INDEMNIFICATION CLAUSE

Contractor shall defend, indemnify and hold harmless the City, its officers, employees and agents from any and all liabilities which may accrue against the City, its officers, employees and agents or any third party for any and all lawsuits, claims, demands, losses or damages alleged to have arisen from an act or omission of Contractor in performance of this Agreement or from Contractor's failure to perform this Agreement using ordinary care and skill, except where such injury, damage, or loss was caused by the sole negligence of the City, its agents or employees.

Contractor shall save, indemnify and hold the City harmless from the cost of the defense of any claim, demand, suit or cause of action made or brought against the City alleging liability referenced above, including, but not limited to, costs, fees, attorney fees, and other expenses of any kind whatsoever arising in connection with the defense of the City; and Contractor shall assume and take over the defense of the City in any such claim, demand, suit, or cause of action upon written notice and demand for same by the City. Contractor will have the right to defend the City with counsel of its choice that is satisfactory to the City, and the City will provide reasonable cooperation in the defense as Contractor may request. Contractor will not consent to the entry of any judgment or enter into any settlement with respect to an indemnified claim without the prior written consent of the City, such consent not to be unreasonably withheld or delayed. The City shall have the right to participate in the defense against the indemnified claims with counsel of its choice at its own expense.

Contractor shall save, indemnify and hold City harmless and pay judgments that shall be rendered in any such actions, suits, claims or demands against City alleging liability referenced above.

The indemnification and hold harmless provisions of this Agreement shall survive termination of the Agreement.

Main Features

- Network tester kit

The NetScout Network Tech Troubleshooting Kit simplifies wired and wireless troubleshooting for copper, fiber and radio networks. This kit comes with all the network test equipment you need, including the AirCheck G2 Wireless Tester and the LinkRunner AT 2000 network tester. It also includes the IntelliTone Pro 200 Probe to find traces and locate cables, and accessories such as AC power adapters, car power adapter, external antenna and carrying cases for user convenience.

- Connectivity tester kit helps front-line IT to identify and troubleshoot network issues
- USB connectivity along with RJ-45 and SFP ports allow flexible connections
- Facilitates wire-mapping and toning, and lets users measure signal levels or test for miswire
