as depicted in Exhibit A (the "**Property**"); and

B. The purpose of this Agreement is for the Owner to grant the Government, its employees, agents, authorized representatives, and contractors, (each an “**Authorized Party**”) access to the Owner’s Property for the activities and purposes described herein.

C. Activities will include advancing temporary vertical borings, collection of soil, groundwater surface water and sediment samples and all related Government actions. If necessary, based on determining needs, install permanent groundwater monitoring well(s) for periodic monitoring by collecting groundwater samples. All wells will be properly abandoned after the duration of the sampling program or this agreement in accordance with Section 1. These activities are collectively referred to as “**Permitted Activities**.”

D. The Permitted Activities are being taken by the Government under its Defense Environmental Restoration Program (“**DERP**”) pursuant to applicable environmental laws and requirements.

E. The locations of the Permitted Activities within the Property, including the approximate locations of any equipment or structures, if installed, are depicted in **Exhibit A**

AGREEMENTS

NOW, THEREFORE, in consideration of the mutual promises, covenants and undertakings set forth in this Agreement, Owner and the Government agree as follows:

1. Agreement Term.

1.1. The term of this Agreement shall be for one (1) year commencing on the Effective Date, with the option to exercise five (5) annual renewal options, not to exceed a total of six (6) years, unless otherwise agreed by the Parties. Each exercise of a renewal option shall be in writing and prepared by the Government at least thirty (30) days in advance of each annual expiration date (“**Renewal Notice**”). This Renewal Notice may be by email so long as evidence of receipt is obtained from the Owner, or by mail as provided in Section 11. Such renewal option will be effective upon written approval of the Owner.

1.2. Notwithstanding Section 1.1, either of the Parties may terminate this Agreement by providing written notice to the other Party at the address provided in Section 11 (“**Termination Notice**”) at least six (6) months prior to the termination date stated in the Termination Notice.

2. Access.

2.1. An Authorized Party may enter upon the Property at mutually agreed times to perform the Permitted Activities. Upon conclusion of any Permitted Activities the Authorized Party will restore the Property to the Owner’s reasonable satisfaction. The Government will provide Owner at least forty-eight (48) hours prior notice in any manner described in Section 11 of its intention to enter the Property, unless the Government determines the immediate entry is required for safety, environmental, operational, or security purposes requiring such immediate entry.

Copy: October 3, 2023

2.2. **Ingress and Egress from other Land.** The access right given to the Government by this Agreement includes ingress and egress on other lands of the Owner by an Authorized Party if such ingress and egress is necessary to access the Property to perform the Permitted Activities.

2.3. **Interference/Conveyance/Transfer.** The Owner will provide notice to the Government either verbally or in writing, of any activities of the Owner which may interfere with or preclude Government access to the Property and/or performance of any of the Permitted Activities. If the Owner conveys any interest in the Property to a third party, the Owner shall notify the Government prior to such conveyance in accordance with Section 11 to avoid interruption of the Permitted Activities.

2.4. **Equipment Protection.** If needed, the Government may place a protective structure on the Property to house the equipment that will be installed as part of the Permitted Activities.

3. **Costs and Expenses.** The Government shall have sole responsibility for all costs and expenses relating to the Permitted Activities.

4. **Sampling Results.** The Government will send Owner the results of any verified water or soil sampling it performs on the Property either by email or regular mail to the address provided in Section 11. The verified water or soil sampling results also will be sent to the Florida Department of Environmental Protection. Such results may be publicly available. To ensure continued transparency regarding the information supporting Government decisions, the physical address and ownership of the Property, as well as the specific location the samples were taken from, may also be disclosed to the Florida Department Environmental of Protection and the public, and Owner consents to such disclosure.

5. **Property Ownership.** All tools, equipment, structures, and property taken or placed upon the Property by or for the benefit of an Authorized Party shall remain the property of that Authorized Party, unless an alternative disposition of such tools, equipment, structures and other property is agreed to by the Parties. Such disposition shall be in compliance with applicable laws.

6. **Restoration of Property.** Unless otherwise agreed by the Parties as provided in Section 5, the Government will remove all equipment, systems and structures used or installed on the Property upon expiration of the Agreement or other termination as provided for in this Agreement and restore the Property to the reasonable satisfaction of the Owner.

7. **Damages.** The Government shall be responsible for damages to the Property which may arise from or be directly attributable or incident to the Permitted Activities other than damages to the Property caused by the negligence or wrongful act or omission of the Owner's officers, members, partners, agents, employees, sublessees, licensees, invitees, and contractors who may be on the Property. When the Government is responsible for damages it may, at its option, either repair such damage or make an appropriate settlement with the Owner. Nothing contained in this Agreement is intended to limit or waive the Government's protections or defenses under the Federal Tort Claims Act, 28 U.S.C. §§ 2671-2680. The provisions of this Section 7 shall survive the expiration or earlier termination of this Agreement.

12. **Representation of Owner.** The signatory who signs this Agreement for the Owner is authorized to do so on behalf of all individuals or entities that have an ownership interest in the Property.

13. **Execution in Counterparts.** This Agreement may be executed in one or more counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

14. **Electronic Signatures.** This Agreement and any other documents to be delivered herewith may be electronically signed, and any electronic signatures appearing on this Agreement, or such other documents are the same as handwritten signatures for the purposes of validity, enforceability, and admissibility.

15. **List of Exhibits.** Exhibits are attached hereto and made a part of this Agreement:

Exhibit A - Depiction of Location of Permitted Activities on Property

IN WITNESS WHEREOF, the Parties have executed this Agreement as of the Effective Date.

Memorandum

To: Joe Gootee, Department of the Air Force
joseph.gootee.4@us.af.mil

From: Paul Mixon,
Chairman, Okaloosa County Board of County Commissioners

Date: March 18, 2025

Re: Access Agreement Renewal

Mr. Gootee,

The Okaloosa County Board of County Commissioners has approved Eglin's request to renew the Access Agreement, dated March 6, 2024, between Eglin and Okaloosa County in support of Eglin's PFAS Environmental Investigation. The one-year renewal will be retroactive to March 7, 2025 and shall expire on March 6, 2026, unless further renewed by the parties.

A handwritten signature in black ink, appearing to read "Paul Mixon".

Paul Mixon
Chairman, Board of County Commissioners
