1. RFP Requirements

1.1. Product/Vendor

All equipment provided shall be new and of the latest model version available. All equipment must be genuine. When applicable, bids will only be accepted from authorized retailers.

1.2. Order Fulfillment

The district requires the fulfillment of their purchase order within 30 days of issuing a purchase order. Should the awarded vendor be unable to fulfill the order within 30 days the district may, at its discretion, cancel the undelivered balance of the purchase order. It is expected that a single purchase order for the entire purchase will be issued the week of April 4th, 2021. The awarded vendor must coordinate installation activities with our facilities and technology teams.

1.3. Freight

The base bid must include all freight charges for delivery of equipment to Portage Public Schools. Delivery will be to a single location if required.

1.4. Alternate Proposals

Any alternate proposals will be considered. Any equipment included in alternate bids must completely meet the specifications of the requested product. Alternates must be reported with unit pricing and in the same format as the main part of the RFP.

1.5. RFP Response

All responses must have pricing information submitted on the included forms. Full product literature must be included with your response. Minimum specifications are supplied, as well as a request for unit prices for additional items where applicable. Documentation, including operational instructions, must be included for all items. RFP responses must include full details regarding any and all warranties offered.

1.6. Bid Pricing

Bid responses, pricing, etc. must be valid for 90 days after the bid response due date and time, or the length of the contract if so applicable and specified. Vendors must include unit pricing should Portage Public Schools wish to add additional units to the order.

1.7. Line Item List

See bid response form for applicable, required line item pricing where required. Vendors shall complete the form as a part of their response.

1.8. Contract Nullification

Any and all service contracts must include a nullification clause acceptable to Portage Public Schools should Portage Public Schools determine the included services, in whole or in part, are not fulfilling the needs of the District as outlined hereinafter.

2. Description of Products/Services Requested

2.1. Northern High School (NHS) - 1000 Idaho Avenue, Portage MI 49024

Portage Public Schools (PPS) is seeking to replace the exterior digital signage panels at NHS as the existing panels are beginning to fail. The existing panels are 19mm pixel pitch, red, 32 total. Pricing must include the cost of replacement panels, as well as installation. We are seeking to replace all panels, as the existing ones are to be reused as per section 2.2 of this RFP.

The panels must fit inside the existing cabinet and physical structure, and be controlled using Watchfire, our existing software.

Proposers may include an alternate to upgrade the existing system (color panels, new cabinet, new software, etc.), however any alternates must not require structural changes to the existing sign installation.

2.2. Central High School (CHS) - 8135 South Westnedge Avenue, Portage MI 49002

The existing digital sign at CHS is identical to the one at NHS. The proposer shall harvest functional panels from NHS and use them to replace failing panels in the CHS sign. Should there not be enough panels from NHS, the proposer shall provide additional panels as needed to restore the existing CHS sign. Should there be excess panels from NHS, those panels shall be provided to PPS for use as spares.

While the proposer may provide an alternate to upgrade the digital signage at CHS, please note it is highly unlikely PPS will opt to replace the CHS sign at this time.

2.3. Upgrade Both Locations with LED Lighting

Currently both signs have ambient lighting for the school name and logo as a part of the physical structure of the sign. We would like these upgraded to LED lighting.

3. Additional RFP Response Requirements

3.1. Proof of Appropriate Local/State/Federal Licenses and Certifications

As a part of your response, you must include copies of all applicable local, state, and/or federal licenses and/or certifications required for the scope of work contained within this RFP.

3.2. Proof of Bonding

Should the total award of this contract exceed \$50,000, the selected vendor, prior to the issuance of a purchase order, shall be required to provide the PPS with performance, labor, and material bonds for the full contract award. All costs for said bonds shall be included in the RFP response.

3.3. Proof of Insurance

All proposers shall provide proof of insurance for workers compensation, general liability, auto, and excess liability. Should the awarded vendor change insurance coverage companies, plans, or otherwise modify coverage, vendor shall notify PPS of said coverage change 30 days prior to said change taking effect.

3.4. Assumed Liabilities

The awarded vendor shall assume all liability for the following scenarios caused directly or indirectly by their employees or subcontractors:

- Damage to PPS property
- Damage to existing structured cabling or electric service
- Damage to fire alarm, fire control, or fire suppression systems
- Environmental damage, including but not limited to hazardous material spills or airborne contaminants
- Removal of any cabling, conduit, raceways, or other hardware without prior written consent from PPS

3.5. Detailed Wiring Diagrams

As a part of project completion, if requested by the district, vendors are required to provide the district with installation diagrams, including detailed, labeled wiring diagrams, in PDF format.

3.6. Use of Subcontractors

If a proposer intends to use sub-contractor(s) for any work, they must provide complete information on their subcontractor(s) with their response. This includes copies of the legal status forms, familial, Iran economic sanctions act, and proof of insurance as outlined herein.

3.7. Liquidated Damages

Should the Contractor fail to meet the Project deadline date, the School District shall be entitled to \$750 per diem as stipulated liquidated damages for each and every calendar day delay until Substantial Completion is achieved and accepted by the School District. The parties agree that the liquidated damages are to compensate the School District for the lack of the completed project and equipment and are not a penalty for non-completion and are so fixed on a per diem basis because of the difficulty in ascertaining the true and full amount of damages that the School District will sustain if completion is not achieved by the date required. The liquidated damages shall be deducted from the Contract Sum to the extent possible, or paid directly by the Contractor to the School District.

4. Walkthrough

A walkthrough/inspection of the existing digital signage at CHS or NHS is not required. Vendors are welcome to inspect the signs should they wish, however. We ask that you contact Daniel Vomastek prior to any inspection, contact information included on page 1 of this RFP.
