

CITY OF HAVELOCK

Post Office Box 368

Havelock, NC 28532

INVITATION TO BID

Pursuant to North Carolina General Statutes §143-131, the City of Havelock invites informal bids on the following:

Bids must be submitted in accordance with the attached specifications. Bids must include an itemized schedule (including quantity, unit price and total) for each work element. Bids can be submitted by mail, email, fax or hand delivered. If submitting a bound paper copy an unbound or electronic copy must be included with bid package. Cover sheets, envelopes, etc. should be clearly marked with the words:

***“City of Havelock,
Hollywood Blvd. Drain Repair”***

Address Bids to: **Lee Tillman, Director of Finance**
 City of Havelock
 P.O. Box 368
 1 Governmental Ave.
 Havelock, NC 28532
 Fax: 252-447-0126
 Email: Bids@havelocknc.us

Bids will be accepted until **3:00 PM (EST) on Thursday, June 17, 2021** at which time they will be reviewed in the office of the City Finance Director. Quotes are not subject to public inspection until the contract is awarded. The bids are good for 75 days after opening. The winning bidder will be issued a Notice To Proceed (NTP) along with a Purchase Order. The performance period is 45 calendar days from the NTP.

Bidders are cautioned not to submit bids until the proposed requirements and specifications have been carefully examined. It will be considered that bidders will have satisfied themselves as to the accuracy of the specifications. No proposal will be considered unless prices are submitted for all items requested in any section. The City reserves the right to change the amount of quantities.

All bids submitted should be to the desired specifications. Any exceptions to the specifications will be evaluated based on the best interest of the City. Any deviation from specifications indicated herein must be clearly pointed out; otherwise, it will be considered that items offered are in strict compliance with these specifications, and bidder will be held responsible therefore. Deviations shall be explained in detail. The bidder shall not construe this paragraph as inviting deviation or implying that any deviation will be acceptable.

The names of certain brands or makes denote quality standard in the article desired, but do not restrict bidders to the specific brand, make or manufacturer named. They are meant to convey to prospective bidders the general style, type, character and quality of the article desired.

The successful bidder on all construction contracts will be required to conduct the operation in accordance with all Federal, State, and Municipal health and safety rules, regulations and laws applicable to the operation. The successful bidder may be asked to provide the City with a copy of the company's safety plan prior to commencing work. For all projects over \$30,000, a general contractor's license must be furnished to the City if applicable.

Certificate to Transact Business in North Carolina: As a condition of contract award, each out-of-State Vendor that is a corporation, limited-liability company or limited-liability partnership shall have received, and shall maintain throughout the term of The Contract, a Certificate of Authority to Transact Business in North Carolina from the North

Carolina Secretary of State, as required by North Carolina law. A contract requiring only an isolated transaction completed within a period of six months, and not in the course of a number of repeated transactions of like nature, shall not be considered as transacting business in North Carolina and shall not require a Certificate of Authority to Transact Business.

The City will not sell bid packages. Plans, specifications, and addenda may be viewed and obtained online at www.havelocknc.us. Click on: "Bid on a Contract"; "Current Bids". The Bidder's List is maintained by Vendor Registry. Registration for the Bidder's List is made online at www.havelocknc.us. Click on: "Bid on a Contract"; "Vendor login/Registration".

N.C.G.S. (North Carolina General Statutes), specifically §160A-20.1(b), prohibit the City from entering into contracts with contractors and subcontractors who have not complied with the requirement of Article 2 or Chapter 64. The Contractor shall submit the E-Verify Affidavit, located in the Bid Proposal section, with their bid. Bids that do not include this Affidavit will be considered non-responsive.

N.C.G.S 147-86.42-84 requires that contractors with a North Carolina Local Government must not utilize any subcontractor found on the State Treasurer's Iran Divestment list or Companies Boycotting Israel list. The referenced lists can be found on the State Treasurer's website at the address www.nctreasurers.com and will be updated every 180 days.

The City of Havelock reserves the right to reject any or all proposals and to purchase items from the state contract in the efforts to award the contract to the bidder it deems to be for the best interest of the City.

MODIFICATION AND WITHDRAWAL OF BIDS. Bids may be modified or withdrawn by an appropriate document duly executed (in the manner that a Bid must be executed) and delivered to the place where Bids are to be submitted at any time prior to the opening of Bids. A request to withdraw a bid may be made to the Owner within 72 hours after Bids are opened in accordance with NCGS § 143-129.1 Requests to withdraw a Bid will be subject to the requirements of NCGS §143-129.1 and in the sole discretion of the City of Havelock Finance Officer.

This institution is an equal opportunity provider, and employer.

Contact person(s) for information on this bid:

For questions in regards to the bid specifications, the City requires and only responds to questions submitted in writing and sent via email to: Bids@havelocknc.us

Questions must be received by **2:00 PM (EST) on Thursday, May 27, 2021**. If questions are received, the City will respond no later than **12:00 PM (EST) on Thursday, June 3, 2021**.

Pre-bid Meeting

A pre-bid meeting will be held on Wednesday, May 26, 2021 at 11:00 AM at the site: Hollywood Blvd and S. Forest Dr. intersection Havelock NC 28532. The meeting will be held to discuss the Project and answer pertinent questions. Representatives of the City and Engineer will be available to answer questions. The pre-bid meeting is not mandatory.

This is the 14th day of May 2021

Scope of Work

The City of Havelock is seeking bids for replacing two 36-inch CMP pipes in length in kind on Hollywood Blvd just north of the intersection with S. Forest Drive (see Figure 1). The job will involve open cutting of Hollywood Blvd, removal of two existing 36-inch CMP pipes, approx. 68' long each. One section is between two curb inlets also to be removed, located on each roadway gutter. The two pipes run from the northeast side of the road at a drainage ditch and embankment to the southwest side where it connects to the concrete vault. Pipes are approx. 6 ft deep, so proper shoring shall be required. Work will include installation of new 36" corrugated metal pipes, concrete inlet boxes with steel grates, curb, gutter and sidewalk repair, stone bedding, backfill, compaction, erosion control and rip-rap, repaving of the area, and a traffic control plan with road closure. Construction debris to be cleaned up at the end of each day and disposed of by the contractor in accordance with state and local ordinances. See Figure 2.

CMP Piping

- A. Two (2) 36-inch diameter CMP pipes to span two runs of approximately 68 feet each. Exact length to be verified by contractor. Material to conform to ASTM A760/ A760M with a metallic coating of zinc and aluminum or alloy per section 1.1 of ASTM A760/ A760M.

Pipe Bedding:

- A. Pipe bedding shall consist of an eight-inch (8") depth of # 57 stone under pipe; provide eight-inch (8") depth #57 stone for asphalt paving base material.

Drain Vaults

- A. Concrete drain vaults with steel grates to match existing sizes. (sizes to be verified by the contractor prior to bidding).

All sizes and materials to be verified by the contractor prior to bidding. The City of Havelock is not responsible for any errors or omissions.

Excavation and Shoring:

- A. Contractor is responsible for pavement cutting and excavating to remove existing pipes and install new.
- B. Existing pipes are approx. 76" deep to bottom. Contractor is responsible for proper shoring during work to comply with OSHA standards.
- C. The Contractor is responsible for the design and protection of all excavation and shoring. Shoring shall be designed and sealed by a professional engineer registered in the State of North Carolina, as required by OSHA, CFR 1926.
- D. Contractor shall notify NC 811 for utility locations prior to any excavations.

- E. In no case shall excavation exceed that which can be backfilled by the end of the workday.

Backfill and Compaction:

- A. All excavations shall be backfilled with native soils or select fill if the excavated material is not suitable. Contractor shall be responsible for the removal and disposal of all excavation material and construction debris.
- B. Compaction shall be to 98% Standard Proctor.
- C. Backfill shall be completed and layered in maximum lifts of 8 inches.

Dewatering:

- a. The contractor shall dewater as required for completion of work. Excavation shall be kept free of water at all times during pipe removal, pipe replacement, and backfill operation.
- b. All dewatering shall flow through a sediment filter bag. Sediment filter bags shall be of Polypropylene non-woven geotextile fabric with a sewn-in sleeve of sufficient size to accept a 4-inch diameter discharge hose. The discharge hose shall be extended into the sleeve a minimum of six (6) inches and be tightly secured with a hose clamp or other suitable device to prevent leakage. Contractor shall size sediment filter bags as necessary to dewater excavations.

Erosion and Sediment Control and Surface Restoration:

- A. The Contractor shall be responsible for the installation and maintenance of all erosion and sediment control, including dewatering measures as required, in accordance with the NC Erosion and Sediment Control Manual.
- B. Construction activities shall be completed in such a manner that erosion of disturbed areas and off-site sedimentation is absolutely minimized.
- C. All disturbed areas shall be restored as soon as construction is complete. Seed type shall match existing grass in maintained areas. Follow the NC Erosion and Sediment Control Manual for seeding type.
- D. Rolled erosion control matting shall be used to stabilize all disturbed slopes.
- E. Provide new rip-rap over matting on northeast embankment.

Pavement and Concrete Restoration:

- A. Replacement of any disturbed areas of asphalt roadway is the responsibility of the contractor and shall be returned to original condition at end of project. Provide minimum 1 ft. overlap of new top coat over existing base layer beyond sawcut (mill

existing as required). Apply tack coat and hot crack sealer at joints.

- B. Sections of any disturbed areas of curbs, gutters and sidewalk on each side as well as on section of sidewalk shall be returned to original condition at end of project.

Access:

- A. Project area is within an existing City of Havelock easement or within City street right-of-way.
- B. If additional access is required through private property, the Contractor shall coordinate access through the City with the property owner(s) and restore all disturbed area to the satisfaction of the property owner(s).

Traffic Control:

- A. Contractor shall submit a Traffic Control Plan in accordance with the Manual of Uniform Traffic Control Devices (MUTCD) for any operations affecting traffic including but not limited to road closures. City must approve the traffic plan prior to implementation, including 24-hour notice prior to any lane closure.
- B. Access to residences for local traffic shall be maintained throughout contract. Contractor shall provide a minimum of one week (7 days) notice to City of Havelock for any road closure.

General Provisions:

- A. Contractor shall comply with all requirements of OSHA 1926.
- B. Work hours shall be 8am to 5pm, Monday through Friday. No work shall be performed on City holidays. Work outside established work hours must be scheduled with the City 48 hours in advance and is subject to approval.
- C. Contractor will obtain all necessary permits. Permits required by City of Havelock are provided free of charge.
- D. Roadway repair is the responsibility of the contractor.
- E. All necessary efforts shall be made to control erosion and sediment release while this project is under construction.
- F. The Contractor is to clean and remove all debris at the end of each work day.
- G. All underground utilities are to be 811 located, prior to work being started.
- H. Contractor is responsible for all damage to existing roads, driveways, drainage, or utilities that occur as a result of the construction of the project.

- I. Contractor is responsible for all damage to City property that occur as a result of the construction of the project.
- J. Contractor shall provide safety measures during entire length of the project, including proper shoring during excavation and installation.
- K. Contractor is responsible for the storage and safety of all materials and equipment on jobsite.

Liquidated Damages:

The Contractor agrees to pay the owner \$300 per day in liquidated damages for each day beyond the duration described below for the period of performance.

Period of Performance:

The period of performance is 45 days from the notice to proceed.

See figures 1 and 2 below of the area for planning purposes. Site visits are recommended.
