8. School Contractor Certification

Contractor acknowledges that this Contract may require Contractor, Contractor's employees, subcontractors, or other persons within Contractor's control to have direct contact with Stafford County Public School students on school property during regular school hours or during school-sponsored activities. As evidenced by the Contractor's authorized signature on this document, Contractor hereby certifies to the School Board that all persons who will provide such services for or on behalf of the Contractor on public school property have not been convicted of any violent felony set forth in the definition of barrier crime in subsection A of Section 19.2-392.02 of the Code of Virginia; any offense involving the sexual molestation, physical, or sexual abuse or rape of a child; or any crime of moral turpitude.

Contractor further understands and acknowledges (1) that if Contractor makes a materially false statement regarding any of the above offenses, Contractor will be guilty of a Class 1 misdemeanor, and upon conviction, the fact of such conviction is grounds for the revocation of this Agreement and, when relevant, the revocation of any license required to provide such services and (2) that before any person is permitted to provide such services subsequent to this certification, Contractor must complete a new certification regarding such person.

9. Assignability of Contract.

It is mutually understood and agreed that the Contractor shall not assign, transfer, convey, sublet or otherwise dispose of his or her contractual duties to any other person, firm or corporation, without the previous written consent of the SCPS Purchasing Agent. If the Contractor desires to assign its right to payment of the Contract, Contractor shall notify the SCPS Purchasing Agent immediately, in writing, of such assignment of right to payment. In no case shall such assignment of contract relieve the Contractor from its obligations or change the terms of the Contract.

10. Non-Appropriation of Funds.

Any obligation of SCPS to pay compensation due to the Contractor pursuant to the Contract are subject to appropriations by the School Board of Stafford County to satisfy payment of such obligations. SCPS will provide Contractor with written notice of non-appropriation of funds 30 days after action is completed by the School Board of Stafford County, but failure to give such notice shall be of no effect and SCPS shall not be obligated under the Contract beyond the date of termination specified in SCPS's written notice.

Contractor must submit an invoice for final payment within 30 days after completion and acceptance by SCPS of the services to be performed or after SCPS's acceptance of the goods or services, whichever is applicable.
- (C) Contractor shall submit a completed W-9 form with the signed contract. SCPS requires this information prior to issuing task orders/purchase orders and payments the Contractor.

- (b) Notify SCPS and the subcontractor, in writing, of the Contractor's intention to withhold all or a part of the subcontractor's payment with the reason for nonpayment.

The Contractor is obligated to pay interest to the subcontractor on all amounts owed by the Contractor to the subcontractor that remain unpaid after seven days following receipt by the Contractor of payment from SCPS for work performed by the subcontractor under the Contract, except for amounts withheld as allowed in subparagraph (b), above. Unless otherwise provided under the terms of the Contract, interest shall accrue at the rate of one percent per month.

The Contractor shall include in each of its subcontracts, if any are permitted, a provision requiring each subcontractor to include or otherwise be subject to the same payment and interest requirements with respect to each lower-tier subcontractor. The Contractor's obligation to pay an interest charge to a subcontractor pursuant to this paragraph may not be construed to be an obligation of SCPS. A cost reimbursement claim may not include any amount for reimbursement for such interest charge.

All Contractors, if a proprietorships, partnerships, and/or corporations, shall provide SCPS with its federal employer identification number, or if an individual contractor, their social security number.

21. Contractor Status.

The Contractor is an independent contractor and neither the Contractor nor its employees or subcontractors will, under any circumstances, be considered employees, servants, partners, or agents of SCPS except for such purposes as may be specifically enumerated herein, nor shall anything contained in the Contract be construed to create any partnership or joint venture between the parties. The Contractor is

solely responsible for the employment, selection, management, and supervision of its own participants and for ensuring that its participants abide by all applicable rules for security, safety and general conduct. The Contractor shall maintain exclusive control over its operations. SCPS will not provide to the Contractor any insurance coverage or other benefits, including workers' compensation, normally provided by SCPS for its employees.

22. General Warranty.

The Contractor agrees to:

- (a) Save SCPS, its agents and employees harmless from liability of any nature or kind for the use of any copyrighted or uncopyrighted composition; secret process, patented or unpatented; invention; article or appliance furnished or used in the performance of a contract for which the Contractor is not the patentee, assignee, licensee or owner.
- (b) Warrant that when the Contract includes a software license, or use of licensed software, the Contractor is the owner of the Software or otherwise has the right to grant to SCPS the license to use the Software granted through the Contract without violating or infringing any law, rule, regulation, copyright, patent, trade secret or other proprietary right of any third party.
- (c) Protect SCPS against latent defective material or workmanship and to repair or replace any damages or marring occasioned in transit or delivery.

- (a) Furnish services described in the solicitation and resultant contract at the times and places and in the manner and subject to conditions of those documents provided that SCPS may reduce the said services at any time.

- (d) Allow services to be inspected or reviewed by Department staff at any reasonable time and place selected by SCPS. SCPS is under no obligation to compensate Contractor for any services not rendered in strict conformity with the contract.
- (e) Stipulate that the presence of a Department staff shall not lessen the obligation of the Contractor for performance in accordance with the contract requirements, or be deemed a defense on the part of the Contractor for infraction thereof. Department staff are not authorized to revoke, alter, enlarge, relax, or release any of the requirements of the Contract Documents. Any omission or failure on the part of the Department staff to disapprove or reject any work or material shall not be construed to be an acceptance of any such defective work or material. Notification of an omission or failure will be documented by the SCPS Purchasing Agent.

24. Insurance.

(a) In addition to any other forms of insurance for bonds required in the Contract Documents, the Contractor shall provide and maintain the following insurance.

- (i) **Workers' Compensation and Employer's Liability:** Workers' Compensation insurance in accordance with statutory requirements, and Employer's Liability insurance in limits of not less

than \$500,000 (each employee) or a maximum limit of \$1,000,000, to protect the Contractor from any liability or damages for any injuries (including death and disability) to any and all of its employees, including any and all liability or damage which may arise by virtue of any statute or law in force within the Commonwealth of Virginia.

(ii) **Automobile Liability:** A minimum of \$2,000,000 combined single limit for each occurrence for property damage liability and bodily injury liability including death in Automobile Liability coverage. The policy shall cover all persons involved, at any time, and arising out of the ownership, maintenance, or use of owned, non-owned, borrowed, leased, rented, or hired automobiles. In addition, all mobile equipment used by the Contractor in connection with the contracted work, will be insured under a standard Automobile Liability policy. The Garage Keeper's Liability coverage shall also be maintained where appropriate.

(iii) **Comprehensive General Liability:** Comprehensive General Liability insurance at a minimum \$1,000,000 per occurrence, written on an occurrence basis, including ongoing and completed contractual liability; and \$2,000,000 general aggregate. In addition, Comprehensive General Liability policy shall include a per project aggregate endorsement. Completed project aggregate endorsement shall continue in force for three years following completion of the Contract.

(b) Additional insurance provisions that apply to all Contracts include:

(i) Additional Insured: The School Board of Stafford County, its officers, employees, agents, and volunteers shall be named as Additional Insured on the Automobile and Comprehensive General Liability coverage listed above, and it shall be stated on the Insurance Certificate that this coverage "is primary and non-contributory to all other coverage SCPS may possess."

(ii) Liability Insurance "Claims Made" basis: If the liability insurance purchased by the Contractor has been issued on a "claims made" basis, the contractor must comply with the following additional conditions. The limit of liability and the extensions to be included as described previously in these provisions, remain the same. The Contractor must either:

1. Agree to provide certificates of insurance evidencing the above coverage for a period of two years after final payment for the contract. This certificate shall evidence a "retroactive date" no later than the beginning of the contractor's or sub contractor's work under the Contract, or
2. Purchase the extended reporting period endorsement for the policy or policies in force during the term of the Contract and evidence the purchase of this extended reporting period endorsement by means of a certificate of insurance or a copy of the endorsement itself.

(iii) Excess or Umbrella Liability Policy: Liability insurance may be arranged by Comprehensive General Liability and Automobile Liability policies for the full limits required, or by a combination of underlying liability policies for lesser limits with the remaining limits provided by an Excess or Umbrella Liability policy.

(d) All Contractors shall provide shall provide thirty days (30) notice of cancellation of any insurance policy. Each of the policies shall include a waiver of subrogation against SCPS, its officers, employees, agents and volunteers.

(e) The insurance specified herein shall be with an insurance company acceptable to the parties hereto and licensed to do business in the Commonwealth of Virginia. All insurance must be obtained before any work is commenced and kept in effect until its completion. If any of the work is sublet, similar insurance shall be obtained by or on behalf of the subcontractor to cover their operation.

(f) Current insurance certificates documenting compliance with these coverage requirements shall be provided to SCPS Purchasing Agent prior to the award of any Contract.

25. Indemnification.

(a) General Indemnification. Contractor must indemnify, keep and save harmless, and defend SCPS, its agents, officials, employees, and volunteers against Claims that may accrue or arise against SCPS as a

result of the granting a contract, if the Claim was caused by the negligence or error, or omission of the Contractor, its employees, its subcontractor, or its subcontractor's employees. As used in this Paragraph 25, a Claim includes: injuries, death, damage to property, breach of data security, suits, liabilities, judgments, or costs and expenses. Upon request by SCPS, the Contractor must at its own expense: appear, defend, and pay all attorney's fees and all costs and other expenses related to the Claim. If, related to a Claim, any judgment is rendered against SCPS or a settlement reached that requires SCPS to pay money, the Contractor must at its own expense satisfy and discharge the same. Contractor expressly understands and agrees that any performance bond or insurance protection required by this Contract, or otherwise provided by the Contractor, does not limit the Contractor's responsibility to indemnify, keep and save harmless, and defend SCPS as provided in this Contract.

(b) Intellectual Property Indemnification. In addition to the General Indemnification, Contractor will indemnify SCPS for and defend SCPS against third-party claims for infringement of any valid United States patent, trademark or copyright by the Contractor's products, software, services, or deliverables. Contractor must indemnify SCPS for any loss, damage, expense or liability, including costs and reasonable attorney's fees that may result by reason of any such claim. In the event of a claim covered by this subparagraph, and in addition to all other obligations of Contractor in this Paragraph 25, Contractor must at its expense and within a reasonable time: (a) obtain a right for SCPS to continue using such products and software, or allow Contractor to continue performing the Services; (b) modify such products, software, services or deliverables to make them non-infringing; or (c) replace such products or software with a non-infringing equivalent. If, in the Contractor's reasonable opinion, none of the foregoing options is feasible Contractor must immediately notify SCPS and accept the return of the products, software, services, or deliverables, along with any other components rendered unusable as a result of the infringement or claimed infringement, and refund to SCPS the price paid to Contractor for such components as well as any pre-paid fees for the allegedly infringing services, including license, subscription fees, or both. Nothing this paragraph, however, relieves the Contractor of liability to SCPS for damages sustained by SCPS by virtue of any breach of contract related to a third-party infringement claim.

(c) Right to Participate in Defense. SCPS may, at its sole expense, participate in the defense or resolution of a Claim. Contractor will have primary control of the defense and resolution of the Claim, except when such defense or resolution requires SCPS to (i) admit liability or wrongdoing; or (ii) to pay money. In either of these cases Contractor must obtain SCPS's prior written consent before entering into such settlement or resolution.

(d) No Indemnification by SCPS. The parties agree that under applicable law SCPS cannot indemnify or defend the Contractor. To the extent any promise or term contained in this Contract, including any exhibits, attachments, or other documents incorporated by reference therein, includes an indemnification or obligation to defend by SCPS, that promise or term is stricken from this Contract and of no effect. Further, the School Board cannot lawfully enter into an indemnification or hold harmless provision or agreement to arbitrate. Accordingly, any provision in the Agreement purporting to require the School Board to indemnify or hold harmless Contractor for any act of omission or to enter into binding arbitration shall not have any effect or be enforceable against the School Board. This Agreement satisfies all notice requirements as required by the Contract Documents owed by School Board to Contractor that it is opting out of arbitration and alternative dispute resolution processes. Further this Agreement serves as notice that School Board does not wish to resolve disputes utilizing arbitration or any other alternative dispute resolution process. Under no circumstances does School Board waive applicable statutes of limitations, legal or equitable remedies, or its right to a jury trial to resolve a legal dispute filed in a court of competent jurisdiction. In addition, School Board is under no obligation to abide by any alternative dispute resolution provisions once the Contract is terminated.

26. Disputes.

Any dispute concerning a question of fact as a result of the Contract shall be decided by a duly authorized representative of SCPS, who shall render his/her decision in writing and mail or otherwise forward a copy to the Contractor within 90 days of the receipt of the claim. The decision of the duly authorized representative of SCPS, or designee, shall be final and conclusive unless the Contractor appeals the decision as provided in the Code of Virginia (1950, as amended). The Contractor may not institute a legal action, prior to receipt of SCPS's decision on the claim, unless the duly authorized representative of SCPS fails to render such a decision within the time specified.

The Contractor's contractual claims, whether for money or other relief, shall be submitted in writing to the SCPS Purchasing Agent, or designee, no later than 60 days after the final payment; however, written notice of the Contractor's intention to file such a claim shall have been given at the time of the occurrence or beginning of the work upon which claim is based. Nothing herein shall preclude the Contractor from submission of an invoice for final payment within a certain amount of time after completion and acceptance of the Goods and Services. Pendency of claims shall not delay payment of amounts agreed due in the invoice for final payment.

27. Governing Law, Venue, Jurisdiction.

The Contract and its terms, including but not limited to, the parties' obligations, the performance due, and the remedies available to each party, are governed, construed, and interpreted in accordance with the laws of the Commonwealth of Virginia. Any jurisdiction's choice of law, conflicts of laws, rules, or provisions that would cause the application of any laws other than those of the Commonwealth of Virginia do not apply. Any and all disputes, claims, and causes of action arising out of or in any way connected with the Contract or its performance must be brought in the applicable court of Stafford, or in the United States District Court for the Eastern District of Virginia, Alexandria Division.

28. Entire Agreement.

The Contract Documents set forth the entire agreement between SCPS and the Contractor. The SCPS and the Contractor agree that no representative or agent of either of them has made any representation or promise with respect to the parties' agreement which is not contained in the Contract Documents. Neither this Standard Contract nor any of the other Contract Documents may be amended unless in writing, signed by the duly authorized representatives of the parties hereto.

Termination of the contract for cause does not relieve the contractor of liability to SCPS for damages sustained by SCPS by virtue of any breach of contract by the contractor until such time as the exact amount of damages due to SCPS from the contractor is determined.

- A. All goods shall be delivered FOB Destination to the SCPS Department, at the time and place specified in the contract documents. Unless otherwise specified in the solicitation each case,

container, package, etc., delivered under the contract must be plainly marked, stating the contractor's name, purchase order number, and delivery address as indicated in the order. No deliveries will be accepted on Saturdays, Sundays and holidays, unless previous arrangements have been made.

- B. In case any items are defective in material or workmanship or otherwise not in conformity with the requirements of the contract, SCPS shall have the right either to reject them (with or without instructions as to their disposition) or to require their correction.
- C. Items which have been rejected or required to be corrected shall be removed or, if permitted or required by the Procurement Officer, corrected in place by and at the expense of the contractor promptly after notice, and shall not thereafter be tendered for acceptance unless the former rejection or requirement of correction is disclosed.
- D. If the contractor fails promptly to remove such items which are required to be removed or promptly to replace or correct such items, SCPS may either (i) by contract amendment or otherwise, replace or correct such items and contractor shall reimburse SCPS, within a reasonable time specified by the Procurement Officer, for any reasonable expense incurred in excess of the contract prices; or terminate the contract for default as provided below.
- E. Unless the contractor corrects or replaces such items within the delivery schedule, the Procurement Officer may require the delivery of such items at a reduction in price, which is equitable under the circumstances.
- F. Acceptance or rejection of the goods shall be made as promptly as practicable after delivery, except as otherwise provided in the contract; but failure to inspect and accept or reject goods shall neither relieve the contractor from responsibility for such goods as are not in accordance with the contract requirements nor impose liability on SCPS. The inspection and test by SCPS of the goods does not relieve the contractor from any responsibility regarding defects or other failures to meet the contract requirements which may be discovered prior to acceptance.

7j. SUBLETTING OF CONTRACT OR ASSIGNMENT OF CONTRACT FUNDS. It is mutually understood and agreed that the contractor shall not assign, transfer, convey, sublet or otherwise dispose of his or her contractual duties to any other person, firm or corporation, without the previous written consent of the Procurement Officer. In no case shall such assignment of contract relieve the contractor from its obligations or change the terms of the contract.

7k. PAYMENTS TO SUBCONTRACTORS.

- A. The contractor is obligated to take one of the two following actions within seven days after receipt of amounts paid to the contractor by SCPS for work performed by any subcontractor under the contract:
 - a. Pay the subcontractor for the proportionate share of the total payment received from SCPS attributable to the work performed by the subcontractor under the Contract; or
 - b. Notify SCPS and the subcontractor, in writing, of the contractor's intention to withhold all or a part of the subcontractor's payment with the reason for nonpayment.
- B. The contractor is obligated to pay interest to the subcontractor on all amounts owed by the contractor to the subcontractor that remain unpaid after seven days following receipt by the contractor of payment from SCPS for work performed by the subcontractor under the contract, except for amounts withheld as allowed in subparagraph b, above. Unless otherwise provided under the terms of the contract, interest shall accrue at the rate of one percent per month.
- C. The contractor shall include in each of its subcontracts, if any are permitted, a provision requiring each subcontractor to include or otherwise be subject to the same payment and interest requirements with respect to each lower-tier subcontractor. The contractor's obligation to pay an interest charge to a subcontractor pursuant to this paragraph may not be construed to

be an obligation of SCPS. A contract modification may not be made for the purpose of providing reimbursement for such interest charge. A cost reimbursement claim may not include any amount for reimbursement for such interest charge.

- D. All contractors, if a proprietorships, partnerships, and/or corporations, shall provide SCPS with its federal employer identification number, or if an individual contractor, their social security number.

7l. AUDIT OF RECORDS. The parties agree that SCPS or its agent must have access to and the right to examine any books, documents, papers, and records of the contractor involving transactions related to the contract or compliance with any clauses thereunder, for a period of five (5) years after final payment. The contractor must include this requirement in all subcontracts related to the contract.

7m. GENERAL GUARANTY. Contractor agrees to:

- A. Save SCPS, its agents and employees harmless from liability of any nature or kind for the use of any copyrighted or un-copyrighted composition; secret process, patented or unpatented; invention; article or appliance furnished or used in the performance of a contract for which the contractor is not the patentee, assignee, licensee or owner.
- B. Protect SCPS against latent defective material or workmanship and to repair or replace any damages or marring occasioned in transit or delivery.
- C. Furnish adequate protection against damage to all work and to repair damages of any kind to the building or equipment, to his or her own work or to the work of other contractors, for which his or her workers are responsible.
- D. Pay for all necessary permits, licenses and fees and give all notices and comply with all laws, ordinances, rules, regulations, and policies of SCPS.
- E. Protect SCPS from loss or damage any SCPS-owned property while it is in the custody of the contractor.

7n. SERVICE CONTRACT GUARANTY. Contractor agrees to:

- A. Furnish services described in the solicitation and resultant contract at the times and places and in the manner and subject to conditions of those documents provided that SCPS may reduce the said services at any time.
- B. Enter upon the performance of services with all due diligence and dispatch, assiduously press to its complete performance, and exercise therein the highest degree of skill and competence.
- C. All work and services rendered in strict conformance to all laws, statues, and ordinances and the applicable government rules, regulations, methods, and procedures.
- D. Allow services to be inspected or reviewed by an employee of SCPS at any reasonable time and place selected by SCPS. SCPS is under no obligation to compensate Contractor for any services not rendered in strict conformity with the contract.
- E. Stipulate that the presence of SCPS staff shall not lessen the obligation of the contractor for performance in accordance with the contract requirements, or be deemed a defense on the part of the contractor for infraction thereof. SCPS staff are not authorized to revoke, alter, enlarge, relax, or release any of the requirements of the contract documents. Any omission or failure on the part of the staff to disapprove or reject any work or material shall not be construed to be an acceptance of any such defective work or material. Notification of an omission or failure will be documented by the Procurement Officer.

7o. INDEMNIFICATION.

- A. General Indemnification. Contractor must indemnify, keep and save harmless, and defend SCPS, its agents, officials, employees and volunteers against claims that may accrue or arise against SCPS as a result of the granting a contract, if the claim was caused by the negligence or error, or omission of the contractor, its employees, its subcontractor, or its subcontractor's employees. As used in this section, a claim includes: injuries, death, damage to property, breach of data security, suits, liabilities, judgments, or costs and expenses. Upon request by

SCPS, the contractor must at its own expense: appear, defend, and pay all attorney's fees and all costs and other expenses related to the claim. If, related to a claim, any judgment is rendered against SCPS or a settlement reached that requires SCPS to pay money, the contractor must at its own expense satisfy and discharge the same. Contractor expressly understands and agrees that any performance bond or insurance protection required by this Contract, or otherwise provided by the contractor, does not limit the contractor's responsibility to indemnify, keep and save harmless, and defend SCPS as provided in this contract.

- B. **Right to Participate in Defense.** SCPS may, at its sole expense, participate in the defense or resolution of a Claim. Contractor will have primary control of the defense and resolution of the claim, except when such defense or resolution requires SCPS to (i) admit liability or wrongdoing; or (ii) to pay money. In either of these cases contractor must obtain SCPS's prior written consent before entering into such settlement or resolution.
- C. **No Indemnification by SCPS.** The parties agree that under applicable law SCPS cannot indemnify or defend the contractor. To the extent any promise or term contained in this contract, including any exhibits, attachments, or other documents incorporated by reference therein, includes an indemnification or obligation to defend by SCPS, that promise or term is stricken from this contract and of no effect.

7p. CONTRACTOR STATUS. The contractor is an independent contractor and neither the contractor nor its employees or subcontractors will, under any circumstances, be considered employees, servants, partners, or agents of SCPS except for such purposes as may be specifically enumerated herein, nor shall anything contained in the contract be construed to create any partnership or joint venture between the parties. The contractor is solely responsible for the employment, selection, management, and supervision of its own participants and for ensuring that its participants abide by all applicable rules for security, safety and general conduct. The contractor shall maintain exclusive control over its operations. SCPS will not provide to the contractor any insurance coverage or other benefits, including workers' compensation, normally provided by SCPS for its employees.

7q. NON-DISCRIMINATION. During the performance of this contract, the contractor agrees as follows:

- A. The contractor will not discriminate against any employee or applicant for employment because of race, religion, color, sex, national origin, age, disability, or other basis prohibited by state law relating to discrimination in employment, except where there is a bona fide occupational qualification reasonably necessary to the normal operation of the contractor. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this non-discrimination clause.
- B. The contractor, in all solicitations or advertisements for employees placed by or on behalf of the contractor, will state that such contractor is an equal opportunity employer.
- C. Notices, advertisements and solicitations placed in accordance with federal law, rule or regulation shall be deemed sufficient for the purpose of meeting the requirements of this section.
- D. The contractor will include the provisions of the foregoing paragraphs A, B, and C above in every subcontract or purchase order of over \$10,000 so that the provisions will be binding upon each subcontractor or vendor.

7r. DRUG FREE WORKPLACE. During the performance of a contract, the contractor agrees to (i) provide a drug-free workplace for the contractor's employees; (ii) post in conspicuous places, available to employees and applicants for employment, a statement notifying employees that the unlawful manufacture, sale, distribution, dispensation, possession, or use of a controlled substance or marijuana is prohibited in the contractor's workplace and specifying the actions that will be taken against employees for violations of such prohibition; (iii) state in all solicitations or advertisements for employees placed by or on behalf of the contractor that the contractor maintains a drug-free

workplace; and (iv) include the provisions of the foregoing clauses in every subcontract of over \$10,000, so that the provisions will be binding upon each subcontractor or vendor. For the purposes of this section, "drug-free workplace" means a site for the performance of work done in conjunction with a specific contract awarded to a contractor in accordance with this section, the employees of whom are prohibited from engaging in the unlawful manufacture, sale, distribution, dispensation, possession or use of any controlled substance or marijuana during the performance of the contract.

- 7s. IMMIGRATION REFORM AND CONTROL ACT.** Contractor agrees that it does not, and shall not during the performance of the contract for goods and services in the Commonwealth knowingly employ an unauthorized alien as defined in the Federal Immigration Reform and Control Act of 1986.
- 7t. CONTRACT ALTERATIONS:** The contract documents set forth the entire agreement between SCPS and the contractor. SCPS and the contractor agree that no representative or agent of either of them has made any representation or promise with respect to the parties' agreement which is not contained in the contract documents. No contract document may be amended unless in writing, signed by the parties hereto.
- 7u. CONTRACTUAL DISPUTES.**
- A. Any dispute concerning a question of fact as a result of the contract shall be decided by the Assistant Superintendent of Finance and Administration, or designee, who shall render his/her decision in writing and mail or otherwise forward a copy to the contractor within 90 days of the receipt of the claim. The decision of the Assistant Superintendent of Finance and Administration, or designee, shall be final and conclusive unless the contractor appeals the decision as provided in the Code of Virginia (1950, as amended). The contractor may not institute a legal action, prior to receipt of the Assistant Superintendent of Finance and Administration's or his/her designee, decision on the claim, unless the Assistant Superintendent of Finance and Administration, or designee, fails to render such a decision within the time specified.
 - B. The contractor's contractual claims, whether for money or other relief, shall be submitted in writing to the Superintendent, or designee, no later than 60 days after the final payment; however, written notice of the contractor's intention to file such a claim shall have been given at the time of the occurrence or beginning of the work upon which claim is based. Nothing herein shall preclude the contractor from submission of an invoice for final payment within a certain amount of time after completion and acceptance of the goods and/or services. Pendency of claims shall not delay payment of amounts agreed due in the invoice for final payment.
- 7v. LEGAL ACTION.** No offeror or potential offeror, or contractor shall institute any legal action until all statutory requirements have been met.
- 7w. JURISDICTION AND VENUE.** This contract and its terms, including but not limited to, the parties' obligations, the performance due, and the remedies available to each party, are governed, construed, and interpreted in accordance with the laws of the Commonwealth of Virginia. Any jurisdiction's choice of law, conflicts of laws, rules, or provisions that would cause the application of any laws other than those of the Commonwealth of Virginia do not apply. Any and all disputes, claims, and causes of action arising out of or in any way connected with this contract or its performance must be brought in the applicable court of Stafford County, or in the United States District Court for the Eastern District of Virginia, Alexandria Division.
