SUBJECT: Addendum #1 to IFB # 33975, Limerock Purchase Lake Apopka Loop Trail Project

As a result of inquiries, the following clarifications/changes are provided for your information. Please make all appropriate changes to your bid documents.

Q1: On the referenced bid you have the product listed as Stabilized Road Base and the spec sheet on page 20 shows DOT Road Base Lime Rock. SJRWMD has always used DOT Road Base in the past. Stabilized Road Base is 1-1/2" to fines in size and is much more expensive. Do you in fact want DOT Road Base 3-1/2" to fines in size as you have required in the past?

A1: Yes, the revised specification is acceptable.

NOTE: The Bid Due Date remains 2:00 p.m., Thursday, January 10, 2019

Please acknowledge receipt of this Addendum on the BID FORM provided in the bid package.
