HAZEL:

In response to your e-mail:

PAGE 11: This is how I have responded before. What it means is we set your account up in our computer and bill your account at 15% above the cost that is loaded in our system. This is how I priced the list that I returned to you with this response.

PAGE 18. I missed the last question. I see no reason why we could not sell other government entities at the same price we are quoting you. The answer would be Yes

If you have any more questions please call.

Thank
