RE: 2019 / 2020 - UF IFAS Escambia County Extension Landscape Maintenance

It is my pleasure to provide you with the attached quote for services in response to your request in the amount of \$9,120 for the year. I have inspected the site and the work to be performed and it is well within the scope of what my crews are prepared to do to your satisfaction. We are proud to be vendors for Escambia County since 2018.

I would also like to make you aware of the special nature of our business and our particular enthusiasm for this particular project because Verato Group, Inc. (DBA HedgeMow) is a project of GreatWayToHelp.com which creates jobs for people transitioning from prison back into society and we take pride in doing the "hard jobs" that others can not do. In addition, even though we do not currently have an office directly in any of the Community Redevelopment Areas, we hire people mostly from these areas and are involved in the redevelopment of the areas themselves.

In addition, if it is of any consequence in light of County Ord. No. 2013-52, § 2, 12-5-2013; Ord. No. 2014-29, § 1, 7-24-2014, Sec. 46-112. - "Participation of minority and women business enterprises. Sec. 46-112. - Participation of minority and women business enterprises." I would like to inform you that Lisa Majors is the owner and President of Verato Group, Inc. and Lisa is a Financially Disadvantaged, Hispanic/Native American Woman who has been the administrator of two landscaping businesses since 2016. As such if there is any special consideration for the profile of our company we ask you to take these facts into consideration.

Again, we are very keen to perform this job and we really feel like we are a great fit because we are all in the business of the development of people and because of the collective our strength, intelligence, commitment to safety and care for our clients and the quality of work we do.

Sincerely,
