WITNESSETH: That the Contractor and the City, in consideration of the mutual covenants herein contained, agree as follows:

Contract Name: Job Order Contract (JOC) for **WELDING SERVICES**

- A. It is agreed that the City Representative will issue a Notice to Proceed prior to any work. Work to be performed under this Job Order Contract (JOC) will be referred to as Work.
- B. It is agreed that projects will be given priority levels and the levels shall be interpreted as follows:
  - a. **Priority 1 – Emergency Work must begin immediately**
  - b. **Priority 2 – Work must begin within 24 hours**
  - c. **Priority 3 – Work must start within three (3) weeks**

- C. The Contractor agrees that the Work will be executed promptly, regularly, diligently and uninterrupted at such rate of progress as will ensure full completion thereof within the time specified. # SCOPE OF WORK - WELDING

## 1. INTRODUCTION

Notice is hereby given that the City of Kingman (City) is conducting a competitive one-step process to retain up to three (3) Contractors for a Job Order Contract (JOC) to provide Welding Services to the City of Kingman. Individual job orders could be between Five thousand (\$5000) and Two Million dollars (\$2,000,000). The term of this contract will be two (2) years with three (3) one-year renewal options. However, services will be requested on an as-needed, if-needed basis and the resultant contract is neither exclusive nor a commitment by the City that the Contractor's services will be required.

## 2. BACKGROUND:

Job Order Contracting is an alternative delivery method for construction of public works projects. JOC's differ from the standard project-specific, low bid contracts in that they are indefinite-quantity contracts, which can be awarded on the basis of qualifications. Best value may be considered in awarding the JOC or in awarding job orders under the JOC contract.

## 3. SCOPE OF REQUIRED SERVICES:

Provide JOC Welding Services to include but not limited to:

- Repair and maintenance of existing metal items.
- Fabrication and installation of new metal items.
- Other miscellaneous related tasks as required.

## 4. SPECIFICATIONS

All work will be conducted by a Welding firm properly licensed by the State of Arizona and will conform to all Federal, State and Local Building and Health Codes.

## 5. SAFETY

The Contractor will provide sufficient safety devices as required to establish a safety zone around the work area, prevent overspray and damages, and ventilate as necessary to provide safe breathing air to workers and other people in the area.

During the construction process, the Contractor will comply with all applicable federal, state and local (City of Kingman) health and safety laws and regulations including, but not limited to all applicable "OSHA Standards for the Construction Industry". Knowing and following OSHA Safety Standards is the Contractor's responsibility. The City may stop construction on a project until safety concerns have been corrected.

## 6. CLEAN UP

The Contractor will clean up all trash and debris generated by their work in a manner acceptable to the Project Manager.

## OFFER SECTION

### TO THE CITY OF KINGMAN:

The Undersigned hereby offers and agrees to enter into negotiations with the City to provide the material or service in compliance with all terms, scope of work, conditions, specifications, and amendments in the solicitation.
