### Questions and Answers

The Proposal Pricing form on Page 23 of the RFP requires hourly, daily and weekly rates based on 12-hour days, seven days per week for each position listed. Certain, specialized positions such as GIS

1. specialist, will not require this amount of scheduled hours, even during peak operations. Would the County consider removing the daily and weekly rates columns OR would it be acceptable to only include the amount of projected hours required by positions such as GIS Specialist?

**Please provide the hourly, daily, and weekly rate for all positions as detailed on the pricing form.**
