The above-described documents are incorporated herein by reference and are as much a part of this Agreement as if fully set forth herein. Provided, however, that in the event of any conflict or ambiguity between the body of this Agreement and any above-described document, the body of this Agreement shall govern.

2. Time for Completion. The work shall commence no later than 15 calendar days of the County’s issuance of a notice to proceed and shall be completed no later than 30 calendar days thereafter. Time is of the essence of this contract.

3. Contract Sum. The County shall pay the Contractor for the performance of the work in total the sum of \$\_\_\_\_\_.

4. Progress Payments. The County shall make monthly progress payments on account of the contract, less retainage of 0 %, based upon the Contractor’s submission to the County of an invoice detailing the work completed. The period covered by each invoice shall be one calendar month ending on the last day of the month, and payment shall be due within fifteen (15) days of the County’s receipt of the invoice; provided, however, that payments otherwise due may be withheld by the County on account of, but not necessarily limited to, the following reasons: unsatisfactory job progress; defective construction which has not been remedied; disputed work; third-party

claims filed or reasonable evidence that a claim will be filed; failure of the Contractor or its subcontractors to make timely payments for labor, equipment, and materials; damage caused by the Contractor to the County, other contractors, or subcontractors; or reasonable evidence that the contract cannot be completed for the unpaid balance of the Contract Sum.

5. Acceptance and Final Payment. Final payment shall be due thirty (30) days after completion of the work and acceptance by the County, subject to the County's right to withhold payment for the reasons stated in Section 4 of this Agreement.

6. Contract Documents. The contract includes this Agreement and any scope of work, specifications, drawings, or other documents incorporated herein by reference. This includes, but is not necessarily limited to, any documents attached to this Agreement as an exhibit. The intent of these documents is to include all labor, materials, appliances and services of every kind necessary for the proper execution of the work, and the terms and conditions of payment therefor. The documents are to be considered as one, and whatever is called for by any one of the documents shall be as binding as if called for by all. Any conflict or ambiguity between the body of this Agreement and any document incorporated herein by reference shall be governed by the body of this Agreement. The Contractor shall be responsible for verifying any and all measurements set forth in the Contract Documents before commencing any work hereunder.

7. Materials, Appliances and Employees. Except as otherwise noted, the Contractor shall provide and pay for all materials, labor, tools, water, power and other items necessary to complete the work. 11. Changes in the Work. The County may order changes in the work, the Contract Sum and time for completion being adjusted accordingly. All such orders and adjustments shall be in the form of a written change order to the contract executed by both the County and the Contractor. Claims by the Contractor for extra cost must be made in writing before executing the work involved.

12. Correction of Work. The Contractor shall re-execute any work that fails to conform to the requirements of the contract and that appears during the progress of the work, and shall remedy any defects due to faulty materials or workmanship which appear within a period of one year from the

date of completion of the contract and final acceptance of the work by the County unless the manufacturer of the equipment or materials has a warranty for a longer period of time, which warranties shall be assigned by Contractor to County. The provisions of this article apply to work done by subcontractors as well as to work done by direct employees of the Contractor.

13. Liquidated Damages. Therefore, should the Contractor fail to complete the Project within the specified time, the County and the Contractor agree that the Contractor shall pay to the County the sum of \$ 0 per day as liquidated damages, and not as a penalty, for each calendar day that the Project continues beyond the specified completion date. The County shall have the right to withhold any liquidated damages from amounts otherwise due the Contractor.

14. No Damages for Delay. In the event that the Contractor is delayed in the performance of the Project for any reason whatsoever, including but not limited to action or inaction of the County, another contractor or subcontractor, the Contractor shall not be entitled to any damages from the County for such delay, but the Contractor's sole remedy shall be an extension of time.

15. County's Right to Terminate Contract.

A. Termination for Cause. Should the Contractor neglect to prosecute the work properly, or fail to perform any provision of the contract, the County, after seven (7) days' written notice to the Contractor and its surety, if any, may, without prejudice to any other remedy the County may have, make good the deficiencies and may deduct the cost thereof from the payment then or thereafter due the Contractor or, at the County's option, may terminate the contract and take possession of all materials, tools and appliances, and finish the Project by such means as the County sees fit; and if the unpaid balance of the Contract Sum exceeds the expense of finishing the Project, such excess shall be paid to the Contractor, but if such expense exceeds such unpaid balance, the Contractor shall pay the difference to the County.

B. Termination for Convenience. The County shall also have the right to terminate this contract at any time for any reason by giving at least thirty (30) days' written notice to the Contractor. In such event, the Contractor will be paid a fair and reasonable payment as determined by the County for the work completed as of the date of termination.

The indemnity obligation of the Contractor will survive the expiration or termination of this Agreement.
