STRATEGIC GOAL IV: INCREASE ORGANIZATIONAL EFFECTIVENESS

19-33 SERVER ARRAY

AUTHORIZATION TO ENTER INTO AND EXECUTE A CONTRACT TO PURCHASE
SERVER ARRAY FOR TECHNOLOGY

5/14/2019

THE SUPERINTENDENT REPORTS:

This equipment is used by technology. These servers host the thin clients in each school. Currently we have 9 servers that are in the schools. They are over 6 years old and need to be replaced. A request for quotes was issued to find a vendor for this project. Four vendors submitted proposals. Listing of these vendors can be found on the second page of the recommendation.

RECOMMENDATION:

That the superintendent be authorized to enter into and execute a contract with ACE for the purchase of the server equipment. This contract shall be for one-time purchase to be exercised at the discretion of the superintendent. This contract is conditional upon the firm's ability to comply with requirements set forth in the contract documents.

REASON:

To allow for upgrades to the existing servers which host the thin clients in each school.

FINANCIAL IMPLICATIONS:

The estimated cost of this contract is \$55,687.00.

FUNDING SOURCE:

Funds are available in the technology budget.
