- 1.3.5. All pricing submitted must be FOB to the plant(s) specified for the individual chemical. Unless otherwise stated for the actual location, delivery times shall be during the hours 8:00 – 2:00 PM, Monday through Friday only. All purchase orders are subject to the terms and conditions of this contract and all invoices for payment must reference the purchase order number. Sections II - V review the general terms and conditions. **Any solicitation-specific information noted in Section I or in the Specifications & Response Section will take precedence.**

4.1. LIQUIDATED DAMAGES

Pursuant to O.C.G.A. § 36-91-24, it is understood that the Notice-to-Proceed and the time for completion of the work as specified are ESSENTIAL conditions of any resulting contract and that the performance and completion of this work within the specified time is vital to the City's economic interests. If the Supplier neglects, fails or refuses to complete the work within the mutually agreed time specified, the City may impose liquidated damages for each day of non-compliance past the scheduled completion date. Unless otherwise specified in Section I of this document or in the resulting contract, liquidated damages may be assessed at a rate of 1%, with a limit of \$500.00 per day of non-compliance.

4.2. FORCE MAJEURE

The City and Supplier will be excused from the performance of their respective obligations under this Contract when and to the extent that their performance is delayed or prevented by any circumstances beyond their control including but not limited to, fire, flood, explosion, strikes or other labor disputes, act of God or public emergency, war, riot, order/act of any governmental authority, provided that:

- 4.2.1.** The non-performing party gives the other party prompt written notice within three (3) business days describing the particulars of the Force Majeure including, but not limited to, the nature of the occurrence and its expected duration, and continues to furnish timely reports with respect thereto during the period of the Force Majeure;
- 4.2.2.** The excuse of performance is of no greater scope and of no longer duration than is required by the Force Majeure;

4.2.3. No obligations of either party that arose before the Force Majeure causing the excuse of performance are excused as a result of the Force Majeure;

4.2.4. The non-performing party uses its best efforts to remedy its inability to perform. Economic hardship of the Provider will not constitute Force Majeure. The term of the Provider shall be extended by a period equal to that during which either party's performance is suspended under this Section.

The provisions of this section shall not preclude the City from canceling or terminating any resulting award (or any order for any goods or services included herein), or from revising the scope of the Work, as otherwise permitted under this solicitation.

4.3. SUPPLIER'S INVOICE

4.3.1. The Supplier shall prepare and submit invoices to the attention of the project manager at: City of Griffin, Attn: *(insert project manager name)*, PO Box T, Griffin, GA 30224. A proper invoice must include the items listed below:

(a) Name and address of the Supplier.

(b) Invoice date and invoice number. (The Supplier should date invoices as close as possible to the date of the mailing or transmission.)

(c) Purchase order number for supplies delivered or work completed.

(d) Description, quantity, unit of measure, unit price, and extended price of supplies delivered.

(e) Shipping and payment terms (e.g., shipment number and date of shipment, discount for prompt payment terms).

(f) Name and address to which payment is to be sent.

(g) Name (where practicable), title, phone number, and mailing address of person to notify in the event of a defective invoice.

(h) Any other information or documentation required by the contract (e.g., evidence of shipment).

4.3.2. A summary invoice shall be provided for all deliveries made during a billing period, identifying the delivery tickets covered therein, stating their total dollar value. A summary invoice shall be supported by receipt copies of the delivery tickets. Delivery tickets or sales slips shall contain:

(a) Name of supplier

(b) Purchase Order number

(c) Ship to Department and Address

(d) Description, Quantity, unit price, and extension of each item.

(e) Date of delivery or shipment.

4.4. TAX LIABILITY

4.5. PAYMENT

Payment will be made for items accepted by the City; standard terms are net 30.

4.6. ESTIMATED QUANTITIES

The quantities of items specified in the Solicitation Schedule are estimates only and are not purchased by this contract. If the City's requirements do not result in orders in the quantities described as "estimated", that fact shall not constitute the basis for an equitable price adjustment. Delivery shall be made only as authorized by orders issued in accordance with the Ordering clause. Subject to any limitations in the Order clause or elsewhere in this contract, the Supplier shall furnish to the City all items specified in the Solicitation Schedule and called for by orders issued in accordance with the Ordering clause.

4.7. ASSIGNMENT OR NOVATION OF CONTRACT

The Supplier shall not assign or transfer, whether by Assignment or Novation, any of its rights, duties, benefits, obligations, liabilities, or responsibilities under the Contract without the written consent of the City; provided, however, that assignments to banks, trust companies or other financial institutions for the purpose of securing a bond may be made without the consent of the City.

4.8. TERMINATION FOR CAUSE

The City reserves the right to terminate the resulting contract, in whole or in part, for failure to comply with any provisions of the contract as outlined by providing a written notice to the Supplier at least thirty (30) days before the effective date of termination. The Supplier will not be relieved of any outstanding responsibilities or unfinished obligations under this contract. Receipt of items by the delivery date is critical to the terms of this contract. The City considers late delivery of contract items as reasonable cause to terminate the contract.

Prior to termination, a Cure Notice will be issued by the City. The Notice will identify the problems and deadlines that need to be met to remedy the problems to avoid termination for default. If the Supplier does not respond with an acceptable action plan to remedy the default or commence to remedy the default within a period of five (5) business days (or such longer period as the City may authorize in writing) after the issuance of notice, the City may issue termination for cause.

4.9. TERMINATION FOR CONVENIENCE

The City reserves the right to terminate the resulting contract, in whole or in part, in the event the City determines that such termination is in the best interest of the City, such as an unforeseen project cancellation. Any such termination shall be effected by the delivery of a notice specifying the extent to which performance of work under the contract is termination and the date upon which the termination becomes effective. The City will payment of deliverables satisfactorily executed according to industry standards or proven loss with respect to materials, etc.

4.10. TERMINATION FOR FUND APPROPRIATION

The City may unilaterally terminate this Agreement due to a lack of funding at any time by written notice to the Supplier. In the event of the City's termination of the resulting contract for fund appropriation, the Supplier will be paid for those services actually performed. Partially completed performance of the Agreement will be compensated based upon a signed statement of completion to be submitted by the Supplier which shall itemize each element of performance.

4.11. CHANGES

All work and materials furnished for this project shall be made in conformance with the contract documents. Changes in the scope of work or the terms and conditions of this contract may be made only by written agreement of the parties. Changes that involve an alteration to the payment amounts shall not commence until approved by the City and a Change Order has been issued.

4.12. REPORTING DISPUTES

The Supplier shall report any contract disputes and/or problems to the Procurement Analyst, both verbally and in writing within 48 hours of their occurrence.

City, at its sole option, may terminate this Agreement and obtain damages from the Supplier resulting from said breach.

5.2.1.3. Alternatively, the City may purchase such required insurance coverage (but has no special obligation to do so), and without further notice to the Supplier, the City may deduct from sums due to the Supplier any premium costs advanced by City for such insurance.

5.2.2. Commercial General Liability and Automobile Liability Coverage

- 5.2.2.1. The City, members of its City Commission, boards, commissions and committees, officers, agents, employees and volunteers are to be covered as insured as respects: liability arising out of activities performed by or on behalf of the Supplier; products and completed operations of the Supplier; premises owned, leased or used by the Supplier or premises on which the Supplier is performing services on behalf of the City. The coverage shall contain no special limitations on the scope of protection afforded to the City, members of the City Commission, boards, commissions and committees, officers, agents, employees and volunteers.
- 5.2.2.2. The Supplier's insurance coverage shall be primary insurance as respects the City, members of its City Commission, boards, commissions and committees, officers, agents, employees and volunteers. Any insurance or self-insurance maintained by the City, members of its City Commission, boards, commissions and committees, officers, agents, employees and volunteers shall be excess of the Supplier's insurance and shall not contribute with it.
- 5.2.2.3. Any failure to comply with reporting provisions of the policies shall not affect coverage provided to the City, members of its City Commission, boards, commissions and committees, officers, agents, employees and volunteers.
- 5.2.2.4. Coverage shall state that Supplier's insurance shall apply separately to each insured against to whom a claim is made or suit is brought, except with respect to the limits of the insurer's liability.

5.2.3. Workers' Compensation and Employers' Liability and Property Coverage

The insurer shall agree to waive all rights of subrogation against the City, member of its' City Commission, boards, commissions and committees, officers, agents, employees and volunteers for losses arising from activities and operations of the Supplier in the performance of services under this Agreement. (*see 5.1.4.1*)

5.2.4. Deductibles and Self-Insured Retention

The certificates and endorsements for each policy are to be signed by a person authorized by that insurer to bind coverage on its behalf. The certificates and endorsements are to be received and approved by the City before work commences.

FY20 WATER TREATMENT CHEMICAL SPECIFICATIONS

The specifications for all chemicals shall be construed as minimum standards acceptable. Where brand names are mentioned the term "or approved equal or better" shall apply unless "NO SUBSTITUTIONS" is specified. If you wish your product to be tested to be a viable substitution, you must contact the plant superintendent to arrange testing. A simple jar test (hot and cold) may rule out some products, but cannot secure approval. Testing can be lengthy and products not already in the final stages of test mode will be considered for the following fiscal year rather than the upcoming one.

Note: All chemicals are listed in these specifications; some chemicals may be excluded from the pricing grid due to contract extension or single/sole sourcing.

SUPPLIER REGISTRATION

Supplier Registration with the City Of Griffin consists of the following:

The City of Griffin now has online self-service registration, via Vendor Registry. In order to be registered as a City of Griffin supplier, you must access the registration via the City's site. This will give you the opportunity to keep your information accurate and current. It also permits unlimited NIGP commodity codes, allowing for notifications based on your specific business criteria and to link your website to your profile. In addition to the visibility to the City, this service will allow for other agencies in our area to have visibility of your company and it will allow you to have visibility of opportunities from other agencies in our area. There is no charge for this basic service, but you do have the option to expand your visibility to other areas for a small fee at any time.

TO REGISTER:

- ✓ Please visit our website at www.cityofgriffin.com
- ✓ Click on "Resources" at the top of the page
- ✓ Select "Register my business with the City"
- ✓ Complete your registration by following the instructions provided
 - Two documents (forms are available online under "Forms") will be required to be uploaded before your registration is complete. They are:
 - **Supplier Affidavit** – This document is also referred to as the E-Verify affidavit and has been updated to reflect new laws that have recently gone into effect. An E-Verify (EV) number is REQUIRED by the State of Georgia (OCGA § 13-10-91) if you provide labor or services to the City that is valued in excess of \$2,499.99. In addition to the EV number and signature, the affidavit must be notarized. If you are a sole proprietor or your company provides only products, simply initial the statement that applies to your situation and sign. There is no need to notarize the affidavit unless you provide your EV number.
 - **W-9** – This document supplies the Employer Identification Number (EIN) or the Social Security (SS) number of the supplier.

These two forms must be submitted online if you are not currently registered (and compliant).

Note: *If you are registered on Vendor Registry with another agency other than City of Griffin, you can 'piggyback' off of your existing profile to create a profile for Griffin. Contact our Procurement office or Vendor Registry for help in creating this new record.*
