Re: Award of RFP#19-1018
Animal Services Monument Sign

Proposals for the design, fabrication and installation of a monument style sign for the Burlington Animal Services Center were recently received and reviewed by City of Burlington staff. After review of all proposals the City of Burlington has determined that the proposal submitted by Atlantic Sign Media bests meets the needs and wants of the City of Burlington. The City of Burlington appreciates your interest in our needs and thanks you for your proposal. A final bid evaluation that shows the total of all reviewers is attached for your records. Please let me know if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Hal Hayes" with a long horizontal flourish extending to the right.
