Sealed bids will be received by the City of Murfreesboro at the Murfreesboro Water and Sewer Department Sinking Creek plant, located at 2032 Blanton Dr., Murfreesboro, Tennessee, until 2:00 p.m. local time on May 30, 2017, at which time the bids will be opened.
- 1.1.2. Bids may be mailed or delivered to the Murfreesboro Water and Sewer Department, 2032 Blanton Dr., Murfreesboro, TN 37129. Attached are the specifications and bid form for the purchase of chemicals for water and wastewater treatment. All bids shall be submitted on the attached bid form in sealed envelopes with “**2017 Sinking Creek WWTP Chemical Bids - Attn: John Strickland**” on the outside of the envelope. All bids must be signed. Failure of a bidder to sign a bid proposal removes the bid from consideration. A typed name will not be acceptable without the person’s written signature as well. The City will not accept bid responses submitted by fax or electronic mail.
- 1.1.3. Bid responses must be received and acknowledged in the Water and Sewer Department Administrative Office on or before the date and time specified for the receipt of bid responses. A bid opening date has been set for May 30, 2017, at 2:00 p.m. local time in the Sinking Creek plant Administrative Office conference room. No bids received after closing time will be accepted. All late bid responses will be returned unopened to the bidder. Bids postmarked on the bid opening date but received in the Water and Sewer Department Administrative Office after the specified time will be considered late and will be returned unopened. The City shall not be responsible for bid responses that are mailed or sent via private delivery services.
- 1.1.4. These documents constitute the complete set of specification requirements and bid response forms. The bidder is responsible for insuring that all pages and all addenda are received. The City advises all bidders to closely examine this ITB package, and to immediately direct any questions regarding the completeness of this ITB package and any addenda thereto to the City’s contact person.
- 1.1.5. Any prospective bidder desiring an explanation or interpretation of this ITB, drawings, specifications, etc., must request such explanation in a written form received by the contact person no later than two (2) days prior to the bid opening date.
- 1.1.6. There may be one or more amendments to this ITB. If you desire to receive copies or notices of any such amendments, you must complete and submit the Contact Information Form included in the ITB. Please send this information to the contact person listed above via fax or e-mail. The City will send amendments only to those firms which timely complete and return this form via fax or provide the requested information by timely e-mail.
- 1.1.7. Any discrepancies, errors, omissions, or ambiguities in this bid, the specifications or addenda (if any) should be reported to the contact person for the City. If necessary, a written addendum will be issued to bidders on record and the addendum will be incorporated in the bid and will become part of the purchase agreement. The City will NOT be responsible for any oral instructions, clarifications or other communications and no such oral communication may be relied on by any bidder.

## 1.2. Bid Responses

- 1.2.1. Bid responses must be submitted in a sealed envelope that includes the bid title, bid opening date, and the bidder's name. Failure to provide this information on the envelope may result in the bid not being considered.
- 1.2.2. All bid responses should be typewritten. If not typewritten, they must be written in ink and clearly legible, and numbers must be expressed in both words and figures. All bids must be signed by an individual authorized to bind the bidder. Signatures are required where indicated; failure to comply with this requirement shall be cause for rejection of bid response. Erasures, white-outs and "typeovers," and other modifications should be initialed. Bidders are cautioned to verify their bid response prior to submission. Failure of a bidder to sign a bid proposal removes that bid from consideration. A typed name will not be acceptable without the person's written signature.
- 1.2.3. Certain mistakes may be corrected so long as the intended correct bid response is clearly evident. In the event of a disagreement between unit price and extended price, the unit price will control.
- 1.2.4. Specifications furnished in the request for bid are intended to establish a desired quality or performance level, or other minimum requirements, which will provide the City with the best product available at the lowest possible price. Should the bidder wish to bid on items which exceed the minimum specifications, the bidder is encouraged to attach a separate sheet providing a description of such components.
- 1.2.5. **Return the signed bid response form plus the completed and signed chemical specification sheet for each chemical being submitted.**
- 1.2.6. Bidders must specify manufacturer's name for all products proposed and show the unit price on each individual item as specified. If bidding a substitute article, a bidder must provide the manufacturer's name, brand, and catalogue reference, specifications for the substituted article, and/or other information that will enable the City to make the determination of similarity, serviceability and suitability of the substitute. The City reserves the right to be the sole judge in making such determination.
- 1.2.7. If bidding a substitute article, the bidder may, no less than five (5) working days in advance of the bid opening, request a determination from the City whether the substituted item is equal and/or better and of comparable quality as specified. The City will attempt to give the bidder notice of City's determination no later than two (2) working days in advance of the bid opening. Bidder is not required to seek such pre bid approval but the bid may be rejected for failure to meet specifications if the proposed substitute is unacceptable to City. Determination that a product is of equal or better quality for the purpose of the bid shall not negate the City's right to reject or cancel a contract should the substitute product prove unsatisfactory in actual operation.
- 1.2.8. Where more than one item is listed, any item(s) not bid upon should be indicated "No Bid". Any and all items left blank will be considered a "No Bid" for that item.
- 1.2.9. A bidder desiring to bid "No Charge" for an item must so indicate by writing "no charge" or "N/C". Bidders shall not leave an item blank since it will be construed as incomplete and may be rejected.
- 1.2.10. Bid responses may only be withdrawn until bid opening after which time no bids may be withdrawn for a period of ninety (90) days after bid opening.

- 1.2.11. Bid responses may be modified by written notice received and acknowledged by the Director's Office prior to the date and time for public opening of bids. Late modifications cannot be considered.
- 1.2.12. The City will not be liable for any costs incurred by the bidder in preparing a response to this solicitation. Bidders will submit responses at their own risk and expense. All responses and their accompanying documentation will become the record of the City.
- 1.2.13. The City is exempt from federal and state taxes. Upon request, the City will provide a sales tax exemption certificate to the awarded bidder. Vendors doing business with the City shall not be exempted from paying sales tax to their suppliers for materials to fulfill contractual obligations to the City, nor shall any vendor be authorized to use the City's Tax Exemption Number in securing such materials.

### **1.3. Bid Award**

- 1.3.1. Any contract awarded pursuant to this ITB shall be awarded to the lowest responsive and responsible bidder whose bid response meets the requirements and criteria set forth in this ITB. A "responsive bidder" means a person who has submitted a bid response, which conforms in all material respects to the ITB. A "responsible bidder" means a person who has the capacity, reputation and experience in all respects to perform fully the contract requirements and the integrity and reliability, which will assure good faith performance within the time specified without delay or interference.
- 1.3.2. The City may make such investigations as deemed necessary to determine the ability of the bidder to provide the products and services required by the bid package.
- 1.3.3. This solicitation in no manner obligates the City to the purchase described, implied or which may be proposed, until confirmed by a written contract. Progress toward this end is solely at the discretion of the City and may be terminated at any time prior to the signing of a contract. The City reserves the right to make revisions to any quantity shown on the bid form dependent upon bid prices and available funding. Prices bid on each item shall be firm regardless of the actual quantity of item(s) purchased.
- 1.3.4. The successful bidder shall provide the chemical(s) as specified. Pricing shall be effective for the term of the contract, which is through June 30, 2019 with the option to renew for up to three additional one year terms. If in the bidder's opinion, additional equipment or services are necessary to handle or feed this chemical; this shall be included with explanation in the bid. It is requested that bidders raise any such questions in advance of submitting a bid to the City. To submit a bid implies consent to the terms as set forth in this bid.
- 1.3.5. Any items bid deemed not of equal and/or better and of comparable quality as that specified shall be cause for rejection of bids. In addition to the price, the following aspects will also be considered in the award of a contract:
  - a. The ability of the bidder to perform the contract or to provide the material for service required;
  - b. Whether the bidder can perform the contract and provide the material or service promptly or within the time specified without delay or interference;

- c. The character, integrity, reputation, experience and efficiency of the bidder;
  - d. The previous and existing compliance, by the bidder, with laws and ordinances relating to the contract or service;
  - e. The ability of the bidder to provide future maintenance and service for the use of the subject contract;
  - f. Terms and conditions stated in bid;
  - g. Compliance with specifications or requests for proposal;
  - h. Utilization of the format set forth in Section 3 for submittal of a bid; and,
  - i. Bidder's past performance with the City.
- 1.3.6. The City reserves the right to reject any and all bids, to waive any irregularities in a bid, to make awards to more than one bidder, to accept any part or all of a bid, or to accept the bid (or bids) which in the judgment of the governing body is in the best interest of the City.
- 1.3.7. No bidder may withdraw its response for a period of ninety (90) days after the date and time set for the opening of the responses. In the event the City shall award a contract to a bidder and if during such ninety (90) day period the City determines that such bidder will be unable to properly perform the contract, the City reserves the right to terminate the contract and award the contract to the next best offer without being required to re-advertise the Bid.
- 1.3.8. The contract awarded may be terminated upon any of, but not limited to, the following occurrences: a) bankruptcy or insolvency of the bidder or one or more of the bidder's principal owners; b) unauthorized substitution of products other than those identified in the specifications or specifically approved by the City as a substitute prior to award of the contract; c) unsatisfactory performance of products supplied by the bidder or services provided by the bidder; d) fraud and e) any other breach of the terms of the bid specifications or contract.
- 1.3.9. Bidder, by signing and making this bid, does further declare, in determining the prices and/or amounts of the bid, that bidder has not colluded with any other person, firm, corporation or association in arriving at said prices and/or amounts or in any way violated the terms, conditions and/or spirit of the provisions of 15 U.S.C. 1 through 7 (Sherman Anti-Trust Act).

#### **1.4. Terms and Conditions**

A representative copy of a City contract is included with this bid package. It immediately follows the Invitation to Bid document. Any bidder who is awarded a contract pursuant to this invitation to bid agrees to be bound by the terms and conditions set forth in the attached City Contract (Attachment A). **If the bidder objects to any contract terms or proposes any additional terms, such objections and terms must be set forth in the bid.** Rejection of any proposed City Contract terms may be a basis for rejection of the bid. If an award is made, any contract resulting from this ITB will be effective on the date the contract is signed by all required parties.

All bidders who are awarded contracts agree to be bound by these terms and conditions set forth below:

- 1.4.1. Should awarded bidder fail to fulfill, in a timely and proper manner, its obligations under the contract, or if it should violate any of the terms of the contract, the City shall have the right to immediately terminate the contract upon written notice to the bidder. The City may terminate the contract at any time, with or without cause, upon written notice to bidder. Should funding for the contract be discontinued, the City shall have the right to terminate the contract immediately upon written notice to the awarded bidder.
- 1.4.2. Liquidated damages for failure to meet installation and/or supply schedules shall be in the amount of fifty dollars (\$50.00) per calendar day.
- 1.4.3. The City, at its option, and in lieu of immediate termination, may request that the awarded bidder repair or replace any defective goods or correct performance by written notice to awarded bidder. In that event, awarded bidder shall take corrective action within the amount of time specified by the City in the written notice. Exercise of this option shall not relieve awarded bidder of any liability to the City for damages sustained by virtue of awarded bidder's breach.
- 1.4.4. The contract may be modified only by written amendment executed by all parties and their signatories hereto.
- 1.4.5. No waiver of any provision of the contract shall affect the right of any party thereafter to enforce such provision or to exercise any right or remedy available to it in the event of any other default.
- 1.4.6. Awarded bidder agrees that, in the event either party deems it necessary to take legal action to enforce any provision of the contract, and in the event the City prevails, awarded bidder shall pay all expenses of such action including the City's attorney fees, expenses, and costs at all stages of the legal action and/or alternative dispute resolution process, if any.
- 1.4.7. The validity, construction and effect of the contract, and any and all extensions and/or modifications thereof shall be governed by the laws of the State of Tennessee.
- 1.4.8. Should any provision of the contract be declared to be invalid by any court of competent jurisdiction, such provision shall be severed and shall not affect the validity of the remaining provisions of the contract. Any action between the parties arising from this agreement shall be maintained in the courts of Rutherford County, Tennessee.
- 1.4.9. Contractor shall indemnify and hold harmless the City, its officers, agents and employees from: i) any claims, damages, costs, and attorney fees for injuries or damages arising, in part or in whole, from the negligent or intentional acts or omission of awarded bidder, its officers, employees and/or agents, including its sub or independent contractors, in connection with the performance of this contract; and ii) any claims, damages, penalties, costs, and attorney's fees arising from any failure of awarded bidder, its officers, employees and/or agents, including its sub or independent contractors, to observe applicable laws, including, but not limited to, labor laws and minimum wage laws.
- 1.4.10. Awarded bidder shall maintain insurance sufficient to cover any claims arising from the acts of the awarded bidder in connection with the performance of this contract and subject to the approval of the City.

1.4.11. The bidder shall furnish to the City all such information and data for this purpose as the City may request. Such information shall be submitted to the City within five (5) days of the City's written request. The City does hereby expressly reserve the right to reject any and all bid responses, the right to request additional information, the right to clarify bids, the right to award a contract for only some but not all the articles or items in the bid, and does further expressly reserve the right to waive minor irregularities. The City does not warrant or guarantee that a contract will be awarded as a result of this ITB.

### **1.5. Standards**

Bidder, by signing and making this bid, makes the following affirmative declaration and statement as of the date said bid is signed, to wit:

- 1.5.1. Bidder affirms that by its employment policy, standards and practices, it does not subscribe to any personnel policy which permits or allows for the promotion, demotion, employment, dismissal or laying off of any individual due to the individual's race, creed, color, national origin, age or sex and it is not in violation of and will not violate any applicable laws concerning the employment of individuals with disabilities.
- 1.5.2. It is the policy of the City not to discriminate on the basis of age, race, sex, color, national origin, or disability in its hiring and employment practices, or in admission to, access to, or operation of its programs, services, and activities. With regard to all aspects of this contract, Contractor certifies and warrants it will comply with this policy.
- 1.5.3. Bidder understands that it shall be a breach of ethical standards for any person to offer, give or agree to give any employee or former employee, or for any employee or former employee to solicit, demand, accept or agree to accept from another person, a gratuity or an offer of employment in connection with any decision, approval, disapproval, recommendation, preparation of any part of a program requirement or a purchase request, influencing the content of any specification or procurement standard, rendering of advice, investigation, auditing or in any other advisory capacity in any proceeding or application, request for ruling, determination, claim or controversy or other particular matter, pertaining to any program requirement of a contract or subcontract or to any solicitation or proposal therefore.
- 1.5.4. A breach of ethical standards could result in civil and/or criminal sanctions and/or debarment or suspension from being a contractor or subcontractor under City contracts.

### **1.6. Payment and Delivery**

- 1.6.1. Payment will be made by the City after goods and/or services have been received, accepted, and properly invoiced as indicated in the contract and/or purchase order. Invoices must bear the purchase order number.
- 1.6.2. All items must be available for delivery within 30 calendar days of bid award. Forty-eight (48) hours advance notice should be given prior to delivery and installation. With delivery, any required installation shall begin and continue day to day until complete.
- 1.6.3. Deliveries of all items shall be made as stated in the bid specifications. In the appropriate blank on the bid response form, the Bidder must indicate the best delivery date after receipt of order. Deliveries resulting from this ITB are to be made during the normal working hours of the City. Time is of the essence and the bidder's delivery date must be specified and adhered to. Should the awarded bidder fail to deliver items on or before its stated date, the City reserves the right to cancel the order and/or contract. The

awarded bidder(s) shall be responsible for making any and all claims against carriers for missing or damaged items.

- 1.6.4. Delivered items will not be considered “accepted” until an authorized agent for the City has, by inspection or test of such items, determined that they fully comply with specifications. The City may return, for full credit and at no expense to the City, any item(s) received which fail to meet the specifications as stated in this ITB. **All material shall be available for inspection by the purchaser at the point of destination before receiving approval to offload material.**
- 1.6.5. All deliveries made pursuant to this ITB, and the contract award, must be made pursuant to written purchase order of the City. The City assumes no liability for goods and/or services provided without a written purchase order from the City. **Delivery and freight charges are to be prepaid and included in the invoice as a separate line item. Freight charges may be adjusted for increases in fuel cost once during the period of the contract, provided that the adjustment is substantiated by documented fuel charges.**
- 1.6.6. Unless otherwise specified every item bid shall have a manufacturer’s warranty against defects in parts or workmanship for a minimum of one (1) year.

## 2. BID SPECIFICATIONS

Return this signed specifications sheet along with the signed Bid Response Form.

### 2.1. Overview

Specifications are minimums. Substitutions that exceed minimums may be allowed where such substitutions are in the best interests of the Department and do not affect the intended use. All material shall be available for inspection by the purchaser at the point of destination before receiving approval to offload material. **A Chemical Product Data sheet MUST be provided with each chemical bid.**

### 2.2. Product Specifications

2.2.1. Chemical purity shall meet or exceed the specifications listed.

2.2.2. All chemicals shall be mined (if applicable) or have materials and manufacturing in the United States. Shipments shall be accompanied by a certified analysis from the manufacturer or supplier (FAILURE TO PROVIDE WITH DELIVERY WILL RESULT IN THE PRODUCT BEING RETURNED TO VENDOR AT NO COST TO THE CITY). This does NOT preclude Department personnel from collecting a sample for compliance with the appropriate standards.

2.2.3. Quotations are requested on brand specific products in some instances, and it is expected that contracts will be awarded on the basis of low bids for these specific products. This statement does not preclude bidders from offering other products of comparable quality for consideration. The right is reserved to award contracts on the basis of alternate products when it appears advantageous to the City. For any product substitution proposed, the vendor must agree to furnish representative samples, if appropriate, for testing. If full scale testing of any product appears desirable, the vendor and the City may negotiate a contract for a 30 day trial. It shall be understood and agreed that consideration of alternate products will be optional on the part of the City, and in no way obligates the City to consider, test, or accept any product. The City reserves the right to reject any or all bids.

2.2.4. It is the intent of the City to award contracts based on unit prices and upon the individual low bid for each of the chemicals, provided the products are of an acceptable quality and delivery can be made in an acceptable manner. Previous history has shown that "whole contracts" have not been in the best interest of the City, and vendors who might only supply one chemical are encouraged to bid.

2.2.5. Safety Data Sheets must be supplied with the initial shipment of each material, whenever changes in a product or a product classification occur, and whenever a new product is being considered.

2.2.6. All materials shall be labeled in accordance with NFPA standards and EPA, OSHA, and DOT regulations.

2.2.7. Individual chemical specification sheets are provided in following pages. A signed individual chemical specification sheet must be returned for each chemical bid.

### 2.3. Product Failure

- 2.3.1. **In the event any product fails to meet specifications, the supplier shall, at no expense to the City, remove the unused portion of the product and refund the purchase price of such unused portion to the City.**
- 2.3.2. Chemicals in dirty, broken, or damaged containers shall be deemed unacceptable and considered a failed product.
- 2.3.3. Products that meet chemical specifications but fail to perform satisfactorily in actual plant conditions shall be deemed unacceptable and considered as failed product.
- 2.3.4. Products that meet chemical specifications but fail to meet quality control check at the plant shall be deemed unacceptable and considered as a failed product.
