B. SCOPE OF WORK

The City of Carlsbad is seeking proposals for Weed and Debris Removal Services. These services are generally performed in response to the City Council's actions regarding certain properties found to be menaces to the public comfort, health, peace and/or safety.

The properties are found to be in such a condition that rubbish, wreckage and debris and/or weed must be removed by the City.

The City has adopted resolutions pursuant to NMSA 1978 , Section 3-18-5 (1977) requiring the properties' owners, occupants or agents in charge, to remove the rubbish, wreckage, debris and/or weeds.

In the event that the properties' owners, occupants, or agents in charge fail to comply with such resolutions, the City may remove the rubbish, wreckage, debris and/or weeds and clean the properties at the cost and expense of the owners, unless the property is owned by the City, in which case the City will pay to have the property cleared of all rubbish, wreckage, debris and/or weeds.

Background

New Mexico Law allows the Governing Body of municipalities to order the removal of weeds, debris and/or rubbish from properties, residential or commercial, which are unsightly, unsafe or which pose a hazard to the health, safety and welfare of the community. If the owners of the property in question fail to comply with the directives of the Governing Body, State Law empowers the City or its designee to enter upon the property and effect the removal of the weeds and/or debris to alleviate the undesirable condition.

In lieu of utilizing City personnel and equipment, the City of Carlsbad seeks to engage the services of a qualified business to perform these services as become necessary from time to time. Bids are being requested for these services. Once approved by the City Council, the City and the successful bidder would enter into a general contract to perform the required work on an as needed basis.

Response Time

Once the City Council has authorized the clearing of a property, the contractor shall be issued a purchase order in the amount quoted for the project. Once notice to proceed is given, the contractor shall commence debris and weed removal procedures within ten (10) business days of notice to proceed.

Requirements and Procedures

The work shall include:

1. Inspection of existing conditions and correlate with requirements indicated below to determine the extent of services required and provide City with a written quote in accordance with the bid pricing provided.
2. Contractor shall perform a complete inventory of the Property, its buildings, fixtures, appliances and personal property if any.
3. Contractor shall supervise and direct the work, using qualified labor and proper equipment for all tasks. Safety of the Contractor's personnel and equipment is the responsibility of the contractor.
4. Contractor shall obtain and pay for any necessary permits to complete the work. The contractor shall be responsible for determining what permits, if any, are necessary to perform the work under this contract.
5. Perform all utility, underground line and one call notifications.
6. Removing the rubbish, wreckage, and debris, and weeds, leaving the property in a clean, level and safe condition, suitable for further occupancy or construction and will all excavations filled.
7. Contractor shall be responsible for control of pedestrians and vehicle traffic in the work area. Contractor shall provide flag persons, signs, equipment and other devices necessary to meet Federal, State and Local requirements.
8. Ensure that work activities will not result in the collapse or damage of adjacent properties or adjacent structures. Any damage to property or structures not included in the work order, will be to sole responsibility of the contractor.
9. Conduct work to ensure minimum interference with roads, streets, walk ways and other adjacent occupied and used facilities.
10. Conduct work to prevent injury to people and damage to adjacent buildings and facilities and ensure safe passage of people around the work area.
