1. **Immediate Termination.** This Contract will terminate immediately and absolutely if the County determines that adequate funds are de-appropriated such that the County cannot fulfill its obligations under the Contract, which determination is at the County's sole discretion and shall be conclusive. Further, the County may terminate the Contract for any one or more of the following reasons effective immediately without advance notice:

- (i) In the event the Contractor is required to be certified or licensed as a condition precedent to providing the Services, the revocation or loss of such license or certification may result in immediate termination of the Contract effective as of the date on which the license or certification is no longer in effect;
- (ii) The County determines that the actions, or failure to act, of the Contractor, its agents, employees or subcontractors have caused, or reasonably could cause, life, health or safety to be jeopardized;
- (iii) The Contractor fails to comply with confidentiality laws or provisions; and/or
- (iv) The Contractor furnished any statement, representation or certification in connection with the Contract or the proposalding process which is materially false, deceptive, incorrect or incomplete.

2. Termination for Cause. The occurrence of any one or more of the following events shall constitute cause for the County to declare the Contractor in default of its obligations under the Contract:

- (i) The Contractor fails to deliver or has delivered nonconforming Services or fails to perform, to the County's satisfaction, any material requirement of the Contract or is in violation of a material provision of the Contract, including, but without limitation, the express warranties made by the Contractor;
- (ii) The County determines that satisfactory performance of the Contract is substantially endangered or that a default is likely to occur;
- (iii) The Contractor fails to make substantial and timely progress toward performance of the Contract;
- (iv) The Contractor becomes subject to any bankruptcy or insolvency proceeding under federal or state law to the extent allowed by applicable federal or state law including bankruptcy laws; the Contractor terminates or suspends its business; or the County reasonably believes that the Contractor has become insolvent or unable to pay its obligations as they accrue consistent with applicable federal or state law;
- (v) The Contractor has failed to comply with applicable federal, state and local laws, rules, ordinances, regulations and orders when performing within the scope of the Contract;
- (vi) The Contractor has engaged in conduct that has or may expose the County or the State to liability, as determined in the County's sole discretion; or

(vii) The Contractor has infringed any patent, trademark, copyright, trade dress or any other intellectual property rights of the County, the State, or a third party.

3. **Notice of Default.** If there is a default event caused by the Contractor, the County shall provide written notice to the Contractor requesting that the breach or noncompliance be remedied within the period of time specified in the County's written notice to the Contractor. If the breach or noncompliance is not remedied within the period of time specified in the written notice, the County may:

(i) Immediately terminate the Contract without additional written notice; and/or

(ii) Procure substitute services from another source and charge the difference between the Contract and the substitute contract to the defaulting Contractor; and/or,

(iii) Enforce the terms and conditions of the Contract and seek any legal or equitable remedies.

4. **Termination Upon Notice.** Following thirty (30) days' written notice, the County may terminate the Contract in whole or in part without the payment of any penalty or incurring any further obligation to the Contractor. Following termination upon notice, the Contractor shall be entitled to compensation, upon submission of invoices and proper proof of claim, for Services provided under the Contract to the County up to and including the date of termination.

5. **Termination Due to Change in Law.** The County shall have the right to terminate this Contract without penalty by giving thirty (30) days' written notice to the Contractor as a result of any of the following:

(i) The County's authorization to operate is withdrawn or there is a material alteration in the programs administered by the County; and/or

(ii) The County's duties are substantially modified.

6. **Payment Limitation in Event of Termination.** In the event of termination of the Contract for any reason by the County, the County shall pay only those amounts, if any, due and owing to the Contractor for the Services actually rendered up to the date specified in the notice of termination for which the County is obligated to pay pursuant to the Contract or Purchase Instrument. Payment will be made only upon submission of invoices and proper proof of the Contractor's claim. This provision in no way limits the remedies available to the County under the Contract in the event of termination. The State shall not be liable for any costs incurred by the Contractor in its performance of the Contract, including, but not limited to, startup costs, overhead or other costs associated with the performance of the Contract.

7. The Contractor's Termination Duties. Upon receipt of notice of termination or upon request of the County, the Contractor shall:

- (i) Cease work under the Contract and take all necessary or appropriate steps to limit disbursements and minimize costs, and furnish a report within thirty (30) days of the date of notice of termination, describing the status of all work under the Contract, including, without limitation, results accomplished, conclusions resulting therefrom, and any other matters the County may require;
- (ii) Immediately cease using and return to the County, any personal property or materials, whether tangible or intangible, provided by the County to the Contractor;
- (iii) Comply with the County's instructions for the timely transfer of any active files and work product produced by the Contractor under the Contract;
- (iv) Cooperate in good faith with the County and its employees, agents and contractors during the transition period between the notification of termination and the substitution of any replacement contractor(s); and
- (v) Immediately return to the County any payments made by the County for Services that were not delivered or rendered by the Contractor.

8. Termination for Convenience of Owner. The Owner may, at will, upon written notice to the Contractor, terminate (without prejudice to any right or remedy of the Owner) the whole or any portion of the Work for the convenience of the Owner.

All costs must be substantiated by adequate back-up documentation. The termination will not affect any rights or remedies of the Owner against the Contractor then existing or which may thereafter accrue. Any retention or payment of moneys due to the Contractor by the Owner will not release the Contractor from liability.

F. CONFIDENTIAL INFORMATION

1. Access to Confidential Data. The Contractor's employees, agents and subcontractors may have access to confidential data maintained by the County to the extent necessary to carry out the Contractor's responsibilities under the Contract. The Contractor shall presume that all information received pursuant to the Contract is confidential unless otherwise designated by the County. 2. **No Dissemination of Confidential Data.** No confidential data collected, maintained, or used in the course of performance of the Contract shall be disseminated except as authorized by law and with the written consent of the County, either during the period of the Contract or thereafter. K. PRODUCT RECALL

If this Contract includes the provision of goods and in the event that any of the goods are found by the Contractor, the County, any governmental agency, or court having jurisdiction to contain a defect, serious quality or performance deficiency, or not to be in compliance with any standard or requirement so as to require or make advisable that such goods be reworked or recalled, the Contractor will promptly communicate all relevant facts to the County and undertake all corrective actions, including those required to meet all obligations imposed by laws, regulations, or orders, and shall file all necessary papers, corrective action programs, and other related documents, provided that nothing contained in this section shall preclude the County from taking such action as may be required of it under any such law or regulation. L. CONTRACT ADMINISTRATION

- 1. Order of Preference.** In the case of any inconsistency or conflict among the specific provisions of the County Standard Contract Terms and Conditions (including any amendments accepted by both the County and the Contractor attached hereto), the solicitation (including any subsequent addenda), and the Contractor's Response, any inconsistency or conflict shall be resolved as follows:
 - (i)** First, by giving preference to the specific provisions of the County General Terms and Conditions.
 - (ii)** Second, by giving preference to the specific provisions of the solicitation.
 - (iii)** Third, by giving preference to the specific provisions of the Contractor's Response, except that objections or amendments by a Contractor that have not been explicitly accepted by the County in writing shall not be included in this Contract and shall be given no weight or consideration.
- 2. Intent of References to Proposal Documents.** The references to the parties' obligations, which are contained in this document, are intended to supplement or clarify the obligations as stated in the solicitation and the Contractor's Response. The failure of the parties to make reference to the terms of the solicitation or the Contractor's Response in this document shall not be construed as creating a conflict and will not relieve the Contractor of the contractual obligations imposed by the terms of the solicitation and the Contractor's Response. The contractual obligations of the County cannot be implied from the Contractor's Response.
- 3. Compliance with the Law.** The Contractor, its employees, agents, and subcontractors shall comply with all applicable federal, state, and local laws, rules, ordinances, regulations

and orders of various departments or agencies of the State of Georgia now or hereafter in effect when performing under the Contract, including without limitation, all laws applicable to the prevention of discrimination in employment and the use of targeted small businesses as subcontractors or contractors. The Contractor, its employees, agents and subcontractors shall also comply with all federal, state and local laws regarding business permits and licenses that may be required to carry out the work performed under the Contract. Contractor and Contractor's personnel shall also comply with all State and County policies and standards in effect during the performance of the Contract, including but not limited to the County's policies and standards relating to personnel conduct, security, safety, confidentiality, and ethics. Further, the provisions of O.C.G.A. Section 45-10-20 et seq. have not and must not be violated under the terms of this Contract. Contractor certifies that Contractor is not currently engaged in, and agrees for the duration of this Contract not to engage in, a boycott of Israel, as defined in O.C.G.A. § 50-5-85.

4. Drug-free Workplace. The Contractor hereby certifies as follows:

- (i) Contractor will not engage in the unlawful manufacture, sale, distribution, dispensation, possession, or use of a controlled substance or marijuana during the performance of this Contract; and
- (ii) If Contractor has more than one employee, including Contractor, Contractor shall provide for such employee(s) a drug-free workplace, in accordance with the Georgia Drug-free Workplace Act as provided in O.C.G.A. Section 50-24-1 et seq., throughout the duration of this Contract; and
- (iii) Contractor will secure from any subcontractor hired to work on any job assigned under this Contract the following written certification: "As part of the subcontracting agreement with (Contractor's Name), (Subcontractor's Name) certifies to the contractor that a drug-free workplace will be provided for the subcontractor's employees during the performance of this Contract pursuant to paragraph 7 of subsection (b) of Code Section 50-24-3."

Contractor may be suspended, terminated, or debarred if it is determined that:

- (i) Contractor has made false certification here in above; or
- (ii) Contractor has violated such certification by failure to carry out the requirements of O.C.G.A. Section 50-24-3(b).

5. Amendments. The Contract may be amended in writing from time to time by mutual consent of the parties. All amendments to the Contract must be in writing and fully executed by duly authorized representatives of the County and the Contractor.

6. **Third Party Beneficiaries.** There are no third-party beneficiaries to the Contract. The Contract is intended only to benefit the County and the Contractor.
7. **Choice of Law and Forum.** The laws of the State of Georgia shall govern and determine all matters arising out of or in connection with this Contract without regard to the choice of law provisions of State law. In the event any proceeding of a quasi-judicial or judicial nature is commenced in connection with this Contract, such proceeding shall solely be brought in a court or other forum of competent jurisdiction within Dawson County, Georgia. This provision shall not be construed as waiving any immunity to suit or liability, including without limitation sovereign immunity, which may be available to the State. If any provision hereof shall be held or deemed to be or shall, in fact, be inoperative or unenforceable as applied in any particular case in any jurisdiction or jurisdictions or in all jurisdictions, or in all cases because it conflicts with any other provision or provisions hereof or any constitution or statute or rule of public policy, or for any other reason, such circumstances shall not have the effect of rendering the remaining provision of this Contract invalid, inoperative or unenforceable.
8. **Parties' Duty to Provide Notice of Intent to Litigate and Right to Demand Mediation.** In addition to any dispute resolution procedures otherwise required under this Contract or any informal negotiations which may occur between the County and the Contractor, no civil action with respect to any dispute, claim or controversy arising out of or relating to this Contract may be commenced without first giving fourteen (14) calendar days written notice to the County of the claim and the intent to initiate a civil action. At any time prior to the commencement of a civil action, either the County or the Contractor may elect to submit the matter for mediation. Either the County or the Contractor may exercise the right to submit the matter for mediation by providing the other party with a written demand for mediation setting forth the subject of the dispute. The parties will cooperate with one another in selecting a mediator and in scheduling the mediation proceedings. Venue for the mediation will be in Dawsonville, Georgia; provided, however, that any or all mediation proceedings may be conducted by teleconference with the consent of the mediator. The parties covenant that they will participate in the mediation in good faith, and that they will share equally in its costs; provided, however, that the cost to the County shall not exceed five thousand dollars (\$5,000.00).

All offers, promises, conduct and statements, whether oral or written, made in the course of the mediation by any of the parties, their agents, employees, experts and attorneys, and by the mediator or employees of any mediation service, are inadmissible for any purpose (including but not limited to impeachment) in any litigation or other proceeding involving the parties, provided that evidence that is otherwise admissible or discoverable shall not be rendered inadmissible or non-discoverable as a result of its use in the mediation. Inadmissibility notwithstanding, all written documents shall nevertheless be subject to the Georgia Open Records Act, O.C.G.A. Section 50-18-70 et seq.

No party may commence a civil action with respect to the matters submitted to mediation until after the completion of the initial mediation session, forty-five (45) calendar days after the date of filing the written request for mediation with the mediator or mediation service, or sixty (60) calendar days after the delivery of the written demand for mediation, whichever occurs first. Mediation may continue after the commencement of a civil action, if the parties so desire.

- 9. Assignment and Delegation.** The Contract may not be assigned, transferred or conveyed in whole or in part without the prior written consent of the County. For the purpose of construing this clause, a transfer of a controlling interest in the Contractor shall be considered an assignment.
- 10. Use of Third Parties.** Except as may be expressly agreed to in writing by the County, Contractor shall not subcontract, assign, delegate or otherwise permit anyone other than Contractor or Contractor's personnel to perform any of Contractor's obligations under this Contract or any of the work subsequently assigned under this Contract. No subcontract which Contractor enters into with respect to performance of obligations or work assigned under the Contract shall in any way relieve Contractor of any responsibility, obligation or liability under this Contract and for the acts and omissions of all subcontractors, agents, and employees. All restrictions, obligations and responsibilities of the Contractor under the Contract shall also apply to the subcontractors. Any contract with a subcontractor must also preserve the rights of the County. The County shall have the right to request the removal of a subcontractor from the Contract for good cause.
- 11. Integration.** The Contract represents the entire agreement between the parties. The parties shall not rely on any representation that may have been made which is not included in the Contract.
- 12. Headings or Captions.** The paragraph headings or captions used in the Contract are for identification purposes only and do not limit or construe the contents of the paragraphs.
- 13. Not a Joint Venture.** Nothing in the Contract shall be construed as creating or constituting the relationship of a partnership, joint venture, (or other association of any kind or agent and principal relationship) between the parties thereto. Each party shall be deemed to be an independent contractor contracting for the Services and acting toward the mutual benefits expected to be derived here from. Neither Contractor nor any of Contractor's agents, servants, employees, subcontractors or contractors shall become or be deemed to become agents, servants, or employees of the County. Contractor shall therefore be responsible for compliance with all laws, rules and regulations involving its employees and any subcontractors, including but not limited to employment of labor, hours of labor, health and safety, working conditions, workers' compensation insurance, and payment of wages. No party has the authority to enter into any contract or create an obligation or liability on behalf of, in the name of, or binding upon another party to the Contract.

Dawson County Board of Commissioners

Local Small Business Initiative

Purpose & Scope:

Giving preference to local suppliers, even if it means spending a little more, can actually benefit a county's finances. Dollars spent locally generate additional economic activity even beyond the value of the initial contract as the local supplier in turn sources goods and services locally. Each additional dollar that circulates locally boosts economic activity, employment, and ultimately tax revenue. A study in Arizona found that using local independent suppliers for state contracts results in three times the economic benefit of proposals fulfilled through national chains.

Local Small Business Initiative (LSBI) is a Dawson County program designed to promote opportunities to Local Small Businesses located in Dawson County.

The **LSBI** program is designed to return as much taxpayer money to the local economy, in a relatively short time span, as possible while at the same time foster inclusiveness with the County's procurement activities and a goal to provide more opportunities for Dawson County businesses.

Definition of Local Small Business:

- Local Small Business shall mean a business which has its principal office located in and having a street address within Dawson County for at least six months immediately prior to the issuance of the quote/proposal/proposal. Post Office boxes (to include mailing/shipping center addresses) are not eligible and shall not be used for the purpose of establishing a physical address.
- Must hold a valid business license required by the County and have no outstanding or unresolved fees, fines or penalties due to Dawson County.
- Not have more than twenty-five (25) employees, and of which at least 33% of those employees have their primary residence in Dawson County, or, if the business has no employees, the business shall be at least fifty-one (51%) percent owned by one or more persons whose primary residence in Dawson County.
- Have a banking relationship with a bank located in Dawson County.
- Average annual gross receipts of five million dollars (\$5,000,000.00) or less over the previous three years.
- Must certify under oath to the above criteria upon submission for any proposal, solicitation, or proposal to Dawson County.

The LSBI Policy will not be applicable for the following types of purchases, proposals, or solicitations:

- Goods or services provided under a cooperative purchasing agreement or inter-local agreement;
- Purchases or contracts which are funded in whole or part by a governmental entity and the laws, regulations, or policies governing such funding prohibit application of preference;
- Purchases made or contracts let under emergency or non-competitive situations or for legal services;
- Projects over \$100,000.00.

Affidavit:

The County will accept an affidavit that a business meets the County’s standards to be considered a Local Small Business. The County, in its sole discretion, may request additional information from the business to support its claim of being a Local Small Business. The Purchasing Department will be required to review the affidavit and request additional information as necessary to ensure the LSBI criteria are satisfied. The County will notify a business of acceptance of LSBI certification.

How Incentive Works:

Under any applicable solicitation or proposal, vendors desiring to receive local preference under the LSBI Policy will be required to affirmatively demonstrate via affidavit that they satisfy all pertinent requirements. Any vendor who fails to submit the required affidavit shall be automatically excluded from LSBI consideration. Vendors shall submit the affidavit with each solicitation or proposal . The affidavit contemplated under this Policy is valid only for the submitted solicitation or proposal, and must be reaffirmed and resubmitted for each subsequent solicitation of proposal.

For any solicitation that is under \$100,000.00 the Local Small Business (as demonstrated via affidavit) that submits a responsive, responsible price, a local preference credit of 3%.

Waiver:

The application of local preference to a particular purchase, contract, proposal, solicitation or category of contracts may be waived by the Dawson County Board of County Commissioners in its sole discretion. The promulgation of this Policy is not intended nor should it be construed as created a right or property interest in local preference or in the local preference credit.
