**Morongo Unified School District (hereinafter District) is requesting a quote for re-roofing the ASB building at Yucca Valley High School.**

The District intends to enter into an agreement, per the specifications, provide all material and labor to remove existing roofing system, roof flashings, coping metal and trim to existing plywood deck and wall substrate and install new ¼" Dens-Deck retrofit and Tremco TPA roofing system on the ASB Building at Yucca Valley High School, 7600 Sage Ave., Yucca Valley, CA 92284 for the Morongo Unified School District.

Prevailing wages are applicable to the Project, as is the DIR requirement for a project to be set up, and the awarded contractor to report directly to the DIR, their Certified Payroll. These per diem rates, including holiday and overtime work, as well as employer payments for health and welfare, pension, vacation, and similar purposes, are available from the Director of the Department of Industrial Relations. Pursuant to California Labor Code Sections 1720 et seq., it shall be mandatory upon the Contractor to whom the contract is awarded, and upon any subcontractor under such Contractor, to pay not less than the said specified rates to all workers employed by them in the execution of the Contract.

A contractor or subcontractor shall not be qualified to quote on, be listed in a quote proposal, subject to the requirements of Section 4104 of the Public Contract Code, or engage in the performance of any contract for public work, as defined in the Labor Code, unless currently registered and qualified to perform public work pursuant to Labor Code section 1725.5. It is not a violation of this section for an unregistered contractor to submit a quote that is authorized by Section 7029.1 of the Business and Professions Code or by Section 10164 or 20103.5 of the Public Contract Code, provided the contractor is registered to perform public work pursuant to Section 1725.5 at the time the contract is awarded.

The Contractor and all subcontractors shall furnish certified payroll records as required pursuant Labor Code section 1776 directly to the Labor Commissioner in accordance with Labor Code section 1771.4 on at least a monthly basis (or more frequently if required by the GVSD or the Labor Commissioner) and in a format prescribed by the Labor Commissioner. Monitoring and enforcement of the prevailing wage laws and related requirements will be performed by the Labor Commissioner/Department of Labor Standards Enforcement (DLSE).

**SB96 Revised Public Works Contractor Registration Law, as of June 27, 2017:** *(which amends the previous SB854 law)*

Annual registration fees for public works contractors have increased from \$300 to \$400, and contractors on small projects are exempt from public works registration and electronic certified payroll reporting requirements.

Public works contractors who paid \$300 to renew their annual registration on or before June 30, 2017, are not required to pay the increased amount. Beginning June 1, 2019, contractors will have the option to renew their annual registration for up to three years at a time.

The Labor Commissioner will be able to assess public works contractors' penalties of up to \$8,000 – in addition to any penalty or registration fee – for failure to register. Awarding agencies are also subject to penalties of \$100 a day, up to a maximum of \$10,000, for hiring an unregistered contractor to perform work on a public works project. A contractor that hires an unregistered subcontractor is also subject to penalties of up to \$10,000.

#### Small Project Exemption

Contractors who work exclusively on small public works projects are not required to register as a public works contractor or file electronic certified payroll reports for those projects. Contractors are still required to maintain certified payroll records on a continuous basis, and provide them to the Labor Commissioner's Office upon request. Additionally, awarding agencies are not required to submit the notice of contract award through DIR's PWC-100 system on projects that fall within the small project exemption. The small project exemption applies for all public works projects that do not exceed:

- \$25,000 for new construction, alteration, installation, demolition or repair
- \$15,000 for maintenance

## 1. PREVAILING WAGE

Revised Public Works Contractor Registration Law (SB 96)  
(Signed into law June 28, 2017, became effective immediately)

It revised the previous SB 854 to update the fees to be collected to fund compliance monitoring and enforcement, determine prevailing wage and public works coverage, and hear enforcement appeals.

All contractors and subcontractors intending to bid or perform work on public works projects that meet the requirements for new construction, alteration, installation, demolition or repair that exceed \$25,000.00 for new construction or \$15,000.00 for maintenance, will be required to register, and annually renew, online for the program. The cost to register for the program is currently \$400.00 and is non-refundable. This is a DIR fee paid to the state. The District will not register a contractor, nor collect funds for registration.

No quote can be accepted nor any contract or subcontract entered into nor purchase order issued without proof that the contractor or subcontractor is registered.

If you intend to bid or provide services on District projects in the future, please ensure you are registered with the DIR. The District will be required to complete a form PWC-100 notifying the DIR of the services you are providing, based on requirements above.

See Attachment "A" for the information required on the PWC-100 form. This information must be included in all quotes and/or bids, and must also be included for any subcontractor you use (they must also be registered with DIR). The District will not issue a Purchase Order without the completed PWC-100 form.

**BID BOND**

KNOW ALL MEN BY THESE PRESENTS, that we

California Education Code 45125.1 - (a) Except as provided in subdivisions (b) and (c), if the employees of any entity that has a contract with a school district, as defined in Section 41302.5, to provide any of the following services may have any contact with pupils, those employees shall submit or have submitted their fingerprints in a manner authorized by the Department of Justice together with a fee determined by the Department of Justice to be sufficient to reimburse the department for its costs incurred in processing the application:

- (1) School and classroom janitorial.
- (2) Schoolsite administrative.
- (3) Schoolsite grounds and landscape maintenance.
- (4) Pupil transportation.
- (5) Schoolsite food-related.

(b) This section shall not apply to an entity providing any of the services listed in subdivision (a) to a school district in an emergency or exceptional situation, such as when pupil health or safety is endangered or when repairs are needed to make school facilities safe and habitable.

(c) This section shall not apply to an entity providing any of the services listed in subdivision (a) to a school district when the school district determines that the employees of the entity will have limited contact with pupils. In determining whether a contract employee has limited contact with pupils, the school district shall consider the totality of the circumstances, including factors such as the length of time the contractors will be on school grounds, whether pupils will be in proximity with the site where the contractors will be working, and whether the contractors will be working by themselves or with others. If a school district has made this determination, the school district shall take appropriate steps to protect the safety of any pupils that may come in contact with these employees.

(d) A school district may determine, on a case-by-case basis, to require an entity providing schoolsite services other than those listed in subdivision (a) or those described in Section 45125.2 and the entity's employees to comply with the requirements of this section, unless the school district determines that the employees of the entity will have limited contact with pupils. In determining whether a contract employee will have limited contact with pupils, the school district shall consider the totality of the circumstances, including factors such as the length of time the contractors will be on school grounds, whether pupils will be in proximity with the site where the contractors will be working, and whether the contractors will be working by themselves or with others. (e) (1) The Department of Justice shall ascertain whether the individual whose fingerprints were submitted to it pursuant to subdivision (a) has been arrested or convicted of any crime insofar as that fact can be ascertained from information available to the department. Upon implementation of an electronic fingerprinting system with terminals located statewide and managed by the Department of Justice, the department shall ascertain the information required pursuant to this section within three working days. When the Department of Justice ascertains that an individual whose fingerprints were submitted to it pursuant to subdivision (a) has a pending

criminal proceeding for a felony as defined in Section 45122.1 or has been convicted of a felony as defined in Section 45122.1, the department shall notify the employer designated by the individual of that fact. The notification shall be delivered by telephone or electronic mail to the employer.

(2) The Department of Justice, at its discretion, may notify the school district in instances when the employee is defined as having a pending criminal proceeding described in Section 45122.1 or has been convicted of a felony as defined in Section 45122.1.

(3) The Department of Justice may forward one copy of the fingerprints to the Federal Bureau of Investigation to verify any record of previous arrests or convictions of the applicant. The Department of Justice shall review the criminal record summary it obtains from the Federal Bureau of Investigation and shall notify the employer only as to whether or not an applicant has any convictions or arrests pending adjudication for offenses which, if committed in California, would have been punishable as a violent or serious felony. The Department of Justice shall not provide any specific offense information received from the Federal Bureau of Investigation. The Department of Justice shall provide written notification to the contract employer only concerning whether an applicant for employment has any conviction or arrest pending final adjudication for any of those crimes, as specified in Section 45122.1, but shall not provide any information identifying any offense for which an existing employee was convicted or has an arrest pending final adjudication.

(f) An entity having a contract as specified in subdivision (a) and an entity required to comply with this section pursuant to subdivision (d) shall not permit an employee to come in contact with pupils until the Department of Justice has ascertained that the employee has not been convicted of a felony as defined in Section 45125.01 (a) For situations in which a person is an applicant for employment, or is employed on a part-time or substitute basis, in a position not requiring certification qualifications in multiple school districts within a county or within contiguous counties, the districts may agree among themselves to designate a single district, or a county superintendent may agree to act on behalf of participating districts within the county or contiguous counties, for the purposes of performing the following duties:

(1) Sending fingerprints to the Department of Justice.

(2) Receiving reports of convictions of serious and violent felonies, criminal history records and reports of subsequent arrests from the Department of Justice.

(3) Maintaining common lists of persons eligible for employment.
