

Escambia County Public Safety, Communications Division is soliciting quotes for:

Equipment or Service:

Material and labor to replace standalone Liebert GXT3-10000RT208 UPS * **or EQUIVALENT**

Location(s):

- Englewood Tower Site 1218 W. Cross Street

Selected Vendor Requirements:

- Replace standalone Liebert GXT3-10000RT208 UPS. * **or EQUIVALENT**
- **Preferred ORION SCR3 Series**
- Meet or exceed the manufacturer's specifications and requirements.
- UPS powered equipment cannot be "off-line" unless prior approval is given from the Communications Chief or designee.
- Vendor to coordinate with the Communications Chief or designee on the exact date and time work is to be performed at site.
- Vendor must regularly perform UPS installation work as the focus of their company business.
- Vendor must provide the full manufacture warranty on materials purchased and three (3) year warranty on workmanship from the final date of acceptance.
- System shall be tested to demonstrate satisfactory functional and operating efficiency.
- All work shall be completed according to the manufacturer's instructions, specifications, and/or standard trade practices.
- Existing unit shall be removed and disposed of at the vendors expense.
- All electrical work shall be included in quote

Any requirement placed on the County for the project must be specifically identified in the respondent's quote. Any requirement for project completion that has not been identified and agreed upon as a County responsibility will be the responsibility of the vendor at no additional cost to the County.

This shall be a complete, turnkey, project. It shall be understood and agreed upon that the quote includes each component for material and labor, even though every item

involved is not listed herein. The vendor shall be responsible to provide ALL labor and materials (including electrical) for the entire scope of the project.

Vendor is responsible to verify information needed to provide a complete and accurate quote.

***OR EQUIVALENT** The inclusion of a manufacturer's name, trademark, or other proprietary identification of a product shall not limit competition, but shall establish a standard of quality, implying an "or equal" clause, unless expressly specified otherwise. However, the substitution of a product in place of that specified shall be permitted only upon the Buyers written approval in response to a formal request submitted by the Vendor sufficiently in advance to allow adequate time for evaluation by the Buyer. If the buyer determines that tests are necessary for a proper evaluation, such testing shall be performed as specified by the Buyer and at the Contractor's expense. The substitution of a product shall be subject to: 1. It is determined by the Buyer that the proposed substitute product is equal or superior in properties, quality, character, and appearance to that specified; 2. Such changes as may be required in the Work to install the substitute product and to properly integrate it into the Work are approved by the Buyer; 3. All costs for changes due to substitutions are the full responsibility of the Vendor. 4. The Vendor will provide at least the same warranty for the substitution that the Vendor would provide for the product specified; 5. The effect of the substitution on the total cost of the Work is approved by the Buyer.

Contact: Communications Chief, Andrew Hamilton (850.471.6316).
