In 2009, the City annexed approximately 2,000 acres commonly referred to as “the Wedge”. This annexation increased the size of the City from approximately 11 square miles to nearly 13 square miles. Development of the Wedge is still ongoing but at build-out (approximately 2025), is projected to increase the City’s population. As with the rest of the City, development of the Wedge to date and going forward will bring additional residential homes and increase runoff. Additionally, there is an unincorporated parcel of approximately 800 acres located south of Loxahatchee Road and east of University Drive. This parcel is presently a working farm and is generally referred to as the “Hendrix property”. While there is no master plan adopted at this time, it is expected that this parcel will annex into the City of Parkland and be developed in the future.

The City of Parkland is located within the South Florida Water Management District (SFWMD) boundary and the following is a list of Water Control Districts within the City of Parkland limits:

1. **North Springs Improvement District (NSID):**

NSID maintains (among others) canals and lakes located in within the western portion of the City, inclusive of the Wedge and Coral Springs. The District operates three pump stations within the City that ultimately discharge to the L-36 canal and the Hillsboro Canal. The majority of the NSID area within the City is developed or under development private residential subdivisions which are controlled by a Homeowners Association (HOA). The HOAs are responsible for the maintenance of the stormwater system within their subdivisions. The City has previously discussed the possibility of adding The Ranches to NSID water control district,

however after discussion with SFWMD, NSID indicated they would not be able to service this area.

2. **Pine Tree Water Control District (PTWCD):**

PTWCD maintains (among others) the primary canals located within the eastern portion of the City. The district's main canal system extends south into Wiles Road (Coral Springs) and discharges (by gravity) to the Hillsboro Canal (L-39).

The majority of PTWCD area within the City is encompassed by Pine Tree Estates, a one acre lot single family home community without an HOA. The stormwater runoff from these lots are conveyed to a swale at the rear of the lots that eventually outfalls into the sawgrass canal. These swales are currently maintained by the property owners as it is the case for all secondary and tertiary conveyance systems within PTWCD boundaries. Country Acres, also a single family home community without an HOA, is also a part of the PTWCD boundaries, however, currently, there is not a designed conveyance system into the district's canal.

3. **Parkland Lakes Public Utility District (PLPUD):**

The Parkland Lakes Public Utility District is an independent water control district operation under an elected board. The homeowner association board of Cypress Head development also function as the governing body for the PLPUD. The PLPUD was created as part of the Parkland Lakes Planned Unit Development (P.U.D.) and is bounded on the north by the Hillsboro Canal, on the south by Holmberg Road, on the east by Parkside Drive and on the west by NW 81st Ave. PLPUD serves the Cypress Head development as well as some additional parcels along Parkside Drive which were platted as part of the original PUD. The drainage facilities in PLPUD consist of a series of lakes connected to a main canal system that discharges (by gravity) to the Hillsboro Canal (L-39). Canals and Lakes in this area are maintained and monitored by Cypress Head Homeowners Association although the area is also under the surface water management jurisdiction of Broward County for permitting and regulations.

4. **Broward County:**

The remaining areas in the City that are not a part of or maintained/ monitored by a special water control district are under the jurisdiction of Broward County. This area is mainly encompassed by The Ranches (2.5 acres single family lots), Hendrix Farm and The Falls at Parkland (private subdivision currently under development). All areas discharge (by gravity) to the Hillsboro Canal (L-39).

Complete storm water runoff and flood routing hydraulic analysis to identify existing system deficiencies.
- d) Develop a stormwater model for analysis of system capacity needs for existing and future development and expansion for the next 15 years. This model must be validated to reflect existing and future conditions and should evaluate 10-year 1-day, as well as 25-year, 100-year 3-day design storm events per SFWMD, Broward County and City requirements and future projections for growth, water table, flood maps and sea level rise.

- e) The model shall consist of a comprehensive basin by basin analysis of the existing and proposed stormwater systems, and how they react to different boundary conditions, including future projected climatological conditions and historical flash flood events over the last 10 years to analyze and recommend improvements related to the system capacity and level of service.
- f) Evaluate flood control LOS, vulnerability, resiliency, and potential risk for the Stormwater Management System and infrastructure from existing sea level conditions and potential impacts from sea level rise consistent with the Southeast Florida Regional Climate Change Compact.
- g) City-wide stormwater hydraulic/hydrological model must be developed from publically available platforms (for free or purchase), and the rights to the model provided to the City to ensure that the model may be used for permitting of stormwater projects or future City use and modifications.

CONTRACT

THIS CONTRACT is entered into by and between the CITY OF PARKLAND (CITY), a municipal corporation and _____ (CONTRACTOR), as follows

WITNESSETH:

WHEREAS, pursuant to RFQ # _____ (the RFQ) the CITY accepted competitive proposals for _____ (the Services); and

WHEREAS, the Services are delineated in the RFQ; and

WHEREAS, this Contract, the RFQ and the CONTRACTOR's Response constitute the entire Contract and describes the Services; and

WHEREAS, after evaluation of price and other relevant factors by the evaluation committee and the City Commission of the City of Parkland, Florida, the CITY has determined that the best proposal was submitted by CONTRACTOR and that CONTRACTOR has the necessary resources, experience and ability to perform the contract at a competitive price; and

WHEREAS, the CITY has awarded the Contract to CONTRACTOR for the Services on _____, 20____, Resolution No 20____/____;

WHEREAS, the purpose of this Contract is to implement the RFQ and the acceptance of CONTRACTOR's proposal in a binding Contract which contains the terms required in the RFQ and the CONTRACTOR's response, except as specifically modified herein.

NOW THEREFORE, be it agreed by and between the parties as follows:

ARTICLE I

INTRODUCTION AND SCOPE OF SERVICES

- 1.1 The above referenced Whereas clauses are true and correct and made a part hereof.
- 1.2 This Contract, the RFQ, attached hereto as Exhibit A, together with the response to the RFQ of CONTRACTOR, attached hereto as Exhibit B, shall constitute the entire Contract, except to the extent specifically modified on Exhibit C Additional Terms and Conditions (if no modifications, Exhibit C shall be left blank). The parties agree that the Scope of Services as defined in the RFQ is a description of CONTRACTOR's obligations

and responsibilities and is deemed to include preliminary considerations and prerequisites, and all labor, materials, equipment, and tasks which are such an inseparable part of the work described that exclusion would render performance by CONTRACTOR impractical, illogical, or unconscionable. The CITY Manager shall appoint a Contractor Administrator to act on behalf of the CITY with respect to this Contract.

- 1.3 Except as specifically modified herein, CONTRACTOR shall be bound by the terms and conditions and prices as set forth in the RFQ and the CONTRACTOR'S Response to the RFQ. When the terms and conditions of this Contract may be read as consistent with the RFQ, then and in that respect, the terms of both the RFQ and this Contract shall be read as being consistent and shall be binding on both parties. Where terms and conditions of this Contract contradict anything as set forth in the RFQ or the response to the RFQ, then the terms and conditions of this Contract shall be binding and in full force and effect to the extent of any inconsistency.
- 1.4 This is a non-exclusive contract. The CITY may, in its sole and absolute discretion, utilize other parties to provide any of the services listed in the RFQ, or any aspect of the Services if the CITY deems it to be in the best interest of the CITY.
- 1.5 CONTRACTOR acknowledges and agrees that the Contract Administrator has no authority to make changes that would increase, decrease, or otherwise modify the Scope of Services to be provided under this Contract.

ARTICLE 2

TERM AND TIME OF PERFORMANCE

- 2.1 The initial Contract term shall commence upon final execution of the Contract by the CITY and shall expire _____ (__) years from that date. The CITY reserves the right to extend the Contract for _____ (__) additional one (1) year term(s) providing all terms conditions and specifications remain the same, both parties agree to the extension, and such extension is approved by the CITY. The CONTRACTOR shall be compensated for the service at the rate in effect when this extension clause is invoked by the CITY.
- 2.2 Time shall be deemed to be of the essence in performing the duties, obligations and responsibilities required by this Contract.

ARTICLE 3

COMPENSATION

- 3.1 CITY agrees to pay CONTRACTOR, in the manner specified herein, the amounts set forth in CONTRACTOR'S Response for work actually performed and completed pursuant to this Contract, which amount shall be accepted by CONTRACTOR as full compensation for all such work. It is acknowledged and agreed by CONTRACTOR that this amount is the maximum payable and constitutes a limitation upon CITY's obligation to compensate CONTRACTOR for its services related to this

Contract. This amount, however, does not constitute a limitation, of any sort, upon CONTRACTOR's obligation to perform all items of work required by or which can be reasonably inferred from the Scope of Services. No amount shall be paid to CONTRACTOR to reimburse its expenses.

- 3.2 CONTRACTOR may submit invoices for compensation no more often than on a monthly basis, but only after the services for which the invoices are submitted have been completed. An original invoice plus one copy are due within fifteen (15) days of the end of the month except for the final invoice which must be received no later than sixty (60) days after this Contract expires. Invoices shall designate the nature of the services performed and/or the expenses incurred and may be in form as determined by the CITY.
- 3.3 CITY shall pay CONTRACTOR within thirty (30) calendar days of receipt of CONTRACTOR's proper invoice. To be deemed proper, all invoices must comply with the requirements set forth in this Contract and must be submitted on the form and pursuant to instructions prescribed by the Contract Administrator. Payment may be withheld for failure of CONTRACTOR to comply with any term, condition, or requirement of this Contract.
- 3.4 Notwithstanding any provision of this Contract to the contrary, CITY may withhold, in whole or in part, payment to the extent necessary to protect itself from loss on account of inadequate or defective work which has not been remedied or resolved in a manner satisfactory to the Contract Administrator or failure to comply with this Contract. The amount withheld shall not be subject to payment of interest by CITY.

ARTICLE 4

INDEMNIFICATION

CONTRACTOR shall at all times hereafter indemnify, hold harmless and, at the CITY Attorney's option, defend or pay for an attorney selected by the CITY Attorney to defend CITY, its officers, agents, servants, and employees from and against any and all causes of action, demands, claims, losses, liabilities and expenditures of any kind, including attorney fees, court costs, and expenses, caused or alleged to be caused by intentional or negligent act of, or omission of, CONTRACTOR, its employees, agents, servants, or officers, or accruing, resulting from, or related to the subject matter of this Contract including, without limitation, any and all claims, losses, liabilities, expenditures, demands or causes of action of any nature whatsoever resulting from injuries or damages sustained by any person or property. In the event any lawsuit or other proceeding is brought against CITY by reason of any such claim, cause of action or demand, CONTRACTOR shall, upon written notice from CITY, resist and defend such lawsuit or proceeding by counsel satisfactory to CITY or, at CITY's option, pay for an attorney selected by CITY Attorney to defend CITY. The provisions and obligations of this section shall survive the expiration or earlier termination of this Contract. To the extent considered necessary by the Contract Administrator and the CITY Attorney, any sums due CONTRACTOR under this Contract may be retained by CITY until all of CITY's claims for indemnification pursuant to this Contract have been

settled or otherwise resolved; and any amount withheld shall not be subject to payment of interest by CITY.

Nothing herein shall be deemed a waiver or limitation on CITY'S sovereign immunity or any limitations on CITY liability in any state statute or as otherwise provided by law.

ARTICLE 5

INSURANCE

CONTRACTOR shall provide the insurance to the extent required in the RFQ. Evidence of said insurance shall be provided within ten (10) days of execution by the CITY of this Contract or prior to the commencement of any work, whichever event occurs first.

ARTICLE 6

TERMINATION OR SUSPENSION

- 6.1 This Contract may be terminated for convenience by the CITY. Termination for convenience by the CITY shall be effective on the termination date stated in written notice provided by CITY, which termination date shall be not less than thirty (30) days after the date of such written notice. This Contract may also be terminated by the CITY Manager upon such notice as the CITY Manager deems appropriate under the circumstances in the event the CITY Manager determines that termination is necessary to protect the public health or safety. The parties agree that if CITY erroneously, improperly or unjustifiably terminates for cause, such termination shall be deemed a termination for convenience, which shall be effective thirty (30) days after such notice of termination for cause is provided.
- 6.2 This Contract may be terminated for cause for reasons including, but not limited to, CONTRACTOR's repeated (whether negligent or intentional) submission for payment of false or incorrect bills or invoices, failure to suitably perform the work; or failure to continuously perform the work in a manner calculated to meet or accomplish the objectives as set forth in this Contract.
- 6.3 Notice of termination shall be provided in accordance with the "NOTICES" section of this Contract except that notice of termination by the CITY Manager, which the CITY Manager deems necessary to protect the public health, safety, or welfare may be verbal notice that shall be promptly confirmed in writing in accordance with the "NOTICES" section of this Contract.
- 6.4 In the event this Contract is terminated for convenience, CONTRACTOR shall be paid for any services properly performed under the Contract through the termination date specified in the written notice of termination. CONTRACTOR acknowledges and agrees that it has received good, valuable and sufficient consideration from CITY, the receipt and adequacy of which are, hereby acknowledged by CONTRACTOR, for CITY's right to terminate this Contract for convenience.

6.5 In the event this Contract is terminated for any reason, any amounts due CONTRACTOR shall be withheld by CITY until all documents are provided to CITY pursuant to Section 8.1 of Article 8.

6.6 Should at any time during the term of this Contract, including any option terms, the CONTRACTOR is in violation of any of the terms and conditions of this Contract, the CITY shall have the right to suspend the CONTRACTOR until the violation is resolved to the satisfaction of the CITY. If the violation is not promptly resolved or is of such serious nature that the CITY determines that suspension is not adequate, the CITY reserves the right to terminate for cause.

6.6.1 In the event a CONTRACTOR is terminated, the CITY may assign the Contract to another CONTRACTOR, or seek a new CONTRACTOR, until the Contract is re-let, or until the end of the Contract term then in effect, at its sole option and shall reserve all legal remedies for damages and other relief.

ARTICLE 7

EEO AND ADA COMPLIANCE

7.1 CONTRACTOR shall not unlawfully discriminate on the basis of race, color, national origin, sex, religion, age, political affiliation or disability in the performance of this Contract, the solicitation for or purchase of goods or services relating to this Contract, or in subcontracting work in the performance of this Contract. CONTRACTOR shall include the foregoing or similar language in its contracts with any subcontractors or sub consultants, except that any project assisted by the U.S. Department of Transportation funds shall comply with the non-discrimination requirements in 49 C.F.R. Parts 23 and 26, as amended. Failure to comply with the foregoing requirements is a material breach of this Contract, which may result in the termination of this Contract or such other remedy as CITY deems appropriate.

7.2 CONTRACTOR shall not unlawfully discriminate against any person in its operations and activities or in its use or expenditure of funds in fulfilling its obligations under this Contract. CONTRACTOR shall affirmatively comply with all applicable provisions of the Americans with Disabilities Act (ADA) in the course of providing any services funded by CITY, including Titles I and II of the ADA (regarding nondiscrimination on the basis of disability), and all applicable regulations, guidelines, and standards.
