The City of Knoxville requests your quoted price on the equipment repair listed on the attached quotation sheet; award will result in a purchase order from the City of Knoxville. The following request is for the repair of three Pac Mac model knuckle booms owned by the City of Knoxville. The repair will consist of making welds to existing areas exhibiting metal fatigue plus adding plate reinforcing wherever necessary. Each area of concern will be identified on each piece of equipment by City personnel. Once the areas have been properly welded and /or reinforced, they must be painted with high quality exterior enamel paint that matches the original paint. Since the City will be responsible for delivering and picking up of each unit, the vendor must be within a 25 mile radius of the 1400 Loraine Street garage. All work on these units must be performed by a certified welder and if necessary, each vendor will be required to submit documentation of past references dealing with similar work. After the award has been made, the vendor will have approximately 30 days to complete all three units once the first unit has been delivered to their facility. Appointments for viewing the equipment will be setup by request only. **In order for your quote to be considered for award, your completed form must be faxed or emailed to the Senior Buyer no later than 2:30 p.m., Friday May 19, 2017.**
