SECTION 3.0: Terms and Conditions for Receipt of Bids

3.00 Requirement to Meet All Provisions

Each Company submitting a bid shall meet the terms and conditions of the Invitation to Bid (ITB) specifications package to the satisfaction of the Village. By virtue of its bid submittal, the Company acknowledges agreement with and acceptance of all provisions of the ITB specifications. Terms used in these Instructions to Bidders which are defined in the Standard General Conditions of the Construction Contract, NSPE-ACEC Document 1910-8, CSI 56465 (1996 Edition) have the meanings assigned to them in the General Conditions. The term "Successful Bidder" means the lowest, responsive, qualified, responsible Bidder to whom Owner (on the basis of Owner's evaluation as hereinafter provided) makes an award and whose Bid the Owner determines is in the best interests of the Village.

3.01 Errors and Omissions in ITB

Companies are responsible for reviewing all portions of this ITB, including all terms of the ITB and requirements of the Village's Procurement Code. Complete sets of Bidding Documents shall be used in preparing Bids; neither Owner nor Engineer assumes any responsibility for errors or misinterpretations resulting from the Bidder's review of the Bidding Documents. Companies are to promptly notify the Village's Procurement Specialist, in writing, if the Company discovers any ambiguity, discrepancy, omission, or error in the ITB or forms. Any such notification should be directed to the Procurement Specialist (LPittser@palmettobay-fl.gov) in writing promptly after discovery, but in no event later than (6 calendar days) days prior to the date for receipt of bids. Modifications and clarifications will be made by addenda as provided below.

Examination of Site

3.01.1 Before submitting a Bid, each Bidder must (a) examine the Contract Documents, Project Specifications and Drawings thoroughly to its full satisfaction and have undertaken the responsibility to determine, within the scope of Bidder's competence as a licensed General Contractor, that the Project Specifications and Drawings are fit and proper for the performance of the Work and to the best of Bidder's knowledge are: (i) free from material errors, omissions, and/or inconsistencies; and (ii) are in compliance with applicable laws, statutes, building codes, ordinances, rules and regulations, recognizing however, that Bidder is not responsible for the design of the Project; (b) visit the site to familiarize himself with local conditions that may in any manner affect cost, progress or performance of the Work; (c) examine the Project Site to its full satisfaction, including any existing work or improvements in place, and have determined that the same are fit and proper to receive the Work in their present condition and Bidder waives all claims that same are not in accordance with all data and information with respect to the Project as specified in the Drawings and Project Specifications and/or as provided by Owner and Engineer; (d) familiarize himself with federal, state and local laws,

ordinances, rules, policies, and regulations that may in any manner affect cost, progress or performance of the Work; (e) study and carefully correlate Bidder's observations with the Contract Documents; and (f) at Bidder's own expense, make or obtain any additional examinations, investigations, explorations, tests and studies, and obtain any additional information and data which pertain to the physical conditions (surface, sub-surface and underground facilities) at or contiguous to the Project or otherwise which may affect cost, progress, performance or furnishing of the Work and which Bidder deems necessary to determine its Bid for performing and furnishing the Work in accordance with the time, price and other terms and conditions of the Contract Documents.

3.01.2 Reference is made to the Supplementary Conditions for the identification of those reports of investigations and tests of subsurface and latent physical conditions at the site or otherwise affecting cost, progress or performance of the Work which have been relied upon by Engineer in preparing the Drawings and Specifications. Owner will make copies of such reports available to any Bidder requesting them. These reports are not guaranteed as to accuracy or completeness, nor are they part of the Contract Documents. Before submitting his Bid, each Bidder will, at his own expense, make such additional investigations and tests as the Bidder may deem necessary to determine his Bid for performance of the Work in accordance with the time, price and other terms and conditions of the Contract Documents.

3.01.3 On request, Owner will provide each Bidder access to the site to conduct such investigations and tests as each Bidder deems necessary for submission of his Bid.

3.01.4 The lands upon which the Work is to be performed, rights-of-way for access thereto and other lands designated for use by Contractor in performing the Work, are identified in the Supplementary Conditions, General Conditions Drawings.

3.01.5 The submission of a Bid will constitute an incontrovertible representation by the Bidder that he has complied with every requirement of the Contract Documents and that the Contract Documents are sufficient in scope and detail to indicate and convey understanding of all terms and conditions for performance of the Work.

3.02 Inquiries Regarding ITB

Inquiries regarding the ITB, including requests for clarification of the ITB, must be in writing. With respect to questions about the meaning or intent of the Project Specifications or Drawings, all questions shall be submitted in writing to the Village within seventy-two (72) hours after the receipt of the Project Specifications or Drawings. Failure to submit written questions regarding the Project Specifications or Drawings within seventy-two (72) hours

In the event that there is insufficient time to grant such extensions prior to the completion date of the contract, the Village may, at the time of acceptance of the work, waive liquidated damages that may have accrued for failure to complete on time, due to any of the above, after hearing evidence as to the reasons for such delay, and making a finding as to the causes of same.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. The IRS has created a page on www.irs.gov/w9 for information about Form W-9, at www.irs.gov/w9. Information about any future developments affecting Form W-9 (such as legislation enacted after we release it) will be posted on that page.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, payments made to you in settlement of payment card and third party network transactions, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the

withholding tax on foreign partners' share of effectively connected income, and

4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct.

Note. If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.
