for

UNDERGROUND UTILITY PARTS SUPPLIER

THIS AGREEMENT, made and entered into on this 27th day of February 2018, by and between Ferguson Enterprises Inc. dba Ferguson Waterworks, authorized to do business in the State of Florida, whose business address is 3801 Prospect Avenue, Naples, Florida 34104, (the "Contractor") and Collier County, a political subdivision of the State of Florida, (the "County"):

WITNESSETH:

1. **AGREEMENT TERM.** The Agreement shall be for a three (3) year period, commencing upon the date of Board approval or on April 2, 2018 and terminating on three (3) year(s) from that date or until all outstanding Purchase Order(s) issued prior to the expiration of the Agreement period have been completed or terminated.

The County may, at its discretion and with the consent of the Contractor, renew the Agreement under all of the terms and conditions contained in this Agreement for one (1) additional three (3) year(s) periods. The County shall give the Contractor written notice of the County's intention to renew the Agreement term prior to the end of the Agreement term then in effect.

The County Manager, or his designee, may, at his discretion, extend the Agreement under all of the terms and conditions contained in this Agreement for up to one hundred and eighty (180) days. The County Manager, or his designee, shall give the Contractor written notice of the County's intention to extend the Agreement term prior to the end of the Agreement term then in effect.

2. **COMMENCEMENT OF SERVICES.** The Contractor shall commence the work upon issuance of a Purchase Order Notice to Proceed.
3. **STATEMENT OF WORK.** The Contractor shall provide services in accordance with the terms and conditions of Request for Proposal (RFP) Invitation to Bid (ITB) Other () # 17-7176, including all Attachment(s), Exhibit(s) and Addenda and the Contractor's proposal referred to herein and made an integral part of this Agreement.

The Contractor shall also provide services in accordance with **Exhibit A – Scope of Services** attached hereto.

3.1 This Agreement contains the entire understanding between the parties and any modifications to this Agreement shall be mutually agreed upon in writing by the Parties, in compliance with the County's Procurement Ordinance, as amended, and Procurement Procedures in effect at the time such services are authorized.

4. **THE AGREEMENT SUM.** The County shall pay the Contractor for the performance of this Agreement based on **Exhibit B- Fee Schedule**, attached hereto and the price methodology as defined in Section 4.1. Payment will be made upon receipt of a proper invoice and upon approval by the County's Contract Administrative Agent/Project Manager, and in compliance with Chapter 218, Fla. Stats., otherwise known as the "Local Government Prompt Payment Act".

4.1 Price Methodology (as selected below):

Lump Sum (Fixed Price): A firm fixed total price offering for a project; the risks are transferred from the County to the contractor; and, as a business practice there are no hourly or material invoices presented, rather, the contractor must perform to the satisfaction of the County's project manager before payment for the fixed price contract is authorized.

Time and Materials: The County agrees to pay the contractor for the amount of labor time spent by the contractor's employees and subcontractors to perform the work (number of hours times hourly rate), and for materials and equipment used in the project (cost of materials plus the contractor's markup). This methodology is generally used in projects in which it is not possible to accurately estimate the size of the project, or when it is expected that the project requirements would most likely change. As a general business practice, these contracts include back-up documentation of costs; invoices would include number of hours worked and billing rate by position (and not company (or subcontractor) timekeeping or payroll records), material or equipment invoices, and other reimbursable documentation for the project.

Unit Price: The County agrees to pay a firm total fixed price (inclusive of all costs, including labor, materials, equipment, overhead, etc.) for a repetitive product or service delivered (i.e. installation price per ton, delivery price per package or carton, etc.). The invoice must identify the unit price and the number of units received (no contractor inventory or cost verification).

4.2 Any County agency may obtain services under this Agreement, provided sufficient funds are included in their budget(s).

4.3 Payments will be made for services furnished, delivered, and accepted, upon receipt and approval of invoices submitted on the date of services or within six (6) months after completion of the Agreement. Any untimely submission of invoices beyond the specified deadline period is subject to non-payment under the legal doctrine of "laches" as untimely submitted. Time shall be deemed of the essence with respect to the timely submission of invoices under this Agreement.

4.4 (check if applicable) **Travel and Reimbursable Expenses:** Travel and Reimbursable Expenses must be approved in advance in writing by the County. Travel expenses shall be reimbursed as per Section 112.061 Fla. Stats.

Reimbursements shall be at the following rates:

The County shall be sole judge of the non-performance.

In the event that the County terminates this Agreement, Contractor's recovery against the County shall be limited to that portion of the Agreement Amount earned through the date of termination. This section does not pertain to any incident arising from the sole negligence of Collier County.

13.1 The duty to defend under this Article 13 is independent and separate from the duty to indemnify, and the duty to defend exists regardless of any ultimate liability of the Contractor, County and any indemnified party. The duty to defend arises immediately upon presentation of a claim by any party and written notice of such claim being provided to Contractor. Contractor's obligation to indemnify and defend under this Article 13 will survive the expiration or earlier termination of this Agreement until it is determined by final judgment that an action against the County or an indemnified party for the matter indemnified hereunder is fully and finally barred by the applicable statute of limitations.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Communication and Customer Relations Division

3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the Contractor does not transfer the records to the public agency.
4. 22. **PAYMENTS WITHHELD.** The County may decline to approve any application for payment, or portions thereof, because of defective or incomplete work, subsequently discovered evidence or subsequent inspections. The Contractor may nullify the whole or any part of any approval for payment previously issued and the Contractor may withhold

any payments otherwise due Contractor under this Agreement or any other Agreement between the County and Contractor, to such extent as may be necessary in the County's opinion to protect it from loss because of: (a) defective Work not remedied; (b) third party claims failed or reasonable evidence indicating probable fling of such claims; (c) failure of Contractor to make payment properly to subcontractors or for labor, materials or equipment; (d) reasonable doubt that the Work can be completed for the unpaid balance of the Contract Amount; (e) reasonable indication that the Work will not be completed within the Contract Time; (f) unsatisfactory prosecution of the Work by the Contractor; or (g) any other material breach of the Contract Documents.

If any conditions described above are not remedied or removed, the County may, after three (3) days written notice, rectify the same at Contractor's expense. The County also may offset against any sums due Contractor the amount of any liquidated or unliquidated obligations of Contractor to the County, whether relating to or arising out of this Agreement or any other Agreement between Contractor and the County.

25. **WARRANTY.** Contractor expressly warrants that the goods, materials and/or equipment covered by this Agreement will conform to the requirements as specified, and will be of satisfactory material and quality production, free from defects, and sufficient for the purpose intended. Goods shall be delivered free from any security interest or other lien, encumbrance or claim of any third party. Any services provided under this Agreement shall be provided in accordance with generally accepted professional standards for the particular service. These warranties shall survive inspection, acceptance, passage of title and payment by the County.

Contractor further warrants to the County that all materials and equipment furnished under the Contract Documents shall be applied, installed, connected, erected, used, cleaned and conditioned in accordance with the instructions of the applicable manufacturers, fabricators, suppliers or processors except as otherwise provided for in the Contract Documents.

If, within one (1) year after final completion, any Work is found to be defective or not in conformance with the Contract Documents, Contractor shall correct it promptly after receipt of written notice from the County. Contractor shall also be responsible for and pay

for replacement or repair of adjacent materials or Work which may be damaged as a result of such replacement or repair. These warranties are in addition to those implied warranties to which the County is entitled as a matter of law.

26. **TESTS AND INSPECTIONS.** If the Contract Documents or any codes, laws, ordinances, rules or regulations of any public authority having jurisdiction over the Project requires any portion of the Work to be specifically inspected, tested or approved, Contractor shall assume full responsibility therefore, pay all costs in connection therewith and furnish to the County the required certificates of inspection, testing or approval.  - C. Contractor shall not disturb any benchmark established by the County with respect to the Project. If Contractor, or its subcontractors, agents or anyone, for whom Contractor is legally liable, disturbs the County's benchmarks, Contractor shall immediately notify the County. The County shall re-establish the benchmarks and Contractor shall be liable for all costs incurred by the County associated therewith.
28. **SUBMITTALS AND SUBSTITUTIONS.** Any substitution of products/materials from specifications shall be approved in writing by the County in advance.
29. **CHANGES IN THE WORK.** The County shall have the right at any time during the progress of the Work to increase or decrease the Work. Promptly after being notified of a change, Contractor shall submit an estimate of any cost or time increases or savings it foresees as a result of the change. Except in an emergency endangering life or property, or as expressly set forth herein, no addition or changes to the Work shall be made except upon modification of the Purchase Order by the County, and the County shall not be liable to the Contractor for any increased compensation without such modification. No officer, employee or agent of the County is authorized to direct any extra or changed work orally. Any modifications to this Agreement shall be in compliance with the County Procurement Ordinance and Procedures in effect at the time such modifications are authorized.
30. **AGREEMENT TERMS.** If any portion of this Agreement is held to be void, invalid, or otherwise unenforceable, in whole or in part, the remaining portion of this Agreement shall remain in effect.

31. **ADDITIONAL ITEMS/SERVICES.** Additional items and/or services may be added to this Agreement in compliance with the Procurement Ordinance, as amended, and Procurement Procedures.
32. **DISPUTE RESOLUTION.** Prior to the initiation of any action or proceeding permitted by this Agreement to resolve disputes between the parties, the parties shall make a good faith effort to resolve any such disputes by negotiation. The negotiation shall be attended by representatives of Contractor with full decision-making authority and by County's staff person who would make the presentation of any settlement reached during negotiations to County for approval. Failing resolution, and prior to the commencement of depositions in any litigation between the parties arising out of this Agreement, the parties shall attempt to resolve the dispute through Mediation before an agreed-upon Circuit Court Mediator certified by the State of Florida. The mediation shall be attended by representatives of Contractor with full decision-making authority and by County's staff person who would make the presentation of any settlement reached at mediation to County's board for approval. Should either party fail to submit to mediation as required hereunder, the other party may obtain a court order requiring mediation under section 44.102, Fla. Stat.
33. **VENUE.** Any suit or action brought by either party to this Agreement against the other party relating to or arising out of this Agreement must be brought in the appropriate federal or state courts in Collier County, Florida, which courts have sole and exclusive jurisdiction on all such matters.
34. **KEY PERSONNEL.** The Contractor's personnel and management to be utilized for this project shall be knowledgeable in their areas of expertise. The County reserves the right to perform investigations as may be deemed necessary to ensure that competent persons will be utilized in the performance of the Agreement. The Contractor shall assign as many people as necessary to complete the services on a timely basis, and each person assigned shall be available for an amount of time adequate to meet the required service dates. The Contractor shall not change Key Personnel unless the following conditions are met: (1) Proposed replacements have substantially the same or better qualifications and/or experience. ORDER OF PRECEDENCE (Grant Funded). In the event of any conflict between or among the terms of any of the Contract Documents and/or the County's Board approved Executive Summary, the terms of the Agreement shall take precedence over the terms of all other Contract Documents, except the terms of any Supplemental Conditions shall take precedence over the Agreement. To the extent any conflict in the terms of the Contract Documents cannot be resolved by application of the Supplemental Conditions, if any, or the Agreement, the conflict shall be resolved by imposing the more strict or costly obligation under the Contract Documents upon the Contractor at County's discretion.

36. **ASSIGNMENT.** Contractor shall not assign this Agreement or any part thereof, without the prior consent in writing of the County. Any attempt to assign or otherwise transfer this Agreement, or any part herein, without the County's consent, shall be void. Contractor ID badges are valid for one (1) year from the date of issuance and can be renewed each year at no cost to the Contractor during the time period in which their background check is valid, as discussed below. All technicians shall have on their shirts the name of the contractor's business.

The Contractor shall immediately notify the Collier County Facilities Management Division via e-mail (DL-FMOPS@colliergov.net) whenever an employee assigned to Collier County separates from their employment. This notification is critical to ensure the continued security of Collier County facilities and systems. Failure to notify within four (4) hours of separation may result in a deduction of \$500 per incident.

38. **SAFETY.** All Contractors and subcontractors performing service for Collier County are required and shall comply with all Occupational Safety and Health Administration (OSHA), State and County Safety and Occupational Health Standards and any other applicable rules and regulations. Also, all Contractors and subcontractors shall be responsible for

the safety of their employees and any unsafe acts or conditions that may cause injury or damage to any persons or property within and around the work site.

Collier County Government has authorized the Occupational Safety and Health Administration (OSHA) to enter any Collier County Facility, property and/or right-of-way for the purpose of inspection of any Contractor's work operations. This provision is non-negotiable by any division/department and/or Contractor. All applicable OSHA inspection criteria apply as well as all Contractor rights, with one exception. This shall also include 24/7 contact and assistance for after hours, including, responding by providing parts after a natural disaster.
- c) Provide an on-line order system via an internet link. This on-line system must be a complete and comprehensive order system with the capability of providing real-time management reports and invoices into a downloadable Excel format. The County will determine the data requirements with the successful supplier. At a minimum, the supplier must provide quarterly spend analysis and inventory usage reports by Division. This order system must be available for all Divisions to view, order and run management reports prior to the start of the contract.

The County at its sole discretion will determine whether to enact the plan in total, or in pieces. Should the County accept the plan, it will be the sole responsibility of the successful supplier to manage and maintain the inventory plan. The County will be responsible for determining the type and quantity of inventory to stock.
- f) Submit all invoices to the County with the following information clearly labeled: purchase order number, delivery location, part name and number, unit of measure and quantity, manufacturer suggested retail price (MSRP), discount applied to the part(s), unit price (MSRP - discount), and extended price.

Pricing

1. A representative list of items with list price and discount to the County was provided by the Contractor from pages 66-254 of Proposal which is incorporated herein by reference. This price list is not inclusive of all parts that will be purchased under this contract. The Contractor shall provide the Ferguson Stocked Product Price List, hereinafter "List", which includes the discount off list pricing sorted by manufacturer. This List shall be updated as needed. Pricing under this contract not only encompasses the items on the RFP response and the List, but gives the County access to all products from any manufacturer on the List with a published list price at the same discounted rate as the RFP and List items. The List shall be provided to the County and Finance in the form of an Excel spreadsheet, however, upon the request of the County, the Contractor will provide the List in CD or other acceptable format, including integration with the SAP financial system. In addition, a 1% discount will be provided if paid in 30 days or 2% if paid in 7 days.
2. Updates, revisions and/or modifications to the list may include, but not be limited to: addition or deletion of items. Additionally, any part or Specialty item that is not included in the List, or from any manufacturer on the List, hereinafter "Unlisted Items", shall be available from the Contractor for purchase by the County upon satisfactory negotiation of price between the County contract manager and the Contractor. Generally, these Unlisted Items shall be sourced by the Contractor and provided to the County at cost plus a ten percent (10%) service charge. Freight shall be FOB Destination. The Contractor may add any Unlisted Parts to the List in order to accommodate future purchases by the County. Additionally, the Contractor shall add Unlisted Items to the list upon the request of the County Contract Manager. Once an Unlisted Item is added to the List, the pricing shall be fixed at a mutually negotiated annual price and reviewed at the end of that year for price adjustments if necessary.
3. For commodity type items, such as piping, stainless steel, HDPE and other commodity based items and products that do not have a list price, the Contractor shall provide then-current pricing to the County for ordering purposes. Upon approval of the pricing provided at that time, the County will order the material.
4. For large quantity purchases, the County reserves the right to separately negotiate a more substantial pricing discount with the Contractor, which shall not necessarily affect the pricing on the List.
5. The County shall pay the Contractor for the performance of this Agreement for units ordered and furnished.

Direct Material Purchases:

This contract may also be used to purchase supplies and parts for capital projects as direct material purchases, after an evaluation of the cost benefit. The County, at its sole option, may choose to purchase some or all of the goods and/or materials directly from suppliers, including manufacturers or distributors in accordance with the County Direct Material Purchase procedure in effect at the time. In that instance the County may require the following information from the Contractor:

1. Specifications relating to goods and/or materials required for job including brand and/or model number or type if applicable
2. Pricing and availability of goods and/or materials provided under Contractor's agreements with material suppliers

The Contractor shall provide a negotiated cost for these purchases to the County, and the County shall issue a Purchase Order directly to the supplier, manufacturer or distributor to save sales tax.
