This Contract is made and entered into on the date appearing on the last page hereof, between THE CITY OF DAYTONA BEACH, Volusia County, Florida, a municipal corporation, created and existing under the laws of the State of Florida, hereinafter referred to as the CITY, and **BOYLE ENGINEERING CORPORATION**, a Florida Corporation, authorized by the Florida Department of State to conduct business in the State of Florida, hereinafter referred to as the CONSULTANT.

WHEREAS, the CITY intends to obtain professional engineering services as defined in the Request for Qualifications attached as Exhibit A.

WHEREAS, the CITY desires the services, as defined in the Request for Qualifications and the negotiated Scope of Services, to be obtained in accordance with all local, State and Federal laws, any foundation grants received, the Florida Administrative Code, and CITY purchasing requirements, and

WHEREAS, the CITY has duly advertised for proposals from consultants desiring to provide such services; and

WHEREAS, the CITY'S Selection Committee has recommended that the CITY enter into negotiations with the CONSULTANT for purposes of securing a contract for engineering services; and

WHEREAS, negotiations ensued between the CITY and the CONSULTANT, and an agreement has been reached for a Contract for Professional Engineering Services subject to final approval by the City Commission and by the City Attorney as to legal form.

WITNESSETH, that in consideration of the mutual covenants herein contained, the parties hereto agree as follows:

**ARTICLE I – Definition of Understanding:** This Contract and all subsequent Work Authorizations define all items of responsibility and are the basis of understanding between the parties. No oral understanding or agreement exists for performing the Scope of Services as set forth herein.

**ARTICLE II –Scope of Services:** The Scope of Services to be provided by the CONSULTANT is defined in the Request for Qualifications attached hereto (Exhibit A).

**ARTICLE III – Work Authorizations:** Specific Work Authorizations, as deemed necessary by the CITY may be issued in accordance with the terms of this Contract. Work Authorizations shall be clearly described, subject to negotiation between the CITY and the CONSULTANT, and approved by the City Commission, the City Manager, or his designee using the format attached as Exhibit B, "Work Authorization".

**Changes to Work Authorizations:** Work Authorizations may be modified from time to time to provide for additional services, deletions of service, or redefinitions of services within the Scope of Services, by written Contract amendment, as deemed necessary by the CITY. All such modifications as to services, schedules, and fees for Contract amendments shall be clearly described, subject to negotiation between the CITY and the CONSULTANT, and approved by the CITY.

**ARTICLE IV – CITY'S Responsibilities:** The CITY agrees to make available for review and use by the CONSULTANT, reports, studies, and data relating to the project. The CITY will establish a project management team to meet periodically with the CONSULTANT to facilitate coordination and ensure expeditious review of work product.

**ARTICLE V – Compensation:** Compensation for the specific services to be provided are identified and defined in Work Authorizations and represent the total compensation for all services, equipment and work products to be provided by the CONSULTANT for the Work Authorization.

Fees for Work Authorizations can be either Lump Sum, or Hourly Rate with a Budget Estimate, whichever is approved.

**Lump Sum:**

A Lump Sum fee constitutes the total cost for the work performed pursuant to a Work Authorization, and will be negotiated prior to the start of CONSULTANT'S services, generally with an allowance for reimbursable expenses associated with the work. Prior to finalizing the negotiation of a Lump Sum fee, CONSULTANT shall provide the CITY with a detailed breakdown of man-hours by task and discipline used in preparing the proposed Lump Sum.

CONSULTANT Services may be performed on an hourly basis with a budget estimate in accordance with the Fee Schedule attached as Exhibit C. Reimbursable expenses associated with the Work Authorization shall be invoiced to the CITY at the actual cost incurred by the CONSULTANT. The not-to-exceed budget estimate shall be negotiated prior to the

CONSULTANT agrees that the hourly rates used to determine charges for employees rendering services to the CITY pursuant to the Work Authorization shall not exceed the hourly rates shown in the schedule attached hereto as Exhibit C throughout the duration of the Work. The rates listed in the schedule shown in Exhibit C may be modified to compensate for CONSULTANT'S salary adjustments for subsequent Work Authorizations as approved by the CITY.

**SUB-CONSULTANT(S):**

The cost of services and reimbursable expenses for SUB-CONSULTANT(s) required for a Work Authorization and employed by the CONSULTANT shall be negotiated as an element of the Lump Sum fee for the Work Authorization. All such SUB-CONSULTANT(s) proposed shall be named by the CONSULTANT at the time the Lump Sum fee is negotiated. No other SUB-CONSULTANT(s) shall be used on the Work Authorization unless and until approved by the CITY. Nothing contained herein shall be deemed to preclude the CITY from contracting for the services of SUB-CONSULTANT(s) directly with the provider of such services.

When SUB-CONSULTANT(s) are engaged for an Hourly Rate with a budget estimate, the CONSULTANT will invoice the CITY for the work provided by the SUB-CONSULTANT at the actual fee invoiced by the SUB-CONSULATANT.

**ARTICLE VI – Method of Payment:** The CONSULTANT shall invoice the CITY no greater than once monthly and such invoices shall contain a Progress Certification Statement. ### **Scope of Services:**

The City is intending to engage one or more Consultants to design pumping stations for the purpose of maintaining, upgrading, expanding, and planning for future growth of the City's water and sewer systems. Consultants shall be knowledgeable in permitting requirements of local, state, and federal agencies. There may be related coordination of certain additional services, dependent on specific project needs. These additional services may include landscape architecture design, surveying, structural engineering, traffic engineering, geotechnical engineering and environmental services.

Each project will be negotiated at the time of the development of the specific scope of work. The duration of the continuing services Contract is not limited except that the Contract contains a termination clause.

The consultant(s) will work closely with the City's Utilities Department with possible coordination with other City Departments depending on the nature and location of the project. As the need for assistance with a pumping station project arises the Consultant will be asked for a fee proposal for a specific work assignment. A Work Authorization Agreement will be prepared for acceptance and confirmation by the City Commission upon acceptance of a mutually acceptable scope of services, schedule, and fee proposal.
