DATE: September 23, 2024
TO: Prospective Respondents
FROM: Wendy Cox, Procurement Director
SUBJECT: Addendum 2 to Quote Request 40498, Service Mowing for the Southwest Region

As a result of another inquiry received regarding the above referenced solicitation, the following is provided for your information.

1. When reading the proposal, I had read that the mowing equipment specified was a zero turn mower 60 in or more. Is it possible to use a 10 ft finish mower with a tractor as we see on the map that some of the areas are wet.

Response: Due to our entrances to our mowing sites being designed to accommodate a 60-inch zero turn mower, a 10-foot finish mower would not be able to access most of our mowing sites.

The due date for sealed responses remains as 2:00 pm, October 16, 2024.
