PROCUREMENT FOR: Pick-Up and Recycling of Waste Tires

This addendum will amend RFP No. 20-100, Pick-Up and Recycling of Waste Tires originally issued on Wednesday, November 18, 2020. This clarification is being provided to all known and registered correspondents in response to questions received. All addenda and original solicitation documents are also available online at: www.gtcounty.org, select "Bid Opportunities" from the Quick Links section and "View Current Bid Solicitations."

Question 1) Could you define the difference between (Provider Loads) and (County Loads)? It is separated on the bid form

Reply: If the provider (you as the contract holder) loads, then you will bring all personnel and equipment and can use any means or equipment you determine as appropriate and load into any type of vehicle to your own specifications. Otherwise, the County will load the trailer left on site for the collection. In the past, not all of those providing this service were willing to load the tires as part of the collection agreement. The County is willing to consider one or both options.
