NOTICE

It is the specific legislative intent of the Board of County Commissioners that NO CONTRACT under this solicitation shall be formed between Escambia County and the awardee vendor until such time as the contract is executed by the last party to the transaction.

NOTICE

In accordance with Sec. 46-110(e) of the Escambia Code of Ordinances, all bid solicitation documents shall include the following notice to vendors of the local vendor preference policy:

(revised 1/21/2016)

Sec. 46-110.-Local Preference in Bidding

(d) **Preference in purchase of commodities and services by means of competitive bid.**

Except where federal or state law, or any other funding source, mandates to the contrary, Escambia County may give preference to local businesses in the following manner:

Competitive bid (local price match option). Each formal competitive bid solicitation (i.e. sealed bids) shall clearly identify how the price order of the bids received will be evaluated and determined.

When a qualified and responsive, non-local business submits the lowest price bid amount between \$50,000.00 and \$249,999.00, and the bid submitted by one or more qualified and responsive local businesses is within **five percent** of the price submitted by the non-local business, then the local business with the apparent lowest bid offer (i.e., the lowest local bidder) shall have the opportunity to submit an offer to match the price(s) offered by the overall lowest, qualified and responsive non-local bidder.

When a qualified and responsive, non-local business submits the lowest price bid amount between \$50,000.00 and \$249,999.00, and the bid submitted by one or more qualified and responsive local businesses with a fixed office or distribution point located in a designated Community Redevelopment Area (CRA) is within **seven percent** of the price submitted by the non-local business, then the local business located in a designated CRA with the apparent lowest bid offer (i.e., the lowest local bidder) shall have the opportunity to submit an offer to match the price(s) offered by the overall lowest, qualified and responsive non-local bidder.

When a qualified and responsive, non-local business submits the lowest price bid amount between \$250,000.00 and \$999,999.00, and the bid submitted by one or more qualified and responsive local businesses is within **three percent** of the price submitted by the non-local business, then the local business with the apparent lowest bid offer (i.e., the lowest local bidder) shall have the opportunity to submit an offer to match the price(s) offered by the overall lowest, qualified and responsive non-local bidder.

When a qualified and responsive, non-local business submits the lowest price bid amount between \$250,000.00 and \$999,999.00, and the bid submitted by one or more qualified and responsive local businesses with a fixed office or distribution point located in a designated CRA is within **five percent** of the price submitted by the non-local business, then the local business located in a designated CRA with the apparent lowest bid offer (i.e., the lowest local bidder) shall have the opportunity to submit an offer to match the price(s) offered by the overall lowest, qualified and responsive non-local bidder.

When a qualified and responsive, non-local business submits the lowest price bid amount in excess of \$1,000,000.00, and the bid submitted by one or more qualified and responsive local businesses is within **two percent** of the price submitted by the non-local business, then the local business with the apparent lowest bid offer (i.e., the lowest local bidder) shall have the opportunity to submit an offer to match the price(s) offered by the overall lowest, qualified and responsive non-local bidder.

When a qualified and responsive, non-local business submits the lowest price bid amount in excess of \$1,000,000.00, and the bid submitted by one or more qualified and responsive local businesses with a fixed office or distribution point located in a designated CRA is within **four percent** of the price submitted by the non-local business, then the local business located in a designated CRA with the apparent lowest bid offer (i.e., the lowest local bidder) shall have the opportunity to submit an offer to match the price(s) offered by the overall lowest, qualified and responsive non-local bidder.

In such instances, staff shall first verify whether the lowest non-local bidder and the lowest local bidder are in fact qualified and responsive bidders. Next, the purchasing department shall invite the lowest local bidder in writing to submit a matching offer which shall be submitted in writing to the office of purchasing within five business days thereafter.

If the lowest local bidder does not respond or otherwise submits a written offer that does not fully match the lowest bid from the lowest non-local bidder tendered previously then award shall be made to the lowest overall qualified and responsive non-local bidder.

In the event a local bidder is awarded a contract pursuant to this section, any requests for change orders increasing the cost of the project must be approved by the board of county commissioners.

- (e) *Notice.* All bid solicitation documents shall include notice to vendors of the local preference policy.
- (f) *Waiver of the application of local preference.* The application of local preference to a particular purchase or contract for which the board of county commissioners is the awarding authority may be waived upon approval of the board of county commissioners.
- (g) *Limitations.*
 - (1) The provisions of this section shall apply only to procurements which are above the formal bid threshold as set forth in the Escambia County Purchasing Code.
 - (2) The provisions of this section shall not apply where prohibited by federal or Florida law or where prohibited under the conditions of any grant.
 - (3) The provisions of this section shall not apply to any purchase exempted from the provisions of the Escambia County Purchasing Code.
 - (4) The provisions of this section shall not apply to contracts made under the Consultants Competitive Negotiation Act (CCNA), F.S. § 287.055.

Effective July 1, 2015, the County **may not** use a local preference “for a competitive solicitation for **construction services** in which **50 percent or more** of the cost will be paid from state appropriated funds which have been appropriated at the time of the competitive solicitation. For any such solicitation, the County must disclose in the bid package that “any applicable local ordinance or regulation does not include any local preference...” See §255.0991, Florida Statutes.

It is not necessary to have this level of insurance in effect at the time of submitting the offer.

County Insurance Required

The contractor shall procure and maintain the following described insurance, except for coverages specifically waived by the County. Such policies shall be from insurers with a minimum financial size of VII according to the latest edition of the AM Best Rating Guide. An A or better Best Rating is "preferred"; however, other ratings if "Secure Best Ratings" may be considered. Such policies shall provide coverages for any or all claims which may arise out of, or result from, the services, work and operations carried out pursuant to and under the requirements of the contract documents, whether such services, work and operations be by the

contractor, its employees, or by subcontractor(s), or anyone employed by or under the supervision of any of them, or for whose acts any of them may be legally liable.

The contractor shall require, and shall be responsible for assuring throughout the time the agreement is in effect, that any and all of its subcontractors obtain and maintain until the completion of that subcontractor's work, such of the insurance coverages described herein as are required by law to be provided on behalf of their employees and others.

The required insurance shall be obtained and written for not less than the limits of liability specified hereinafter, or as required by law, whichever is greater.

These insurance requirements shall not limit the liability of the contractor.

The County does not represent these types or amounts of insurance to be sufficient or adequate to protect the contractor's interests or liabilities, but are merely minimums.

Except for workers compensation and professional liability, the contractor's insurance policies shall be endorsed to name Escambia County as an additional insured to the extent of its interests arising from this agreement, contract or lease.

The contractor waives its right of recovery against the County, to the extent permitted by its insurance policies.

The contractor's deductibles/self-insured retentions shall be disclosed to the County and may be disapproved by the County. They shall be reduced or eliminated at the option of the County. The contractor is responsible for the amount of any deductible or self-insured retention.

Insurance required of the contractor or any other insurance of the contractor shall be considered primary, and insurance of the county, if any, shall be considered excess, as may be applicable to claims obligations which arise out of this agreement, contract or lease.

Workers Compensation Coverage

The contractor shall purchase and maintain workers compensation insurance for all workers compensation obligations imposed by state law and with employers liability limits of at least \$100,000 each accident and \$100,000 each employee/\$500,000 policy limit for disease, or a valid certificate of exemption issued by the state of Florida, or an affidavit in accordance with the provisions of Florida Workers Compensation law.

Contractor shall also purchase any other coverages required by law for the benefit of employees.

General, Automobile and Excess or Umbrella Liability Coverage

The contractor shall purchase and maintain coverage on forms no more restrictive than the latest editions of the commercial general liability and business auto policies of the insurance services office.

PD 17-18.051, Escambia County Waste Services Large Machine Mowing at Perdido Landfill

Minimum limits of \$1,000,000 per occurrence for all liability must be provided, with excess or umbrella insurance making up the difference, if any, between the policy limits of underlying policies (including employers liability required in the workers compensation coverage section) and the total amount of coverage required.

General Liability Coverage - Occurrence Form Required

Coverage A shall include bodily injury and property damage liability for premises, operations, products and completed operations, independent contractors, contractual liability covering this agreement, contract or lease, broad form property damage coverages, and property damage resulting from explosion, collapse or underground (x,c,u) exposures.

Coverage B shall include personal injury.

Coverage C, medical payments, is not required.

The contractor is required to continue to purchase products and completed operations coverage, at least to satisfy this agreement, contract or lease, for a minimum of three years beyond the County's acceptance of renovation or construction projects.

Business Auto Liability Coverage

Business auto liability coverage is to include bodily injury and property damage arising out of ownership, maintenance or use of any auto, including owned, nonowned and hired automobiles and employee nonownership use.

The General Liability and Business Auto Liability policies shall be endorsed to include Escambia County as an additional insured and provide for 30 day notification of cancellation.

Excess or Umbrella Liability Coverage (If utilized to achieve required policy limits.)

Umbrella liability insurance is preferred, but an excess liability equivalent may be allowed. Whichever type of coverage is provided, it shall not be more restrictive than the underlying insurance policy coverages. Umbrella coverage shall drop down to provide coverage where the underlying limits are exhausted.

Pollution Coverage

Pollution/environmental impairment liability insurance with \$1,000,000 per occurrence limits to cover pollution and/or environmental impairment which may arise from this agreement or contract.

Evidence/Certificates of Insurance

Required insurance shall be documented in certificates of insurance. If and when required by the County, certificates of insurance shall be accompanied by documentation that is acceptable to the County establishing that the insurance agent and/or agency issuing the certificate of insurance has been duly authorized, in writing, to do so by and on behalf of each insurance company underwriting the insurance coverage(s) indicated on each certificate of insurance.

PD 17-18.051, Escambia County Waste Services Large Machine Mowing at Perdido Landfill

New certificates of insurance are to be provided to the County at least 30 days prior to coverage renewals. Failure of the contractor to provide the County with such renewal certificates may be considered justification for the County to terminate this agreement, contract or lease.

Certificates should contain the following additional information:

1. Indicate that Escambia County is an additional insured on the liability policy.
2. Include a reference to the project and the Office of Purchasing number.
3. Disclose any self-insured retentions in excess of \$1,000.
4. Designate Escambia County as the certificate holder as follows:

5. Indicate that the County shall be notified at least 30 days in advance of cancellation.

Receipt of certificates or other documentation of insurance or policies or copies of policies by the county, or by any of its representatives, which indicate less coverage than required does not constitute a waiver of the contractor's obligation to fulfill the insurance requirements herein.

If requested by the County, the contractor shall furnish complete copies of the contractor's insurance policies, forms and endorsements, and/or such additional information with respect to its insurance as may be requested.

For commercial general liability coverage the contractor shall, at the option of the County, provide an indication of the amount of claims payments or reserves chargeable to the aggregate amount of liability coverage.

15. **Indemnification**

Contractor agrees to save harmless, indemnify, and defend County and Architect/Engineer and their, agents, officers and employees from any and all claims, losses, penalties, interest, demands, judgments, and costs of suit, including attorneys' fees and paralegals' fees, for any expense, damage or liability incurred by any of them, whether for personal injury, death, property damage, direct or consequential damages, or economic loss, including environmental impairment, arising directly or indirectly on account of or in connection with the Work done by Contractor under this Agreement or by any person, firm or

corporation to whom any portion of the Work is subcontracted by Contractor or resulting from the use by Contractor, or by any one for whom Contractor is legally liable, of any materials, tools, machinery or other property of County. County and Contractor agree the first \$100.00 of the Contract Amount paid by County to Contractor shall be given as separate consideration for this indemnification, and any other indemnification of County by Contractor provided for within the Contract Documents, the sufficiency of such separate consideration being acknowledged by Contractor by Contractor's acceptance and execution of the Agreement. The Contractor's obligation shall not be limited by, or in any way to, any insurance coverage or by any provision in or exclusion or omission from any policy of insurance. The Contractor agrees to pay on behalf of Escambia County, as well as provide a legal defense for the County, both of which will be done only if and when requested by the County, for all claims made. Such payment on the behalf of the County shall be in addition to any and all other legal remedies available to the County and shall not be considered to be the County's exclusive remedy.

ATTACHMENT A

SCOPE OF WORK

Scope of Services:

The work specified consists of routine large machine mowing and trimming of grassed and vegetated areas at the Perdido Landfill.

Description:

Contractor to provide typically large machine mowing and trimming service for Waste Services (the Department) during the typical growing season. Work consists of routine mowing and trimming of grass and/or vegetation at Perdido Landfill; along Beulah Road from Kingsfield Road up to and including Range Road; and Gulf Power Road up to the flare with conventional mowing/trimming equipment. Vegetation consists of planted and or natural grasses, weeds and other vegetation within the area to be mowed. The use of specialized equipment or hand labor will be required to perform specific work in certain areas. The Contractor shall furnish a complete proposal of his plan for accomplishing the required work, including a list of the equipment and personnel to be utilized, prior to the execution of the Contract. The Contractor shall also furnish insurance as required by County Resolution R2006-169.

Types of Mowing/Trimming:

Large machine mowing includes the routinely mowed areas of large gently sloped terrain to steep slopes greater or steeper than 3 horizontal to 1 vertical, roadside ditch bottoms, pond berms, front and back slopes of terrace swales. All hand labor required to perform specified work around appurtenances shall be incidental to the type of mowing. Appurtenances shall include but not be limited to groundwater monitoring wells, gas boundary probes, air injection pipes and limits of waste markers. All monitoring wells should be trimmed at a minimum of 4 feet, 360 degrees around each well or cluster of wells. In addition, vehicle access to all groundwater-monitoring wells shall be mowed and/or trimmed at each service cycle.

Frequency of Mowing/Trimming:

The area and limits of mowing and trimming have been previously established and are distinguishable in the field. The Contractor shall mow and trim up to the limits maintained by the Department and around existing appurtenances located within the areas to be mowed. Perdido Landfill is to cut once per month starting in April and ending in October, approximately seven cycles per year.

Extreme weather conditions (wet or dry), which influence vegetation growth, may impact total number of mow and trim cycles per year.

The Department shall determine estimated number of acres to be accomplished within a specified number of calendar days for each site, when to begin each mowing cycle and the total number of cycles.

The Department can submit via fax or phone a request for service at least five days in advance to the contractor when service is needed. Upon receipt of request, contractor is to mobilize within a five working-day period and begin work. Contractor shall provide

PD 17-18.051, Escambia County Waste Services Large Machine Mowing at Perdido Landfill

sufficient resources to perform mowing and trimming service in a timely manner. Upon completion of service, contractor is to notify landfill designee that service is complete. Department will inspect work and notify contractor if service is satisfactory or if additional work needed prior to payment. Contractor shall submit invoice for payment upon completion of each service cycle.

Equipment:

All mowing equipment shall be equipped with slow moving vehicle sign located on the rear of the tractor, amber flashing light or white strobe light mounted on the tractor and operating, protective devices on mowers and trimmers to prevent objects from being thrown, and safety devices installed by the manufacturer. Safety devices shall be properly installed and maintained at all times the equipment is in use.

If the Department determines that any equipment is deficient in safety devices, the contractor shall remove the equipment from service immediately and the equipment shall remain out of service until the deficiency is corrected to the satisfaction of the department. Inspection of the contractor's equipment by the department shall not relieve the contractor of responsibility or liability for injury to persons or damage to property caused by the operation of the Contractor's equipment, nor will it relieve the contractor of the responsibility to meet the established time for completion of the mowing cycle.

Mowing and trimming equipment shall be maintained so as to produce a clean, sharp cut at all times. The contractor shall furnish sufficient resources to accomplish the work satisfactorily within the specified cycle time.

Method of Operation:

The contractor shall not begin any cutting cycle without notification to the Department. Contractor will be expected to respond and begin work within five working days of notification. Contractor shall notify the Department when a cycle is started and when work is interrupted for any reason. All mowing and trimming shall progress concurrently within the limits of the area to be worked. Each cutting cycle is to be completed in its entirety prior to beginning another cycle. When work by County forces, other contractors or weather conditions prevent the Contractor from cutting any areas, and such conditions are eliminated during the period designated for that mowing cycle, the Department may require the Contractor to cut these areas as part of the cycle without penalty for exceeding the time allowed or additional compensation.

The contractor shall exercise the necessary care to preclude any source of litter by the contractor's operation. All work to be performed during daylight hours.

Quality:

All grass and vegetation shall be cut to a minimum height of six (6) inches. No streaking or scalping shall be allowed in the areas mowed. The height of all grasses and vegetation on slopes or around appurtenances when cut using hand tools shall be cut to the same height and quality as the surrounding mowed area. Negligence by the contractor which results in property damage public or private shall be repaired or replaced by the contractor to the satisfaction of the Department at no additional cost to the Department. Repairs or replacement should be completed prior to the submission of the contractor's invoice for work accomplished during the cycle. The Contractor is not required to remove

PD 17-18.051, Escambia County Waste Services Large Machine Mowing at Perdido Landfill

grass or other vegetation cuttings from the areas mowed or required to rake or pick up the cuttings. The Contractor is responsible for complying with Department's Personal Protective Equipment Policy while performing work for the Department. Policy can be obtained from Waste Services.

Contractor Liability:

Negligence by the Contractor resulting in public or private property damage, and/or injury to persons shall be remedied by the Contractor to the satisfaction of the Department at no additional cost to the Department. Repairs or replacement should be completed prior to the submission of the Contractor's invoice for work accomplished during the cycle.

Final Acceptance for Payment:

Waste Services reserves the right to withhold payment for services if the Department has reasonable doubt as to the integrity of any part of the completed work prior to final acceptance. The Department will not allow payment until the Contractor has remedied the work to the satisfaction of the Department. The Department reserves the right to cancel contract if due diligence is not provided to satisfactorily comply with all requirements of this contract.
