SPECIFICATIONS AND SPECIAL PROVISIONS

1. This project is funded by the Dorchester County Transportation Committee, Town of Summerville and Dorchester County Road Tax Referendum revenues. The Town of Summerville will be managing the project. All work shall be completed in accordance with the South Carolina Department of Transportation Standard Specifications for Highway Construction, 2007 Edition.
2. The scope of work for this project is to remove 8” of asphalt and base material along the entirety of Midland Parkway, and pave with an intermediate course and surface course. There will also be drainage structure repairs, and traffic signal loop installation.
3. Asphalt Removal, Paving, and Resurfacing
 - A. Contractor shall mill and remove existing asphalt and base course at a depth of 8”. Contractor will then apply an Intermediate Course, Type B Special at a rate of 660lbs/SY. The Intermediate course should then be diamond grinded prior to applying surface course. Hot mix asphalt surface course Type B shall be applied at a rate of 225 lbs/SY. The Contractor shall submit the asphalt mix designs before construction begins. The Contractor is to ensure that all existing pavement surface is clean before paving a new asphalt surface course.
 - B. There are several adjacent properties that have only one access point from Midland Parkway. These properties will experience delays for ingress and egress during construction. The Contractor will proceed with haste in minimizing driveway closures. After the existing 8” of asphalt is removed, the driveways must be closed due to the drop-off exceeding 2”. The Contractor shall apply the Intermediate Asphalt Course in a timely fashion after milling, as driveways shall not be closed more than two hours.
Some adjacent properties have multiple driveways. The Contractor shall coordinate with all affected properties whose driveways will be closed (single access) and impacted (multiple access). This is especially important with Summerville Medical Center, and the Emergency Room access. Town of Summerville will assist with these communications.
 - C. After the intermediate asphalt course is applied, the surface course must be applied within five (5) days.
4. Contractor shall remove and replace existing damaged and non-conforming “winged” curb inlet tops with two (2) Type 17 curb inlet tops and one (1) Type 18 curb inlet top. Contractor shall construct necessary base support to fit the new curb inlet tops over the existing boxes.
5. Contractor may work during daylight hours or night hours. Night hours will be 7pm – 7am. Contractor will be given flexibility in scheduling day or night work as some driveway closures will not be as impactful as some driveways are commercial and the businesses close at the end of the work day.

6. The Contractor shall provide proof of liability insurance and Worker's Compensation Insurance with his bid submittal.
7. Where necessary, the Contractor shall erect and maintain traffic control devices (barricades, warning signs, traffic cones, etc.) in accordance with the Manual of Uniform Traffic Control Devices, latest edition.
8. The Contractor is responsible for locating all existing utilities within the limits of the project and shall be responsible for repairing any damaged utilities at no cost to the Town. The Contractor will also be responsible for providing risers for all utilities to match the new grade of resurfaced roads, such as manholes, and valve boxes.
9. Bids will be awarded on a **unit cost** basis. Bidders are highly encouraged to visit the job site before submitting bids.
10. Unit sum bid amounts shall include all necessary materials, tools, equipment, personnel and any other appurtenances required to perform the job with a high level of workmanship.
11. The Town will recognize the latest SCDOT Asphalt Liquid Adjustment Index for pricing of this project.
12. Pavement markings and permanent raised pavement markers shall be reapplied to Midland Parkway. All pavement markings and permanent raised pavement markers shall meet SCDOT Standard Specifications for Highway Construction, 2007 Edition, Sections 625, 627, 630 and any pertinent supplemental specification. After resurfacing, permanent pavement markings shall be applied within thirty (30) days.
13. Any contractor who has not been contracted by the Town within the past five (5) years must submit at least three (3) references. The reference information shall include a contact name and phone number, type of project completed, date project was completed and the contract amount.
14. The Town reserves the right to waive minor inconsistencies in the bid packages and to reject any and all bids. The successful bidder shall be the Contractor who, in the sole opinion of the Town, will provide the highest quality project, in a timely and cost-efficient manner. The successful bidder may or may not be the lowest bidder.
15. The bidder that is awarded the contract must submit/have a Town business license before starting work.
16. The time allowed to complete the outlined project work is **one hundred eighty (180)** calendar days from the Notice to Proceed date. For each day with inclement weather, when paving cannot occur, one day will be credited to the Contractor.

Non-Appropriation: If Summerville Town Council fails to appropriate or authorize the expenditure of sufficient funds to provide for the continuation of this contract or if a lawful order issued in, or for any fiscal year during the term of the contract, reduces the funds appropriated or authorized in such amounts as to preclude making the payments set out therein, the contract shall terminate on the date said funds are no longer available without any termination charges or other liability incurring to the Town.
31. Force Majure: The Contractor shall not be liable for any excess costs if the failure to perform the contract arises out of causes beyond the control and without fault or negligence of the Contractor. Such causes may include, but are not restricted to, acts of God or of the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather; but, in every case, the failure to perform must be beyond the control and without the fault or negligence of the Contractor. If the failure to perform is caused by default of a Sub-Contractor, and if such default arises out of causes beyond the control of both the Contractor and Sub-Contractor and without excess costs for failure to perform, unless the supplies or services to be furnished by the Sub-Contractor were obtainable from other sources in sufficient time to permit the Contractor to meet the required delivery schedule.

32. Arbitration: Under no circumstances and with no exception will the Town act as an Arbitrator between the Contractor and any Sub-Contractor.
33. Indemnification: The Town, its officials and employees shall be held harmless from liability from any claims, damages and actions of any nature arising from the use of any materials furnished by the Contractor, provided that such liability is not attributable to negligence on the part of the Town or failure of the Town to use the materials in the manner outlined by the Contractor in descriptive literature or specifications submitted with the Contractor's bid.

The Bidder shall have no liability to the Town if such patent, trademark or copyright infringement or claim is based upon the Bidder's use of material furnished to the Bidder by the Town.
36. Publicity Releases: The Contractor agrees not to refer to award of this contract in commercial advertising in such a manner as to state or imply that the products or services provided are endorsed or preferred by the Town.
37. Quality of Products: (This General Condition **Does Not** Apply to Solicitations for Printing or Service Requirements). Unless otherwise indicated in this bid it is understood and agreed that any item offered or shipped on this bid shall be new and in first class condition, that all containers shall be new and suitable for storage or shipment and that prices include standard commercial packaging.
38. S.C. Law Clause: Upon award of a contract under this bid, the person, partnership, association, or corporation to whom the award is made must comply with the laws of South Carolina which require such person or entity to be authorized and/or licensed to do business in this state. Notwithstanding the fact that applicable statutes may exempt or exclude the

successful bidder from requirements that it be authorized and/or licensed to do business in this state, by submission of this signed bid, the bidder agrees to subject himself to the jurisdiction and process of the courts of the State of South Carolina as to all matters and disputes arising or to arise under the contract and the performance thereof, including any questions as to the liability for taxes, licenses or fees levied by the State.

39. Termination: Subject to the provision below, the contract may be terminated for any reason by the Town, provided a thirty (30) day advance notice in writing is given to the Contractor.

40. Assignment: No contract or its provisions may be assigned, sublet or transferred without the written consent of authorized Town officials or employees.
41. Item Substitution: (This General Condition **Does Not** Apply To Solicitations For Printing or Service Requirements). No substitutes will be allowed on an issued purchase order without permission from the Town.
42. Restriction/Limitations: No purchases are to be made from this contract of any item that is not listed or of any item that is currently authorized under any contract awarded prior to this contract.
43. Purchases From Other Sources: (This General Condition **Does Not** Apply To Solicitations For Printing or Service Requirements). The Town reserves the right to bid separately any unusual requirements or large quantities of the items specified in the proposed contract.
44. Gratuities and Kickbacks
 - a. Gratuities: It shall be unethical for any person to offer, give or agree to give any employee or former employee, or for any employee or former employee to solicit, demand, accept or agree to accept from another person a gratuity or an offer of employment in connection with any decision, approval, disapproval, recommendation, preparation or any part of a program requirement or a purchase request, influencing the content of any specification or procurement standard, rendering of advice, investigation, auditing, or in any other advisory capacity in any proceeding or application, request for ruling, determination, claim or controversy, or other particular matter pertaining to any program requirement of a contract or subcontract, or to any solicitation or proposal therefore.
