Note the following changes to the above-mentioned bid. This information is to be taken into consideration when responding to the original bid document.

1. Response to Bidder Question:

1	Based on the flammability concerns surrounding Acrylic per the memorandum set forth by the NYSED [New York State Education Department], would the KSK Public Schools be open to substitute material, specifically, PETG [Poly-Ethylene Terephthalate Glycol]?
KCKPS	Substitution of materials is acceptable, but not required. The District is looking for a solution that will fit and be stable on student desks.
2	Can the foldable feature be accomplished using a hinge? The image does not show a hinge.
KCKPS	Hinges are preferred, as we want to avoid bending of the panels and recoil. 
3	Is a handle required?
KCKPS	No. A handle is not required.
4	If awarded, when will the PO submitted?
KCKPS	It is anticipated that the recommendation for approval of the bid results will be presented to the Board of Education, at the scheduled board meeting August 11, 2020. If approved, the purchase order will be issued August 12 or 13.
5	What are the expected delivery dates?
KCKPS	The first 9 weeks of the current school year will be virtual learning. Students are currently set to return to in-person learning (in school) by around November 11, 2020. Our preference is to receive all of the shields/screens during the last week of September. All will ship to the District Warehouse: 1112 Cheyenne Avenue, Kansas City, KS 66105.
6	I don't see on the Bid your in hand date do you still prefer end of August beginning of September?

KCKPS	See the KCKPS response to Question 6.
7	Would you be amenable to getting the product over an extended period of time?
KCKPS	See the KCKPS response to Question 6.
8	What is an ideal delivery lead time you are looking for?
KCKPS	See the KCKPS response to Question 6.
9	[I]s there a preference for domestically produced products, or can the products be manufactured abroad? This of course will have an impact on both our delivery lead time and total cost.
KCKPS	There is no "Made in America" requirement.
10	Could you please expand on what exactly the optional adhesive bracket at the bottom of the shield is for?
KCKPS	To attach to a desk/table when necessary, to prevent students from bumping them and easily knocking them over.

- 2. Delete and Replace:** In the drawing on physical Page 4 of the solicitation, the word "Optional" appears, in reference to "... adhesive brackets for secure installation." It is the District's preference to have the ability to attach the Desk Safety Shields to the desk surface. The drawing here hereby deleted, and replaced with the following:

- 3. No Other Changes:** No other changes or modification are intended by this Addendum. All other terms and conditions of the solicitation remain in effect.

WE HEREBY ACKNOWLEDGE AND UNDERSTAND THE ABOVE NOTED CHANGES TO THE ORIGINAL BID DOCUMENT AND AGREE TO FURNISH THE ITEMS ON WHICH PRICES ARE QUOTED IN ACCORDANCE WITH ALL TERMS AND CONDITIONS PREVIOUSLY LISTED AND ANY ATTACHED SPECIFICATIONS AND AMENDMENTS.
