I. INTRODUCTION TO EVALUATION PROCESS

Arlington County, Virginia, is soliciting proposals from Offerors having experience and abilities in the areas identified in this solicitation. Each proposal must contain evidence of the Offeror's qualifications in the specified areas and in other disciplines directly related to the proposed work. Offerors might also be required to submit profiles and resumes of the staff to be assigned to the project, references, examples of similar work performed and other information that will clearly demonstrate the Offeror's relevant expertise, as specified in the solicitation.

A County Selection Advisory Committee ("SAC") will review and evaluate all written proposals based on the criteria identified in this solicitation. Subsequent evaluations, such as to select firms for negotiation, may include, but are not limited to, review of more detailed proposals and/or oral presentations. Any such subsequent evaluations will be based on the same criteria.

The County reserves the right to accept or reject and to waive any informalities or irregularities in the proposals and to contract as the best interests of the County require in order to obtain the services described in this RFP. Selection of an Offeror's proposal does not mean that all aspects of the proposal are acceptable to the County. The County reserves the right to negotiate terms and conditions with the selected Offeror before executing a contract.

MANDATORY REQUIREMENTS

Note that this solicitation contains qualification requirements that are mandatory for all Offerors. Refer to the Proposal Submittal Elements section of this document for details.

Prior to the award of a contract resulting from this solicitation, Offerors are prohibited from contacting any County staff other than those assigned to the Office of the Purchasing Agent.

QUESTIONS REGARDING THE ORIGINAL SOLICITATION MUST BE SUBMITTED BY JANUARY 18, 2024, AT 5:00 P.M. EASTERN TIME TO BE CONSIDERED. ALL QUESTIONS RECEIVED BY THE QUESTION DEADLINE WILL BE RESPONDED TO WITHIN VENDOR REGISTRY AND POSTED FOR ALL OFFERORS. THE SYSTEM WILL NOT ACCEPT ANY QUESTIONS AFTER THIS DATE AND TIME.

If any questions or responses require revisions to this solicitation, such revisions will be by formal Addendum only. Offerors are cautioned not to rely on any written, electronic, or oral representations made by any County representative or other person, including the County's technical contact, that appear to change any portion of the solicitation, unless the change is ratified by a written Addendum to this solicitation issued by the Office of the Purchasing Agent.

3. OFFERORS' RESPONSIBILITY TO INVESTIGATE

Before submitting a proposal, each Offeror must make all investigations necessary to ascertain all conditions and requirements affecting the full performance of the contract and to verify any representations made by the County upon which the Offeror will rely. No pleas of ignorance of such conditions and requirements will relieve the successful Offeror from its obligation to comply in every detail with all provisions and requirements of the contract or will be accepted as a basis for any claim for any monetary consideration on the part of the successful Offeror.

4. INTEREST IN MORE THAN ONE PROPOSAL, AND COLLUSION

Reasonable grounds for believing that an Offeror is interested in more than one proposal for a solicitation, including both as an Offeror and as a subcontractor for another Offeror, or that collusion exists between two or more Offerors, will result in rejection of all affected proposals. However, an individual or entity acting only as a subcontractor may be included as a subcontractor on two or more different Offerors' proposals. Offerors rejected under the above provision will also be disqualified if they respond to a solicitation for the same work.

5. COMPETITIVE NEGOTIATION FOR PROFESSIONAL SERVICES

This solicitation is a competitive negotiation for professional services, as defined in the Arlington County Purchasing Resolution. The content of the proposals and the identity of the offerors are not public record until a Notice of Decision to Award has been issued. The opening of proposals is therefore not public.

6. NOTICE OF DECISION TO AWARD

When the County has made a decision to award a contract(s), the County will post a Award Notice or Intent to Award to [Vendor Registry](#).

7. TRADE SECRETS OR PROPRIETARY INFORMATION

Trade secrets or proprietary information that an Offeror submits in connection with a procurement transaction may be exempted from public disclosure under the Virginia Freedom of Information Act (“VFOIA”). However, the Offeror must invoke VFOIA protection clearly and in writing on the Proposal Form for County review. The Proposal Form must include at least the following: (1) the data or other materials sought to be protected and (2) specific reasons why the material is confidential or proprietary. It is the Offeror’s sole responsibility to defend such exemptions if challenged in a court of competent jurisdiction.

8. FINANCIAL STATEMENT

If requested by the County, an Offeror must submit its most recent independent certified public accountant's audit of its finances, including the management letter and other ancillary audit components. If the audited financial statement is not available, the Offeror must submit a written statement explaining the statement’s absence and provide other documents (e.g., tax returns) that enable the County to assess the Offeror’s financial condition. Failure to submit a financial statement upon request will be grounds for immediate disqualification. If the financial statement is not for the identical organization submitting the offer, the Offeror must submit a written explanation of the relationship and financial responsibility of the organization whose financial statement is provided (e.g., parent-subsiary).

The County will return the financial statement at the conclusion of the award process only upon receipt of a written request signed by an officer of the organization or the same person who signed the original Proposal Form. The County considers a non-public financial statement submitted pursuant to this paragraph to be proprietary information that is not subject to disclosure under VFOIA.

9. DEBARMENT STATUS

The Offeror must indicate on the Proposal Form whether it or any of its principals is currently debarred, enjoined, or suspended from submitting proposals to the County or to any other state or political subdivision and whether the Offeror is an agent of any person or entity that is currently debarred, enjoined or suspended from submitting proposals to the County or to any other state or political subdivision. An affirmative response may be considered grounds for rejection of the proposal.

10. CONFLICT OF INTEREST STATEMENT

The Offeror must provide a statement regarding any potential conflict of interest, with the notarized signature of a principal of the Offeror, on the form provided in this solicitation.

11. REPLACEMENT OR AUGMENTATION OF KEY PERSONNEL OR SUBCONTRACTORS

The key personnel and subcontractors in an Offeror’s proposal are considered essential to the Offeror’s qualifications and may not be replaced or substituted, nor may additional personnel or subcontractors be added, after qualification of the Offeror’s proposal unless the County approves the changes in advance in writing.

12. REGISTRATION OF PROFESSIONAL SERVICE PROVIDERS

A person, corporation, partnership or other entity engaging in the practice of architecture, professional engineering, land surveying, certified landscape architecture or any combination thereof shall not offer to provide or provide such services to the County unless (1) it is registered with the Commonwealth of Virginia State Board for Architects, Professional Engineers, Land Surveyors and Landscape Architects (“Board”) in accordance with the Code of Virginia, Sections 54.1-411 (business entities) or 13.1-549 (professional corporations) or (2) it is exempt from registration because of its status as a sole proprietorship, as defined in the statute. By submitting a signed proposal, an Offeror certifies that it has the required registration or is exempt from the requirement. The County may also require an Offeror to provide proof of registration or exemption. For further information on the registration requirement, contact the Board at the Virginia Department of Commerce, 3600 West Broad Street, Richmond, Virginia 23230, telephone number (804) 367-8500.

13. AUTHORITY TO TRANSACT BUSINESS

Any Offeror organized as a stock or nonstock corporation, limited liability company, business trust, or limited partnership or registered as a registered limited liability partnership must be authorized to transact business in the Commonwealth of Virginia as a domestic or foreign business entity if so required by Title 13.1 or Title 50 of the Code of Virginia, or as otherwise required by law. The proper and full legal name of the entity and the identification number issued to the Offeror by the Virginia State Corporation Commission must be included on the Proposal Form. Any Offeror that is not required to be authorized to transact business in the Commonwealth must include in its proposal a statement describing why the Offeror is not required to be so authorized. The County may require an Offeror to provide documentation that 1) clearly identifies the complete name and legal form of the entity and 2) establishes that the entity is authorized by the State Corporation Commission to transact business in the Commonwealth of Virginia. Failure of an Offeror to provide such documentation will be a ground for rejection of the proposal or cancellation of any award. For further information refer to the Commonwealth of Virginia State Corporation Commission website at: www.scc.virginia.gov. The County reserves the right to waive this requirement at any time, for any reason.

14. EXCEPTIONS TO TERMS AND CONDITIONS

The attached draft Contract Terms and Conditions contain a number of mandatory terms, which are marked with an asterisk. Those terms are not negotiable. If an Offeror objects to a mandatory term, the County will consider the proposal non-responsive.

15. INSURANCE REQUIREMENTS

Each Offeror must be able to demonstrate proof of the specific coverage requirements and limits applicable to this solicitation. If the Offeror is not able to do so, it may propose alternate insurance coverage in its exceptions to the County’s Terms and Conditions.

16. ARLINGTON COUNTY BUSINESS LICENSES

The successful Offeror must comply with the provisions of Chapter 11 (“Licenses”) of the Arlington County Code, if applicable. For information on the provisions of that Chapter and its applicability to this solicitation, contact the Arlington County Business License Division, Office of the Commissioner of the Revenue, at 2100 Clarendon Blvd., Suite 200, Arlington, Virginia, 22201, tel. (703) 228-3060, or e-mail business@arlingtonva.us.

17. ESTIMATED QUANTITIES/NON-EXCLUSIVITY OF CONTRACTOR

The contract that will result from this solicitation will not obligate the County to purchase a specific quantity of items or services during the Contract Term. Any quantities that are included in the contract documents are the present expectations the County for the period of the contract, and the County is under no obligation to buy that, or any, amount as a result of having provided this estimate or of having had any normal or otherwise measurable requirement in the past. The County may require more goods and/or services than the estimated annual amount, and any such additional quantities will not give rise to any claim for compensation other than at the unit prices and/or rates specified in the contract.

The items or services covered by this contract may be or become available under other County contract(s), and the County may determine that it is in its best interest to procure the items or services through such other contract(s). The County does not guarantee that the selected contractor will be the exclusive provider of the goods or services covered by the resulting contract.

18. ELECTRONIC SIGNATURE

If awarded, the Offeror may be required to accept an agreement and sign electronically through the County's e-signature solution, DocuSign.

III. INTRODUCTION TO REQUEST FOR PROPOSAL NO. 24-DES-RFP-483

The intent of this solicitation and resulting agreement is to obtain the services of a qualified land surveying contractor to provide soil, groundwater and building inspection and testing and remediation services, including the provision of the necessary personnel and equipment for all shop, field, and laboratory testing and monitoring of the environmental status remediation, when necessary, of real property in the County.

The sum of all task order projects awarded in each one-year contract term shall not exceed one million dollars (\$1,000,000). The County provides no guarantee of the amount of work to be assigned to the selected firm. The County may, in its sole discretion, decide to issue separate solicitations for projects for which doing so is determined to be in the best interest of the County.

BACKGROUND/PURPOSE OF SOLICITATION

The County must obtain Level I ELS services and, when necessary, Level II and Level III services as part of County legal due diligence for all acquisitions of real estate by the County. The County also, at times, requires environmental land survey services for inspection, testing, monitoring, and remediation of real properties already owned by the County, or as part of County capital improvement, public accommodation or public infrastructure improvement projects.

IV. SCOPE OF SERVICES

The Contractor shall furnish all necessary labor, supervision, supplies, materials, and equipment required to conduct environmental land survey services. The Contractor shall provide inspection and testing services for soil, groundwater, and buildings, in addition to providing the personnel and equipment for all laboratory, field, and shop testing and monitoring of the environmental status of County-identified real property.

The County anticipates conducting six environmental land surveys annually; however, the number of projects requested is based on County's needs, therefore the County cannot guarantee an annual minimum or maximum.

1. Three Level Environmental Land Survey (ELS) Approach

Assessing properties for past, present, and/or potential future on-site and off-site environmental liabilities will involve the application of a three-level approach by the County. This multi-level approach will enable the development of site-specific work scopes while reducing initial survey expenses. To meet particular time constraints, the County may require a combined phase approach for projects that are progressing at an accelerated schedule. The three-level approach consist of:

- A. Level I: The Contractor shall perform a Level I ELS, which includes a comprehensive evaluation of published hydro-geological and geological data, land records, and regulatory agency file records. In additions, a physical inspection of the site shall be conducted. The Contractor shall evaluate all data and submit to the County a written report detailing the investigative activities upon completion of this review. If warranted by specific site conditions, this report shall include recommendations for additional investigation. Level I initiatives do not include subsurface/surface sampling and radon gas inspections, unless the County specifically requests such activities.

The Contractor shall immediately notify the County of any findings that suggests the potential discharge or presence of hazardous waste materials, contaminated soil and/or groundwater on the inspected site or on adjacent sites. The determination of the type and magnitude of contamination is not within the scope of a Level I ELS and shall be addressed in a Level II ELS. However, the County may request radon gas inspections and subsurface/surface sampling as part of the Level I efforts. The Contractor shall develop a Level II scope of work that is specific to the site, drawing upon the findings and recommendations of Level I.

Level I activities shall include the following:

1. Historical Review: The Contractor shall conduct a historical evaluation of the subject property and adjacent sites to identify conditions associated with prior usage which may indicate a potential for contamination, including, but not limited to, the following tasks:
 - Conduct an examination of publicly available documents in order to ascertain whether the site has been under public ownership since at least since 1940, as well as to identify any prior use of the site and adjacent sites;
 - Examine any aerial photographs of the property that are accessible;
 - Review of available building and utility permits for the subject property;

- Review of County/city directories and other available published information identifying former occupants/tenants of the site;
 - Conducting interviews with present and former owners and tenants, whenever possible, to obtain information regarding the site's utilization;
 - Evaluation of published hydro-geological and geological data for the site and vicinity;
 - Examination of Arlington County Public Works, Zoning, Building Inspections, Health Department, Fire Department and other available records for the site.
2. Regulatory File Review: The Contractor shall perform a regulatory file review to identify any agency actions filed against the site which may indicate contamination of the subject property, including, but not limited to, the following tasks:
- Examination of hazardous waste (Superfund) sites on the USEPA-National Priority List (NPL) that are located within a one-half (½) mile radius of the site;
 - Examination of USEPA-Comprehensive Environmental Response, Comprehensive Liability Information System (CERCLIS) inventory of potentially hazardous waste sites under investigation within a one-half mile radius of the site;
 - Examination of Virginia Department of Waste Management's inventory of Permitted Solid Waste Facilities;
 - Review of Virginia Department of Waste Management's Hazardous Waste Handlers List;
 - Review of the Virginia State Water Control Board files for the property and adjacent properties;
 - Review of the Virginia State Underground Storage Tank (UST) Database;
 - Review of Virginia State Water Control Board Leaking Underground Storage Tank (LUST) Database for subject and adjacent properties;
 - Review of State Health Department records relative to surface and ground water for the site;
 - Review of registry of underground storage tanks and reported hazardous materials incidents available through the Fire Prevention Division of the Fire Department;
 - Review of other available data relating to prior or current site usage;
 - Review of Corps of Engineers, FEMA, and other regulatory agencies files for the site.
3. Physical Inspection of Property: The Contractor shall conduct a site inspection, documenting current site conditions and identifying areas of potential environmental concern. Information obtained in the historical and regulatory review shall be considered during the site walkover. The Contractor shall perform the following tasks:

This asbestos survey consists of identifying asbestos containing materials (ACMs). This work shall include confirmation sampling and analysis, and site-specific work scopes outlining costs for removal and disposal. 1. CONTRACT DOCUMENTS

The "Contract Documents" consist of:

- This Agreement
- Exhibit A – Scope of Work
- Exhibit B – Contract Pricing
- Exhibit C – Contractor Performance Evaluation Form

Where the terms and provisions of this Agreement vary from the terms and provisions of the other Contract Documents, the terms and provisions of this Agreement will prevail over the other Contract Documents, and the remaining Contract Documents will be complementary to each other. If there are any conflicts, the most stringent terms or provisions will prevail.

The Contract Documents set forth the entire agreement between the County and the Contractor. The County and the Contractor agree that no representative or agent of either party has made any representation or promise with respect to the parties' agreement that is not contained in the Contract Documents. The Contract Documents may be referred to below as the "Contract" or the "Agreement".

2. SCOPE OF WORK

The Contractor agrees to perform the services described in the Contract Documents (the "Work"). As detailed in the "Scope of Work" (Exhibit A), the primary purpose of the Work is to provide soil,

groundwater and building inspection and testing services, including the necessary personnel and equipment for all shop, field, and laboratory testing and monitoring of the environmental status of real property in Arlington County. It will be the Contractor's responsibility, at its sole cost, to provide the specific services set forth in the Contract Documents and sufficient services to fulfill the purposes of the Work. Nothing in the Contract Documents limits the Contractor's responsibility to manage the details and execution of the Work.

3. PROJECT OFFICER

The performance of the Contractor is subject to the review and approval of the County Project Officer, who will be appointed by the Director of the Arlington County department or agency requesting the Work under this Contract.

4. CONTRACT TERM

The Work will commence on _____ and must be completed no later than _____ ("Initial Contract Term"), subject to any modifications provided in the Contract Documents. Additional services will be billed at the rates set forth in Exhibit B unless otherwise agreed by the parties in writing.

6. CONTRACT PRICE ADJUSTMENTS

The Contract Amount/unit price(s) will remain firm until _____ ("Price Adjustment Date"). To request a price adjustment, the Contractor or the County must submit a written request to the other party not less than 90 days before the Price Adjustment Date. Any Contract Amount/unit price(s) that result from this provision will become effective the day after the Price Adjustment Date and will be binding for 12 months. The new Price Adjustment Date will be 12 months after the price adjustment.

If the Contractor and the County have not agreed on a requested adjustment by 30 days before the Price Adjustment Date, the County may not renew the Contract, whether or not the County has previously elected to renew the Contract's term.

7. PAYMENT

The Contractor must submit invoices to the County's Project Officer, who will either approve the invoice or require corrections. The County will pay the Contractor within 45 days after receipt of an invoice for completed work that is reasonable and allocable to the Contract and that has been performed to the satisfaction of the Project Officer. All payments will be made from the County to the Contractor via ACH. The number of the County Purchase Order pursuant to which goods or services have been delivered or performed must appear on all invoices.

The Contractor also must submit to the County's Project Officer its W-9 Form, which will include its Federal Employer Identification Number ("FEIN") or Social Security Number ("SSN"), whichever is applicable, before the County can process payment to the Contractor under the Contract.

8. ADJUSTMENTS FOR CHANGE IN SCOPE

The County may order additions, deletions and other revisions in the Work within the general scope of the project. If the Contractor believes that any change is not within the scope of the project or warrants additional compensation, the Contractor must notify the Project Officer as soon as the County requests the change; and the Contractor must then provide written notice of its position to the Project Officer within ten calendar days. The Contractor's notice must detail and document the basis for the claimed amount of additional compensation. The Contractor will not receive any additional compensation pursuant to this paragraph unless the parties execute a written Contract amendment, and the County issues a purchase order consistent with the amendment.

9. REIMBURSABLE EXPENSES

The County will not reimburse the Contractor for any expenses under this Contract. The amount in Exhibit B includes all costs and expenses of providing the services described in this Contract.

10. * PAYMENT OF SUBCONTRACTORS

- b. Notify the County and the subcontractor, in writing, of the Contractor's intention to withhold all or a part of the subcontractor's payment, with the reason for nonpayment.

The Contractor is obligated to pay interest to the subcontractor on all amounts owed by the Contractor to the subcontractor that remain unpaid after seven days following receipt by the Contractor of payment from the County for work performed by the subcontractor under this Contract, except for amounts withheld as allowed in subsection b., above. Unless otherwise provided under the terms of this Contract, interest will accrue at the rate of 1% per month.

The Contractor must include in each of its subcontracts, if any are permitted, a provision requiring each subcontractor to include or otherwise be subject to the same payment and interest requirements with respect to each lower-tier subcontractor.

The Contractor's obligation to pay an interest charge to a subcontractor pursuant to this section may not be construed to be an obligation of the County. A Contract modification may not be made for the

purpose of providing reimbursement for such interest charge. A cost reimbursement claim may not include any amount for reimbursement for such interest charge.

11. * NON-APPROPRIATION

All payments by the County to the Contractor pursuant to this Contract are subject to the availability of an annual appropriation for this purpose by the County Board of Arlington County, Virginia (“Board”). In the event that the Board does not appropriate funds for the goods or services provided under this Contract, the County will terminate the Contract, without termination charge or other liability to the County, on the last day of the fiscal year or when the previous appropriation has been spent, whichever event occurs first.

12. ESTIMATED QUANTITIES/NON-EXCLUSIVITY OF CONTRACTOR

This Contract does not obligate the County to purchase a specific quantity of items or services during the Contract Term. Any quantities that are included in the Contract Documents are the present expectations of the County for the period of the Contract; and the County is under no obligation to buy that or any amount as a result of having provided this estimate or of having had any normal or otherwise measurable requirement in the past. The County may require more goods and/or services than the estimated annual quantities, and any such additional quantities will not give rise to any claim for compensation other than at the unit prices and/or rates in the Contract.

The County does not guarantee that the Contractor will be the exclusive provider of the goods or services covered by this Contract. The items or services covered by this Contract may be or become available under other County contract(s), and the County may determine that it is in its best interest to procure the items or services through those contract(s).

13. * COUNTY PURCHASE ORDER REQUIREMENT

County purchases are authorized only if the County issues a Purchase Order in advance of the transaction, indicating that the ordering County agency has sufficient funds available to pay for the purchase. If the Contractor provides goods or services without a signed County Purchase Order, it does so at its own risk and expense. The County will not be liable for payment for any purchases made by its employees that are not authorized by the County Purchasing Agent.

14. REPLACEMENT OF PERSONNEL AND SUBCONTRACTORS

The County has the right reasonably to reject staff or subcontractors whom the Contractor assigns to the project. The Contractor must then provide replacement staff or subcontractors satisfactory to the County in a timely manner and at no additional cost to the County. The day-to-day supervision and control of the Contractor's and its subcontractors' employees is the sole responsibility of the Contractor.

The Contractor may not replace key personnel or subcontractors identified in its proposal, including the approved Project Manager, without the County's written approval. The Contractor must submit any request to remove or replace key personnel or subcontractors to the County Project Officer at least 15 calendar days in advance of the proposed action. The request must contain a detailed justification, including identification of the proposed replacement and his or her qualifications.

If the approved Project Manager must be absent for an extended period, the Contractor must provide an interim Project Manager, subject to the County's written approval.

If the approved Project Manager resigns or is terminated by the Contractor, the Contractor will replace the Project Manager with an individual with similar qualifications and experience, subject to the County's written approval.

During the performance of this Contract, the Contractor must: (i) provide a drug-free workplace for its employees; (ii) post in conspicuous places, available to employees and applicants for employment, a statement notifying employees that the unlawful manufacture, sale, distribution, dispensation, possession, or use of a controlled substance or marijuana is prohibited in the Contractor's workplace and specifying the actions that will be taken against employees for violating such prohibition; (iii) state in all solicitations or advertisements for employees placed by or on behalf of the Contractor that the Contractor maintains a drug-free workplace; and (iv) include the provisions of the foregoing clauses in every subcontract or purchase order of more than \$10,000.00 relating to this Contract so that the provisions will be binding upon each subcontractor or vendor.

For the purposes of this section, "workplace" means the site(s) for the performance of the work required by this Contract.

18. * SEXUAL HARASSMENT POLICY

If the Contractor employs more than five employees, the Contractor shall (i) provide annual training on the Contractor's sexual harassment policy to all supervisors and employees providing services in the Commonwealth, except such supervisors or employees that are required to complete sexual harassment training provided by the Department of Human Resource Management, and (ii) post the Contractor's sexual harassment policy in (a) a conspicuous public place in each building located in the Commonwealth that the Contractor owns or leases for business purposes and (b) the Contractor's employee handbook.

20. TERMINATION

The County may terminate this Contract at any time as follows: (1) for cause, if, as determined by the County, the Contractor is in breach or default or has failed to perform the Work satisfactorily; or (2) for the convenience of the County.

Upon receipt of a notice of termination, the Contractor must not place any further orders or subcontracts for materials, services or facilities; must terminate all vendors and subcontracts, except as are necessary for the completion of any portion of the Work that the County did not terminate; and must immediately deliver all documents related to the terminated Work to the County.

Any purchases that the Contractor makes after the notice of termination will be the sole responsibility of the Contractor, unless the County has approved the purchases in writing as necessary for completion of any portion of the Work that the County did not terminate.

If any court of competent jurisdiction finds a termination for cause by the County to be improper, then the termination will be deemed a termination for convenience.

A. TERMINATION FOR CAUSE, INCLUDING BREACH AND DEFAULT; CURE

Upon any termination pursuant to this section, the Contractor will be liable to the County for costs that the County must expend to complete the Work, including costs resulting from any related delays and from unsatisfactory or non-compliant work performed by the Contractor or its subcontractors. The County will deduct such costs from any amount due to the Contractor; or if the County does not owe the Contractor, the Contractor must promptly pay the costs within 15 days of a demand by the County. All required insurance coverage must be acquired from insurers that are authorized to do business in the Commonwealth of Virginia, with a rating of "A-" or better and a financial size of "Class VII" or better in the latest edition of the A.M. Best Co. Guides.

- a. Workers Compensation - Virginia statutory workers compensation (W/C) coverage, including Virginia benefits and employer's liability with limits of \$1,000,000/1,000,000/1,000,000. The County will not accept W/C coverage issued by the Injured Worker's Insurance Fund, Towson, MD.

Commercial General Liability - \$1,000,000 per occurrence, with \$2,000,000 annual aggregate covering all premises and operations and including personal injury, completed operations, contractual liability, independent contractors, and products liability. The general aggregate limit must apply to this Contract. Evidence of contractual liability coverage must be provided with the certificate.
- c. Business Automobile Liability - \$1,000,000 combined single-limit (owned, non-owned and hired).

- f. Cancellation - If there is a material change or reduction in or cancellation of any of the above coverages during the Contract Term, the Contractor must notify the Purchasing Agent immediately and must, with no lapse in coverage, obtain replacement coverage that is consistent with the terms of this Contract. Not having the required insurance throughout the Contract Term is grounds for termination of the Contract.
- g. Claims-Made Coverage - Any "claims made" policy must remain in force, or the Contractor must obtain an extended reporting endorsement, until the applicable statute of limitations for any claims has expired.
- h. Contract Identification - All insurance certificates must state this Contract's number and title.

Bodily Injury and Property	2,000,000 each occurrence
Damage Liability	4,000,000 annual aggregate

The County Board of Arlington County, Virginia, is to be named in Additional Name Insured or a Broad Form Contractual Endorsement may be added to the policy as respects any liability that may arise out of or result from the handling of Work on this Project including specifically but without limitation thereto, the indemnity provisions in the Agreement. Such policies will be endorsed to provide that they are primary to an insurance carried by the County Board of Arlington County, Virginia.

In order to do so, the Contractor must provide the County with its most recent actuarial report and a copy of its self-insurance resolution.

The County may request additional information to determine if the Contractor has the financial capacity to meet its obligations under a deductible and may require a lower deductible; that funds equal to the deductible be placed in escrow; a certificate of self-insurance; collateral; or another mechanism to guarantee the amount of the deductible and ensure protection for the County.

The County’s acceptance or approval of any insurance will not relieve the Contractor from any liability or obligation imposed by the Contract Documents.

EVALUATION RATINGS DEFINITIONS

Rating	Definition	Notes
Excellent	Performance meets contractual requirements and exceeds many to the County's benefit. The contractual performance of the element or sub-element being evaluated was accomplished with few minor problems for which corrective actions taken by the contractor were highly effective.	To justify an Exceptional rating, identify multiple significant events and state how they were of benefit to the County. A singular benefit, however, could be of such magnitude that it alone constitutes an Exceptional rating. Also, there should have been NO significant weaknesses identified.
Satisfactory	Performance meets contractual requirements. The contractual performance of the element or sub-element contains some minor problems for which corrective actions taken by the contractor appear or were satisfactory.	To justify a Satisfactory rating, there should have been only minor problems, or major problems the contractor recovered from without impact to the contract/order. There should have been NO significant weaknesses identified. A fundamental principle of assigning ratings is that contractors will not be evaluated with a rating lower than Satisfactory solely for not performing beyond the requirements of the contract/order.
Poor	Performance does not meet some contractual requirements. The contractual performance of the element or sub-element being evaluated reflects a serious problem for which the contractor has not yet identified corrective actions. The contractor's proposed actions appear only marginally effective or were not fully implemented.	To justify poor performance, identify a significant event in each category that the contractor had trouble overcoming and state how it impacted the County. A poor rating should be supported by referencing the management tool that notified the contractor of the contractual deficiency (e.g., management, quality, safety, or environmental deficiency report or letter).
Unacceptable	Performance does not meet most contractual requirements and recovery is not likely in a timely manner. The contractual performance of the element or sub-element contains a serious problem(s) for which the contractor's corrective actions appear or were ineffective.	To justify an Unsatisfactory rating, identify multiple significant events in each category that the contractor had trouble overcoming and state how it impacted the County. A singular problem, however, could be of such serious magnitude that it alone constitutes an unsatisfactory rating. An Unsatisfactory rating should be supported by referencing the management tools used to notify the contractor of the contractual deficiencies (e.g., management, quality, safety, or environmental deficiency reports, or letters).
Not Applicable (N/A)	N/A (not applicable) should be used if the ratings are not going to be applied to a particular area for evaluation.
