If, during the evaluation process, JCSS is unable to assure itself of the supplier's ability to perform, if awarded, JCSS has the option of requesting from the supplier any information deemed necessary to determine the supplier's responsibility. If such information is required, the supplier will be so notified and will be permitted approximately seven business days to submit the information requested.

It is also within the right of JCSS to reject responses **that do not contain all elements and information requested in this RFP**. A supplier's response will be rejected if the response contains any defect or irregularity and such defect or irregularity constitutes a material deviation from the RFP requirements, which determination will be made by JCSS on a case-by-case basis.

JCSS will not consider untimely protest absent evidence of malfeasance or administrative error by the system that substantially impaired an interested supplier's ability to file a timely protest. In the event that the system does not provide a timely access to records as required in pursuant to (O.C.G.A) Section 50-5-67(d)(2), the interested supplier is required to file a protest within the filing period, indicating the failure of the system to provide timely access to records and reserving the right to file an amended protest upon the production of such records. If an interested supplier fails to file a protest by the applicable deadline, JCSS at its discretion deem such failure as the supplier's voluntary relinquishment of any grounds the supplier may have for protesting through JCSS' protest process or through subsequent litigation.

A protest is considered to be properly filed when it is in writing, signed by a company officer authorized to sign contracts on behalf of the supplier, and is received by JCSS within the filing period. The protest may be sent by any means outlined below:

**2.1.12. Public Access to Procurement Records**

Solicitation opportunities will be publicly advertised as required by law and the provisions of the Georgia Procurement Manual. The State Purchasing Act delays the release of certain procurement records in the event the public disclosure of those records prior to JCSS's public announcements of the results of a solicitation would undermine the public purpose of obtaining the best value for the System such as cost estimates, proposals/bids, evaluation criteria, supplier evaluations, negotiation documents, offers and counter-offers, and certain records revealing preparation for the procurement. The State Purchasing Act requires bids and proposals to be available for public inspection, upon request, within one business day of JCSS's posting of the Notice of Intent to Award (or the Notice of Award in the event JCSS does not issue the Notice of Intent to Award). Audited financial statements not otherwise publicly available but required to be submitted as part of the supplier's response shall not be subject to public disclosure. JCSS is allowed to assess a reasonable charge to defray the cost of reproducing documents. A system employee should be present during the time of onsite inspection of documents. PLEASE NOTE: Even though information (financial or other information) submitted by a supplier may be marked as "confidential", "proprietary", etc., JCSS will make its own determination regarding what information may or may not be withheld from disclosure.

This section contains the detailed technical requirements and related services for this Sourcing Event. Suppliers are required to download, complete and return the Worksheets titled "Supplier General Information", "Mandatory Response Worksheet", "Mandatory Scored Requirement Worksheet" and "Additional Scored Response Worksheet" found as attachments in the Sourcing Event. Although many solicitations will contain all of the worksheets noted above, it is possible that a solicitation will not contain all of the worksheets. In the event all four worksheets are not available as downloadable forms to this RFP, please confirm with the Issuing Officer that all four worksheets are not required.

JCSS has determined that it is best to define its own needs, desired operating objectives, and desired operating environment. JCSS will not tailor these needs to fit particular solutions suppliers may have available; rather, the suppliers shall propose to meet JCSS's needs as defined in this RFP. All claims shall be subject to demonstration. Suppliers are cautioned that conditional proposals, based upon assumptions, may be deemed non-responsive.

### **4.1. Technical Proposal Introduction**

All of the items described in this section are service levels and/or terms and conditions that JCSS expects to be satisfied by the selected Offeror. Each Offeror must indicate its willingness and ability to satisfy these requirements in the appropriate worksheets.

### **4.2. Supplier General Information**

Each supplier must complete all of the requested information in the attached file entitled **Supplier's General Information Worksheet**.

**DO NOT INCLUDE ANY COST/PRICING INFORMATION IN YOUR RESPONSE TO THIS WORKSHEET.**

### **4.3. Mandatory Requirements**

As specified with each requirement listed in the **Mandatory Response Worksheet**, the supplier must indicate whether its proposal meets the individual requirements by marking either a "YES" or "NO" in the

response block provided. A Pass/Fail evaluation will be utilized for all mandatory requirements. Ordinarily, to be considered responsive, responsible and eligible for award, all questions identified as mandatory must be marked "YES" to pass. There may be rare instances in which a response of "NO" is the correct and logical response in order to meet the mandatory requirement (e.g. responding "NO" that the supplier does not possess any conflicts of interest). Otherwise, any mandatory questions marked "NO" will fail the technical requirements and will result in disqualification of the proposal.

**DO NOT INCLUDE ANY COST/PRICING INFORMATION IN YOUR RESPONSE TO THIS WORKSHEET.**

#### **4.4. Mandatory Scored Response**

As specified with each requirement listed in the **Mandatory Scored Response Worksheet**, the supplier must indicate whether it will meet the individual requirement (if any) and provide a supporting narrative in the space provided. To be considered responsive, responsible and eligible for award, any and all requirements identified in the Mandatory Scored Response Worksheet must be met. There may be rare instances in which an item within the Mandatory Scored Response Worksheet does not create an individual requirement which must be met, but, instead, merely requires a response. All requirements labeled "Mandatory Scored" must be met by the supplier. Failure to meet any mandatory scored requirements may result in disqualification of the proposals. The narrative description, along with any required supporting materials, will be evaluated and awarded points in accordance with Section 6 "Proposal Evaluation, Negotiations and Award" of this RFP.

**DO NOT INCLUDE ANY COST INFORMATION IN YOUR RESPONSE TO THIS WORKSHEET.**

#### **4.5. Additional Scored Responses**

All items labeled "Additional Scored Responses" represent information that is requested by the JCSS. Suppliers are encouraged to provide a thorough narrative description in the space provided in the **Additional Scored Response Worksheet**. Answers along with any requested supporting materials will be evaluated and awarded points in accordance with Section 6 "Proposal Evaluation, Negotiations and Award" of this RFP.

**DO NOT INCLUDE ANY COST INFORMATION IN YOUR RESPONSE TO THIS WORKSHEET.**

#### **4.6. Additional Information**

Please access and review all of the attachments provided by JCSS with this RFP to ensure you have responded to all requests for information.

### **5. Cost Proposal**

#### **5.1. Cost Proposal**

Each supplier is required to submit a cost proposal as part of its response. The cost proposal will be evaluated and scored in accordance with Section 6 "Proposal Evaluation, Negotiations and Award". By submitting a response, the supplier agrees that it has read, understood, and will abide by the following instructions/rules:

1. The submitted cost proposal must include all costs of performing pursuant to the resulting contract; and
2. Cost proposals containing a minimum order/ship quantity or dollar value, unless otherwise called for in the RFP, will be treated as non-responsive and may not be considered for award; and
3. In the event there is discrepancy between the supplier's unit price and extended price, the unit price shall govern; and
4. The prices quoted and listed in the cost proposal shall be firm throughout the term of the resulting contract, unless otherwise noted in the RFP or contract.

## 5.2. Cost Structure and Additional Instructions

JCSS's intent is to structure the cost format in order to facilitate comparison among all suppliers and foster competition to obtain the best market pricing. Consequently, JCSS requires that each supplier's cost be in the format outlined below. Additional alternative cost structures may be considered if they are in the best interest of the System. Each supplier is cautioned that failure to comply with the instructions listed below, submission of an incomplete offer, or submission of an offer in a different format than the one requested may result in the rejection of the supplier's proposal.

Utilizing your own quote document, itemize every item that you are proposing for this project. Please do not simply list a quote amount without providing documentation to demonstrate products or equipment that will be included in the price. This includes brand names or trade names.

## 6. Proposal Evaluation, Negotiations and Award

All timely proposals will be evaluated in accordance with the following steps. Suppliers who pass the responsive/responsible portion of evaluations may be invited to present their products to the evaluation team for final technical scoring. The objective of the evaluation process is to identify the proposal which represents the best value to Jones County Schools based on a combination of technical and cost factors. Based on the results of the initial evaluation, JCSS may or may not elect to negotiate technical and/or cost factors as further described in the RFP. In the event negotiations of the technical and/or cost factors occur, the revised proposals will be reevaluated in accordance with the provisions of Section 6.4 "Scoring Criteria" of this RFP. Once the evaluation process has been completed (and any negotiations JCSS desires to conduct have occurred), the apparent successful supplier(s) will be required to enter into discussions with JCSS to resolve any exceptions to JCSS's contract. JCSS will announce the results of the RFP as described further in 6.9 "Public Award Announcement" of this RFP.

### 6.1. Administrative/Preliminary Review

First, the proposals will be reviewed by the Issuing Officer to determine the proposal's compliance with the following requirements:

1. Proposal was received by deadline
2. Proposal is complete and contains all required documents
3. Technical Proposal does not include any pricing from the Cost Proposal

### 6.2. Evaluating Proposal Factors (Section 4)

If the supplier's proposal passes the Administrative/Preliminary Review, the supplier's responses to Section 4 "RFP Proposal Factors" will be submitted to the Evaluation Team for evaluation.

#### 6.2.1. Review of Mandatory & Mandatory Scored Questions

The Evaluation Team will review each proposal in detail to determine its compliance with mandatory RFP requirements. Responses to both "Mandatory" and "Mandatory Scored" Questions will be evaluated on a pass/fail basis. If a proposal fails to meet a mandatory and/or mandatory scored RFP requirement, JCSS will determine if the deviation is material. A material deviation will be cause for rejection of the proposal. An immaterial deviation will be processed as if no deviation had occurred. All proposals which meet the requirements of the "Mandatory" and "Mandatory Scored" Questions are considered "Responsive Proposals" at this point in time and will be scored in accordance with the point allocation in Section 6.4 "Scoring Criteria" of this RFP.

#### 6.2.2. Review of Additional Scored Information Questions

For all proposals determined to be "Responsive Proposals", the Evaluation Team will review and score the responses to the Additional Scored Information (if any) in accordance with the point allocation in Section 6.4 "Scoring Criteria" of this RFP.

The supplier will receive a total technical score at the conclusion of the evaluation of the RFP Proposal Factors.

### 6.3. Evaluating Cost Proposal and Total Combined Score

The cost proposals will be reviewed and scored in accordance with Section 6.4 “Scoring Criteria.” To expedite the evaluation process, JCSS reserves the right to analyze the cost proposals independently, but at the same time the Evaluation Team is analyzing the technical proposals, provided neither the cost proposals nor the cost analysis is disclosed to the Evaluation Team until the Evaluation Team completes its initial evaluation and scoring of the RFP Proposal Factors.

#### 6.3.1. Cost Scoring

JCSS may utilize lowest cost, lowest total cost, and total cost of ownership (TCO) or greatest savings to determine the most competitive cost proposal. The cost proposal may be scored on an overall basis or at the category/subcategory/line level (as applicable) relative to other proposals. The supplier deemed to have the most competitive cost proposal overall, as determined by JCSS, will receive the maximum score for the cost criteria. In the alternative, in the event the cost proposal is scored at the category, subcategory or line level, JCSS may assign the maximum score per category/subcategory/line for the most competitive proposal at that level. Other proposals will receive a percentage of the maximum score based on the percentage differential between the most competitive cost proposal and the specific proposal in question.

#### 6.3.2. Total Score

The supplier’s cost score will be combined with the supplier’s technical score to determine the supplier’s overall score (or “total combined score”).

### 6.4. Scoring Criteria

The evaluation is comprised of the following:

Category	Criteria	Points
Cost	1. Cost of proposed products and/or services	40%
Technical/Proposal Factors	2. "Mandatory" Requirements	Pass/Fail
Technical/Proposal Factors	Quality of Solution	30%
Technical/Proposal Factors	Certifications and Capabilities	15%
Technical/Proposal Factors	Prior Experience	15%

### 6.5. Georgia Based Business/Reciprocal Preference Law O.C.G.A. §50-5-60(b)

For the purposes of evaluation only, suppliers resident in the State of Georgia will be granted the same preference over suppliers resident in another state in the same manner, on the same basis, and to the same extent that preference is granted in awarding bids for the same goods or services by such other state to suppliers resident therein over suppliers resident in the State of Georgia. NOTE: For the purposes of this law, the definition of a resident supplier is a supplier who is domiciled in the State of Georgia.

### 6.6. Negotiations of Proposals and/or Cost Factors

JCSS possesses discretionary authority to conduct one or more rounds of negotiations of technical proposal and/or cost factors as permitted by Georgia law and DOAS’ established procurement policy.

### 6.7. Selection and Award

The responsive and responsible supplier receiving the highest Total Combined Score and with whom JCSS is able to reach agreement as to contract terms will be selected for award.

## **6.8. Site Visits and Oral Presentations**

JCSS reserves the right to conduct site visits or to invite suppliers to present their proposal factors/technical solutions to the Evaluation Team. Cost proposals and related cost information must not be discussed during the oral presentation of the supplier's technical solution. Nothing in this section shall prohibit the Negotiation Team from discussing both proposal factors and cost information during the negotiation process defined by Section 6.6 "Negotiations of Proposals and/or Cost Factors".

## **6.9. Public Award Announcement**

The preliminary results of the evaluation will be announced through the public posting of a Notice of Intent to Award (in the event the value of the contract(s) is estimated to be \$100,000 or more in the first year) to the Georgia Procurement Registry. The Notice of Intent to Award ("NOIA") is not notice of an actual contract award; instead, the NOIA is notice of the State Entity's expected contract award(s) pending resolution of the protest process. The NOIA (if any) will identify the apparent successful supplier(s), unsuccessful supplier(s), and the reasons why any unsuccessful suppliers were not selected for contract award. **NO SUPPLIER SHOULD ASSUME PERSONAL NOTICE OF THE NOTICE OF INTENT TO AWARD ("NOIA") WILL BE PROVIDED BY JCSS. INSTEAD, ALL SUPPLIERS SHOULD FREQUENTLY CHECK THE GEORGIA PROCUREMENT REGISTRY FOR NOTICE OF THE NOIA.**

The Notice of Award ("NOA") is JCSS's public notice of actual contract award(s). The NOA will be publicly posted to the Georgia Procurement Registry.

## **7. Contract Terms and Conditions**

The contract that JCSS expects to award as a result of this RFP will be based upon the RFP, the successful supplier's final response as accepted by JCSS and the contract terms and conditions, which terms and conditions can be downloaded from the Sourcing Event. The "successful supplier's final response as accepted by JCSS" shall mean: the final cost and technical proposals submitted by the awarded supplier and any subsequent revisions to the awarded supplier's cost and technical proposals and the contract terms and conditions due to negotiations, written clarifications or changes made in accordance with the provisions of the RFP, and any other terms deemed necessary by JCSS, except that no objection or amendment by the supplier to the RFP requirements or the contract terms and conditions shall be incorporated by reference into the contract unless JCSS has explicitly accepted the supplier's objection or amendment in writing.

Please review JCSS's contract terms and conditions prior to submitting a response to this RFP. Suppliers should plan on the contract terms and conditions contained in this RFP being included in any award as a result of this RFP. Therefore, all costs associated with complying with these requirements should be included in any pricing quoted by the suppliers. The contract terms and conditions may be supplemented or revised before contract execution and are provided to enable suppliers to better evaluate the costs associated with the RFP and the potential resulting contract.

### **Exception to Contract**

By submitting a proposal, each supplier acknowledges its acceptance of the RFP specifications and the contract terms and conditions without change except as otherwise expressly stated in the submitted proposal. If a supplier takes exception to a contract provision, the supplier must state the reason for the exception and state the specific contract language it proposes to include in place of the provision. Any exceptions to the contract must be submitted as an attachment to the supplier's response. Proposed exceptions must not conflict with or attempt to preempt mandatory requirements specified in the RFP.

In the event the supplier is selected for potential award, the supplier will be required to enter into discussions with JCSS to resolve any contractual differences before an award is made. These discussions are to be finalized and all exceptions resolved within the period of time identified in the schedule of events. Failure to resolve any contractual issues will lead to rejection of the supplier. JCSS reserves the right to proceed to discussions with the next best ranked supplier.

JCSS reserves the right to modify the contract to be consistent with the apparent successful offer, and to negotiate other modifications with the apparent successful supplier. Exceptions that materially change the terms or the requirements of the RFP may be deemed non-responsive by JCSS, in its sole discretion, and rejected. Contract exceptions which grant the supplier an impermissible competitive advantage, as determined by JCSS, in its sole discretion, will be rejected. If there is any question whether a particular contract exception would be permissible, the supplier is strongly encouraged to inquire via written question submitted to the Issuing Officer prior to the deadline for submitting written questions as defined by the Schedule of Events.
