RE: Addendum No. 4, dated May 23, 2019

This Addendum forms a part of the Contract Documents and modifies the original Bidding Documents dated April 26, 2019.

This Addendum consists of one (1) page.

Add. 4.1 Clarification: For each driveway along the proposed overlay areas the contractor should create as smooth a transition as possible to the driveway using the minimum amount of asphalt required, and the asphalt should match the width of the existing driveway/apron. It is not necessary for the contractor to pave driveways to the right-of-way.
