BILLING CYCLE

Utility Bills are rendered monthly. If you do not receive your utility bill or have questions about your bill, please contact Customer Service at (850) 833-9500. **Failure to receive a bill does not release customer from obligation to pay.**

PAYMENT TERMS

All dates apply to current charges not previous balances. In order to determine dates for Prev. Balance amounts, refer to last month's statement.

Billing Date -- This applies to your current charges and is the date your account is billed.

Due Date -- This applies to current charges. If payment is not made by this date, a 10% penalty will be added to your account.

If bill is unpaid 30 days after the billing date, service will be disconnected for nonpayment. To restore service after disconnection, full payment including an administrative fee of \$30.00 must be paid.

Returned check/bank draft charges -- Checks/Bank Drafts which are returned due to insufficient funds or closed bank accounts will result in a returned check/bank draft charge of \$25.00.

LEAK DETECTION

To determine if you have any leaks, turn off all water faucets and icemakers in your home and check the water meter. If the leak detector (small triangle) in the center of the register is not moving, you do not have a constant leak. To check for slow leaks, note the position of the sweep hand and record numbers above. Read the meter again after 1 hour. If it has not moved, you have no leaks. If it has moved, you need to look for the source of the leak. It is the customer's responsibility to correct leaks as soon as possible.

DISCONNECTION OF SERVICE

If service has been disconnected due to non-payment, and payment is made on line, you must call customer service at 850-833-9591 in order to have service re-connected. Disconnection of service due to non-payment does not terminate or final the account. Minimum monthly charges continue to apply until you contact customer service or until the account remains unpaid at least 60 days after the bill date.
