## **ADDENDUM #2**

Date: July 10, 2020

Request for Proposals #: 20-062420

Dinwiddie Fire & EMS Insurance

Deadline: Friday, July 24, 2020 at 2 p.m.

TO ALL POTENTIAL OFFERORS:

The following information is being provided for purposes of clarification or in response to questions received from potential offerors. In the event that any of these specifications conflict with previous specifications, the specifications in this addendum shall control. Prepare your responses accordingly:

1. Correction:

Addendum #1, Question #27 noted that the current premium was \$67,457. This is incorrect. The current correct premium is \$71,911.

2. For the asset list in "Attachment B", would you happen to have a list that includes the vehicle VIN numbers?

The County will only provide the last 4 of the VINs. See attached.

3. As respects Above Ground Storage Tanks (AST's), the Addendum #1 reply was "All fire stations have above ground diesel fuel tanks that are between 500 & 1000 gallons." For each location that has an "AST" exposure, I need "Pollution Liability-Above Ground Storage Tanks Supplemental Application" information.

We have provided additional information for the fuel tanks, see attached. If other information is needed, the vendor can set up a site visit to collect the information on their own.

4. Additional Information:

McKenney Volunteer Fire Dept (Station 3) is owned and insured by the Town of McKenney and is not included in this RFP.

**Note: A signed acknowledgement of this addendum must be received by this office prior to the due date and time, or must be attached to your proposal. Signature on this addendum does not constitute signature on the original proposal document. The original proposal document must also be signed per the RFP instructions.**
